*Secret Societies of America's Elite* Steven Sora, 2003-02-24 An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy current events and world history Reveals the enormous influence secret societies still have on contemporary American life Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes Elite and secret societies have always been a major force in the history of Western civilization The alliances formed in secret societies such as the Knights Templar the Knights of Christ and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America While these secret associations of merchants smugglers occultists gamblers spies and slavers succeeded in freeing the United States from foreign domination the dark side is that the elite used their secret connections to further their own wealth and power These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient From the Sons of Liberty and the Essex Junto to the Ku Klux Klan secret societies have played critical roles in building the fortunes of America s elite Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale s Skull Bones unite America s modern ruling families as strongly as Masonic Lodges once connected the Astors Livingstons and Roosevelts Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe

Mann,2006-01-23 Reveals the true nature of the secret science the Templars discovered in the Holy Land that was the key to their power Shows the cartographic knowledge that allowed the Templars to cross the Atlantic and establish settlements in the New World Explains the connection of the Templar meridians to the journey of Lewis and Clark Shows the role played by secret societies in the establishment of the United States The most enduring mystery surrounding the Templars concerns the nature and whereabouts of their great treasure Whereas many believe this lost treasure contains knowledge of the bloodline of Christ William F Mann shows that it actually consists of an ancient science developed before the Great Flood knowledge discovered by the Templars in the Holy Land during the Crusades and still extant today in Templar Masonic ritual Among other things this knowledge enabled the Order to establish accurate latitudinal and longitudinal positions long before the foundations of the current science were laid in the seventeenth century This allowed them to cross the Atlantic to reach the New World where they established secret settlements and mining operations that gave them a limitless supply of precious metals and a military edge over their opponents Pursued farther into the interior of the North American continent by their adversaries from the Old World the Templars left artifacts relics and information caches at key sites confident that future initiates could use their understanding of the science of meridians and ley lines to locate them The author points out that not only did future masons such as Jefferson and Washington use this science as the basis of their designs for Monticello and Washington D C but the true motive of the expedition of Lewis and Clark was to identify the meridians mapped by the Templars and to search for the final resting place of Prince Henry Sinclair where the great Templar treasure could also be found **The Knights Templar in the New World** William F. Mann,2004-03-03 Uses the principles of sacred geometry archaeological evidence and Native American legend to discover the site of a secret Templar settlement in Nova Scotia Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus but that he

also established a refuge there for the Templars fleeing persecution Shows that the Grail the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene was hidden in the New World In 1398 almost 100 years before Columbus arrived in the New World the Scottish prince Henry Sinclair Earl of Orkney sailed to what is today Nova Scotia where his presence was recorded by Micmac Indian legends about Glooskap This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century With evidence from archaeological sites indigenous legend and sacred geometry handed down by the Templar order to the Freemasons author William F Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World Here they found a safe refuge for the Grail the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene until the British exiled all the Acadians in 1755 **The Secret Legacy of Jesus** Jeffrey J. Bütz, 2009-12-21

Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother of Jesus the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul's desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival Jeffrey Bütz author of The Brother of Jesus and the Lost Teachings of Christianity reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In The Secret Legacy of Jesus Bütz demonstrates how this centuries old underground stream of Christ's original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but Bütz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world **The Secret Society of Moses** Flavio Barbiero, 2010-01-19 A radical reexamination of

Western history that suggests the descendants of Moses were the architects of the rise of the Roman Church and the ancestors of European aristocracy Answers the inexplicable disappearance of all mention of Moses's descendants from the Bible Reveals the key role played by Josephus Flavius in shaping early Christianity Explains the connection of this secret priesthood to modern secret societies like the Freemasons After the book of Exodus Moses's two sons and numerous descendants all vanish from the Bible Flavio Barbiero's investigation of this strange absence and his study of the centuries

long power struggle between the priestly families fighting for control of the Temple of Jerusalem starts with the rebellion against Rome and the emergence of Josephus Flavius one of Moses's descendants on the world stage In AD 70 when the Temple in Jerusalem was destroyed by Titus Flavius and thousands of Jewish priests were exterminated Josephus now bearing his sponsor's last name followed Titus Flavius to Rome with at least 250 relatives and friends Here they were made Roman citizens but then subsequently disappeared from recorded history Barbiero's careful study of early Christianity shows however that these surviving members of Moses's high priest lineage succeeded in taking control of the nascent Roman Church and masterminded its extraordinary success Using a wide range of evidence drawn from fields as disparate as archaeology heraldry and genetics Barbiero shows how these descendants of Moses used the cult of Mithras to eventually seize control of the secular Roman authority as well He then follows step by step the spread of the members of this secret priestly elite into what was to become the aristocracy of medieval Europe and how their influence continues to be felt in modern secret societies like Freemasonry
