Liberator Haulers William Wolf,2024-09-30 With iconic images depicting it in the skies over Occupied Europe or the Far East the B 24 Liberator is remembered for its part in the Allies bombing campaigns during the Second World War But there was another part to this famous four engine aircraft one that is less well known While the Douglas C 47 Dakota is deservedly celebrated as the most important twin engine transport aircraft of the war the early use of the four engine Consolidated B 24 Liberator bomber as a passenger carrier is virtually unknown but was as important Since the B 24 had more interior room than the B 17 it could be more easily be converted into a personnel carrier These early Liberators operated America s and Britain s early diplomatic missions and then were to be extensively flown by the Atlantic Ferry Organization and the Transport Commands on missions that opened the world to air transport as never before Several B 24s were converted for VIP personal and diplomatic use which included Harriman s Moscow and round the world diplomatic mission and those used by Churchill and Eisenhower to get around To meet the need for a cargo and personnel transport which had longer transoceanic range and improved high altitude performance than the C 47 in early 1942 the C 87 a hastily designed B 24 derivative was placed into production By installing a built up floor section that replaced the bomb bay doors the C 87 could carry six tons of cargo loaded through a cargo door cut into the side of its fuselage or through a special hinged door in its

nose Most C 87s were operated by the US Ferrying Command and Air Transport Command by the late summer of 1943 they were extensively operating regular routes from the United States to the world s most remote areas To meet this increased requirement for air transport the ATC was forced to turn to four civil commercial airlines for help operating the system Of the 287 purpose built C 87s 24 were transferred to the RAF under Lend Lease for RAF Ferry and Transport Command The C 87 would remain as a prime mover until the dedicated C 54 Skymaster four engine transport came into service The 218 C 109s were fuel tanker conversions of completed B 24 bombers which had all armament removed and extra fuel tanks added to carry fuel from India for B 29s based in China Due to the lack of C 47s after D Day conventional B 24s were again converted for transporting vital supplies and bulk fuel to troops in France Once Allied troops broke out of the Normandy beachhead converted Liberators flew Trucking supply drop operations delivering emergency fuel and supplies to Patton s fuel starved armies racing across France Later these B 24s supplied the ill fated Operation Market Garden at Arnhem

One Giant Leap Charles Fishman, 2020-09-22 The New York Times bestselling meticulously researched and absorbingly written The Washington Post story of the trailblazers and the ordinary Americans on the front lines of the epic Apollo 11 moon mission President John F Kennedy astonished the world on May 25 1961 when he announced to Congress that the United States should land a man on the Moon by 1970 No group was more surprised than the scientists and engineers at NASA who suddenly had less than a decade to invent space travel When Kennedy announced that goal no one knew how to navigate to the Moon No one knew how to build a rocket big enough to reach the Moon or how to build a computer small enough and powerful enough to fly a spaceship there No one knew what the surface of the Moon was like or what astronauts could eat as they flew there On the day of Kennedy s historic speech America had a total of fifteen minutes of spaceflight experience with just five of those minutes outside the atmosphere Russian dogs had more time in space than US astronauts Over the next decade more than 400 000 scientists engineers and factory workers would send twenty four astronauts to the Moon Each hour of space flight would require one million hours of work back on Earth to get America to the Moon on July 20 1969 A veteran space reporter with a vibrant touch nearly every sentence has a fact an insight a colorful quote or part of a piquant anecdote The Wall Street Journal and in One Giant Leap Fishman has written the sweeping definitive behind the scenes account of the furious race to complete one of mankind s greatest achievements It s a story filled with surprises from the item the astronauts almost forgot to take with them the American flag to the extraordinary impact Apollo would have back on Earth and on the way we live

today From the research labs of MIT where the eccentric and legendary pioneer Charles Draper created the tools to fly the Apollo spaceships to the factories where dozens of women sewed spacesuits parachutes and even computer hardware by hand Fishman captures the exceptional feats of these ordinary Americans It s been 50 years since Neil Armstrong took that one small step Fishman explains in dazzling form just how unbelievable it actually was Newsweek **Studies in Hebrew**

that he always believed existed even though he had never observed it As that illusion and his marriage both evaporate he begins to realize that there is a discrepancy between his Southern Christian values and how his keen senses perceive reality A young Stan is polite with strong religious values As he grows older he turns from religion and becomes a bitter cold man The book opens with a devastated Stan at the funeral of his former student Cleave Cleave has committed suicide but his motivation is a mystery that is slowly revealed as the story progresses through unlikely international connections to Tifton and Cleaves even more unlikely connection to the September 11 2001 attack on New York and Washington DC Cleaves death further changes Stans perspective of the world and causes him to question all his previous conclusions about human interactions and human interactions with God In His Own Image is about the commonality of human nature despite the wide diversity of human cultures Through a fictional story built around real historical events In His Own Image shows how individuals are molded by their birth cultures but eventually have the opportunity to break from human influence and see the world in a new way In His Own Image is not about religion itself and no ultimate religious conclusions are presented Instead it deals with how religion shapes our perception of reality The reader is challenged to distinguish the part of their religion that was created by man from that which comes from God
