Secret Diplomacy of World War II. Transl.... Jacques de Launay,1963 **Secret Diplomacy of World War II.** Jacques de Launay,1963 *Special Bibliographic Series* US Army Military History Research Collection,1977 **Press and Publications Summary** United States Information Service (Taipei, Taiwan),1961 Hidden History Gerry Docherty,James MacGregor,2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you **Catalog of Copyright Entries. Elleman,2015-04-10 China s recent economic reforms have opened its economy to the world This policy however is not new in the late nineteenth century the United States put forward the Open Door Policy as a counter to European exclusive spheres of influence in China This book based on extensive original archival research examines and re evaluates China s Open Door Policy It considers the policy from its inception in 1899 right through to the post 1978 reforms It relates these changes to the various shifts in China s international relations discusses how decades of foreign invasion civil war and revolution followed the destruction of the policy in the 1920s and considers how the policy when applied in Taiwan after 1949 and by Deng Xiaoping in mainland China after 1978 was instrumental in bringing about respectively Taiwan s economic miracle and mainland China s recent economic boom The book argues that although

the policy was characterised as United States economic imperialism during the Cold War in reality it helped China retain its sovereignty and territorial integrity *Congressional Record* United States. Congress,1971 *A Partnership for Disorder* Xiaoyuan Liu,2002-07-25 A Partnership for Disorder examines American Chinese foreign policy planning in World War II for decolonising the Japanese Empire and controlling Japan after the war This study unravels some of the complex origins of the postwar upheavals in Asia by demonstrating how the US and China s disagreements on many concrete issues prevented their governments from forging an effective partnership The two powers quest for long term cooperation was further complicated by Moscow s eleventh hour involvement in the Pacific War By the war s end a triangular relationship among Washington Moscow and Chongqing surfaced from secret negotiations at Yalta and Moscow Yet the Yalta Moscow system in Asia proved too ambiguous and fragile to be useful even for the purpose of defining a new balance of power among the Allies The failure of the system was compounded by its obliviousness to Asia s dynamic nationalist forces **Making Global Society** Barry Buzan,2023-08-10 Tracks the material and social conditions of humankind across history explaining how global society evolved and what its prospects are **Britain, Soviet Russia and the Collapse of the Versailles Order, 1919-1939** Keith Neilson,2005-12-22 A major re interpretation of international relations in the period from 1919 to 1939 Avoiding such simplistic explanations as appeasement and British decline Keith Neilson demonstrates that the underlying cause of the Second World War was the intellectual failure to find an effective means of maintaining the new world order created in 1919 With secret diplomacy alliances and the balance of power seen as having caused the First World War the makers of British policy after 1919 were forced to rely on such instruments of liberal internationalism as arms control the League of Nations and global public opinion to preserve peace Using Britain s relations with Soviet Russia as a focus for a re examination of Britain s dealings with Germany and Japan this book shows that these tools were inadequate to deal with the physical and ideological threats posed by Bolshevism fascism Nazism and Japanese militarism **MODERN AND CONTEMPORARY EUROPEAN HISTORY (1815-1923)** J. SALWYN SCHAPIRO,1923 Modern and Contemporary European History (1815-1922) Jacob Salwyn Schapiro,1922 Course of Study Monographs...
