Secret Of High Eldersham:

The Secret of High Eldersham Miles Burton, 2025-09-03 In a lonely East Anglian parish the village pub becomes a crime scene after closing time The victim is a newcomer with few friends and fewer allies among tight knit locals who distrust outsiders A Yard inspector is sent to sort fact from old stories only to find doors closed tales practiced and a run of bad luck that seems to follow anyone not born there When odd traces suggest a carefully planned entry and exit the case turns from a simple stabbing to a problem of timing access and motive Clues point to river landings night roads and gatherings best not seen A civilian expert is asked to follow threads the police cannot pull testing stories customs and loyalties As signs mount garden paths trodden at strange hours tools out of place a blade no kitchen should hold the pattern hints at a hidden circle linking farm church and manor Rival answers emerge smuggling routes masked by legend or older practices revived under cover of darkness Before the showdown they must decide how much is superstition and how much is design and whether the truth lies in modern vice or in rites kept alive by silence In a place where the river narrows and gossip travels faster than law exposing the bond behind the crime may prove more dangerous than the crime itself **The Secret of High Eldersham**
