Secret Of Solar Pons:

The Secret Files of Solar Pons #3 Basil Copper, 2017-09 **Dark Detectives: An Anthology of Supernatural Mysteries** Stephen Jones, 2015-03-17 CRIMES OF TERROR AND DARKNESS In the battle between good and evil the supernatural investigators form the first line of defense against the unexplainable Here are eighteen pulse pounding tales featuring uncanny sleuths battling against the weird written by Clive Barker R Chetwynd Hayes Basil Copper Neil Gaiman William Hope Hodgson Brian Lumley Brian Mooney Kim Newman Jay Russell Peter Tremayne Manly Wade Wellman Featuring the entire Seven Stars saga by Kim Newman pitting the Diogenes Club against an occult object with the power to ultimately annihilate mankind **The Dossier of Solar Pons** Basil Copper, 1979 August Derleth created in Solar Pons a detective whose genius cannot be matched perhaps not even by Sherlock Holmes himself Now the pen has passed into the hand of the noted British author Basil Copper Here are six superbly crafted tales of suspense in the best tradition of Solar Pons Come to Number 7B Praed Street where the master awaits **The Return of Solar Pons** August Derleth, 2018-06-06 It will be good news to many devotees of the deductive story particularly the pastiche of Sherlock Holmes that Solar Pons is back in a third major collection after a lapse of seven years In his introduction to this collection Mr Smith echoes the sentiments of many readers when he writes These pastiches come the closest of any that have been written consistently to capturing the true flavor of the Holmesian Saga and to making its people and its places and its happenings entirely credible There are thirteen tales in this collection ranging from the complex problem set forth in The Adventure of the Lost Dutchman to the sanguine events chronicled in The Adventure of the Swedenborg Signatures Here are such provocative exploits as The Adventure of the Penny Magenta The Adventure of the Trained Cormorant The Adventure of the Little Hangman The Adventure of the Remarkable Worm The Adventure of the Camberwell Beauty Here is a puzzle with supernatural overtones The Adventure of the Devil s Footprints and here too another which touches upon the early exploration of atomic secrets The Adventure of the Rydberg Numbers And one of these entertaining accounts is a double pastiche not only of the Master of Baker Street but also of the sinister Oriental of Limehouse These tales will bring back long missed Baker Street days for No 7 Praed Street bears a striking resemblance to 221B Baker Street and Solar Pons and Dr Parker seem often interchangeable with Sherlock Holmes and Dr Watson No living writer has equaled August Derleth s achievement in these pastiches offered to readers with no intention to deceive but only to entertain Here once again is London of decades ago and here once again the game is afoot Literary Afterlife Bernard A. Drew, 2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them It includes book series that have continued under a deceased writer s real or pen name undisguised offshoots issued under the new writer s name posthumous collaborations in which a deceased author s unfinished manuscript is completed by another writer unauthorized pastiches and biographies of literary characters The

authors and works are entered under the following categories Action and Adventure Classics 18th Century and Earlier Classics 19th Century Classics 20th Century Crime and Mystery Espionage Fantasy and Horror Humor Juveniles 19th Century Juveniles 20th Century Poets Pulps Romances Science Fiction and Westerns Each original author entry includes a short biography a list of original works and information on the pastiches based on the author s characters Solar Pons: in Re Sherlock Holmes and the Memoirs of Solar Pons August Derleth,2018-06-09 Solar Pons was created by August Derleth in the 1920s as a continuation of the Sherlock Holmes canon Derleth who famously created Arkham House Publishing to preserve the writings of his friend author HP Lovecraft had corresponded with Sir Arthur Conan Doyle asking whether Doyle would be providing any new Holmes adventures When Doyle said no Derleth determined to write some himself However instead of writing more Holmes tales Derleth came up with Solar Pons a detective very similar to Holmes and Dr Lyndon Parker his Dr Watson Eventually between the 1920 s and his death in 1971 Derleth wrote over seventy Pons tales set in that period between the end of World War I and 1939 Now meet Solar Pons the Pride of Praed Street The Master is not too visible that is to the naked eye But you will feel his dynamic presence once again Yes dear reader but turn a page and again the game is afoot Ellery Queen *Mammoth Books presents The Adventure of the Persecuted Painter* Basil Copper,2012-05-17 Artist Aristide Smedhurst lives in a small cottage in Dorset Until recently he has lived a contented life but the strange voices heavy footsteps ghostly tappings and ghastly faces at the window have changed him He feels his sanity is unravelling fast and worst of all he fears his fianc e is now courting another man With no one else but a sleepy village constable to help him Smedhurst calls upon Holmes to answer his prayers and get to the bottom of who is tormenting him The Memoirs of Solar Pons August Derleth,1951 **The Alternative Sherlock Holmes** Peter Ridgway Watt,Joseph Green,2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well

as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field
