and postwar anomie in Abe's works is inseparable from the need to marshal these different scientific and literary voices. Christopher Bolton explores how this reconciliation of ideas and dialects is for Abe part of the process whereby texts and individuals form themselves a search for identity that must take place at the level of the self and society at large.

Chronicle of the Horse, 1990 **Subject Catalog** Library of Congress, 1981 *Subject Catalog*, 1979 Library of Congress, 1979 Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C. Library of Congress. Copyright Office, 1946 **A Dangerous Woman** Susan Ronald, 2018-02-20 A revealing biography of Florence Gould fabulously wealthy socialite and patron of the arts who hid a dark past as a Nazi collaborator in 1940's Paris. Born in turn of the century San Francisco to French parents, Florence moved to Paris at the age of eleven. Believing that only money brought respectability and happiness, she became the third wife of Frank Jay Gould, son of the railway millionaire Jay Gould. She guided Frank's millions into hotels and casinos, creating a luxury hotel and casino empire. She entertained Zelda and Scott Fitzgerald, Pablo Picasso, Joseph Kennedy, and many Hollywood stars like Charlie Chaplin who became her lover. While the party ended for most Americans after the Crash of 1929, Frank and Florence stayed on, fearing retribution by the IRS. During the Occupation, Florence took several German lovers and hosted a controversial Nazi salon. As the Allies closed in, the unscrupulous Florence became embroiled in a notorious money laundering operation for Hermann Göring's Aerobank. Yet after the war, not only did she avoid prosecution, but her vast fortune bought her respectability as a significant contributor to the Metropolitan Museum and New York University among many others. It also earned her friends like Estée Lauder who obligingly looked the other way. A seductive and utterly amoral woman who loved to say money doesn't care who owns it, Florence's life proved a strong argument that perhaps money can buy happiness after all. *The Vietnam War from the Other Side* Cheng Guan Ang, 2013-07-04 Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes. This book, based on extensive original research including Vietnamese, Chinese, and former Soviet sources, presents a history of the war from the perspective of the Vietnamese communists. It charts relations with Moscow and Beijing, showing how the involvement of the two major communist powers changed over time and how the Vietnamese, despite their huge dependence on the Chinese and the Soviets, were most definitely in charge of their own decision making. Overall, it provides an important corrective to the many one-sided studies of the war and presents a very interesting new perspective.

The Quartermaster Corps: Operations in the war against Germany, 1965 **A Village Boy** Eric Barton, 2005-04 Nayland is a small village on the Essex/Suffolk borders of England where Eric Barton was born and lived for many years. He describes life in the community from the 1920s to the 1970s. A valuable social history with several interesting photographs. *My Neighbor Is a Pigeon Spy* Hugo Bainbridge, Prepare yourself for a whirlwind of feathers, fur, and frankly unbelievable situations. This is not your average suburban drama. Oh no, my friends, this is something far, far more ridiculous. We begin our tale with Martha, a

woman whose life is as ordinary as a beige cardigan until a talking pigeon named Agent P bursts onto the scene Agent P it turns out is a spy a remarkably charming if slightly bossy spy with a penchant for cryptic messages delivered via strategically placed post it notes He needs Martha s help you see to thwart a sinister plot involving birdseed birdseed I tell you And not just any birdseed We re talking top shelf gourmet millet the kind that only the most discerning avian operative would demand Together they ll navigate a world of shadowy organizations led by surprisingly well organized squirrels double crossing doves and a never ending supply of increasingly absurd situations Will Martha uncover the truth Will Agent P ever receive his preferred brand of birdseed Will anyone ever truly understand what s going on Frankly I m not even sure But one thing s for certain you re in for one heck of a ride Buckle up buttercup It s going to be a bumpy one And possibly a bit feathery *The Weekly Review* ,1892
