Eucontamination Paul Hoard, Billie Hoard, 2025-07-25 For too long Christianity has been distorted by an overapplied purity disgust metaphor fueling exclusion reinforcing fear and enabling Christian Nationalism *Eucontamination* challenges this toxic framework arguing that Jesus did not retreat from impurity but transformed it This interdisciplinary work weaves together psychology psychoanalysis theology and sociology to expose how disgust has shaped Christian witness from theological education to church exclusion and social scapegoating But there is a better way The authors propose that Christ is not fragile in the face of sin but a good infection a force that spreads healing and redemption Instead of protecting a brittle purity true faith embraces eucontamination a sanctifying engagement with the world not a retreat from it For Christians seeking a faith that resists exclusion and embraces radical love *Eucontamination* offers a vision of transformation one where Truth Life and the Way are not delicate things to be defended but powerful forces moving through and within us all **The**
