The Three Pillars Barbara J. Sivertsen, 2010-05-10 The Three Pillars How Family Politics Shaped the Earliest Church and the Gospel of Mark examines how family relationships played a key role in the earliest Christian church By disentangling the two disparate genealogies of Jesus the author reconstructs the families of Joseph and Mary Presented here for the first time is the full ancestry of Jesus mother Mary who was descended from the anti Hasmonian high priest Alcimus The author suggests that Mary and her daughter Mary played a hitherto unrecognized role in the church's earliest leadership struggle and that a composite of these two women not Mary Magdalene was the basis for the Gnostic Mary of later Christian works The author

next explores how this early leadership conflict shaped the Gospel of Mark which she argues was written by Peter's son. She discusses Mark's footprint in this Gospel and how Mark's resentment of the relatives of Jesus, his ambivalence toward his father and his anger at the disciples for ceding leadership to these relatives is at the heart of some of the most distinctive features of the Second Gospel, features that have perplexed biblical scholars and laymen for centuries. The last section examines the mysterious Beloved Disciple in the Gospel of John. The author concludes that the many unlikely elements in the account of the arrest and interrogation of Jesus can only be explained by seeing the Beloved Disciple as a close relative of the high priest Caiaphas and that this family relationship was crucial to the protection of the early Christians in Jerusalem. The book's final chapter offers reflections on how kinship played an important role in Jesus' ministry and how the high priestly leadership responded to him in part because of his family lineage.

The Apostolic Age in Patristic Thought Anthony Hilhorst, 2004-02-01 This volume deals with how Christians of the first centuries looked back on the period of the nascent Church. Thanks to the incomparable stature of its founder, Jesus Christ, who had descended from heaven and commissioned his Apostles, this period was authoritative for all Christians in matters of doctrine, institutions, rites, and morality, a new phenomenon in the Graeco-Roman world. Its implications are explored in sixteen essays dealing with various subjects such as liturgy, the canon of Scriptures, the role of miracles, art, monasticism, and ministry. All contributions take into account both the views of individual Church fathers and Gnostic and Manichaean texts, making a large amount of primary material available.

The Resurrection of Mary Magdalene Jane Schaberg, 2004-08-31 The controversy surrounding Dan Brown's novel *The Da Vinci Code* has intensified interest in Mary Magdalene, and Jane Schaberg provides an authoritative source for a deeper understanding and re-assessment of this popular figure. Within a progressive feminist framework, *The Resurrection of Mary Magdalene* approaches Christian Testament sources through analysis of legend, archaeology, and gnostic apocryphal traditions. This is the story of the suppression and distortion of a powerful woman leader. Schaberg presents Mary Magdalene as successor to Jesus in a challenging alternative to the Petrine primacy.

Secret Societies and Subversive Movements Nesta Helen Webster, 1928 **Secret Gospels** Marvin Meyer, 2003-02-01 Marvin Meyer is one of the leading experts on the secret gospels: Gospel of Thomas, Secret Gospel of Mark, and others, who has changed forever how we read the canonical gospels and understand early Christianity. In this new collection of his work, Meyer looks at these revolutionary texts in original and illuminating ways. He writes, for example, about the naked youths in the villa of the Mysteries. On the walls of a villa in Pompeii, a famous mural depicts a naked male reading from a scroll, a look of wonder on his face. A naked youth again appears in the Gospel of Mark, abandoning his garment and fleeing naked when apprehended during Jesus' arrest. A similar youth appears in the Secret Gospel of Mark. These youths, Meyer proposes, serve as an image of religious initiation candidates for the mysteries of Dionysus or of Christ. This is one of the many aspects of the secret gospels that Meyer examines with expert insight and creativity. Topics range from gender and infancy stories to discipleship and the relationship of the Gospel

of Thomas to Islamic literature Meyer's spellbinding readings of these materials offer fresh understandings of the canonical gospels Marvin Meyer is Griset Professor of Bible and Christian Studies and Director of the Albert Schweitzer Institute at Chapman University Orange California He is author of *The Secret Teachings of Jesus Four Gnostic Gospels* and *The Gospel of Thomas The Hidden Sayings of Jesus* and co editor of *Jesus Then and Now* Trinity Press International

An Introduction to Language in the Johannine Community David Kaczmarek, T.O.R., 2008-04-30 The Bible is probably the most enduring book in all of Western History yet modern day readers can easily forget that each book of the Bible is the product of inspired yet very human authorship This is particularly evident in the New Testament as inspired authors address the real needs of their communities through their work Biblical scholar Fr David Kaczmarek T O R examines how the authorship of the Gospel according to John using the evolving language concepts of their Christian community told the story of Jesus in unique fashion and responded to issues in the life of the local church

God's Best Secrets Andrew Murray, 1923

The Beloved Disciple James H. Charlesworth, 1995 The Gospel of John refers five

times to the disciple whom Jesus loved From the second through the present century scholars have sought to identify this disciple traditionally concluding that he is the author of the Gospel and is indeed none other than John the son of Zebedee In recent phases of research however the identification of the Beloved Disciple with John the son of Zebedee has been exposed as weak and unpersuasive Yet according to James Charlesworth even this new research is problematic in that it tends to ascribe priority in discerning the meaning of the Gospel of John to documents other than the Gospel itself Moreover this research tends to impute historical accuracy to documents that were not primarily intended to present histories Based on extensive research then Professor Charlesworth has concluded that the primary texts in the Gospel of John and the reflections of modern scholars indicate that any identification of the Beloved Disciple whether with one of the disciples specified in the Gospel with one who is anonymous in this Gospel or with some symbolic theme must provide credible answers to eight questions BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
