Edinburgh Companion to Modern Jewish Fiction David Brauner, 2015-06-07 Provides critical overviews of the main writers and key themes of Anglophone Jewish fiction This collection of essays represents a new departure for and a potentially redefining moment in literary Jewish Studies It is the first volume to bring together essays covering a wide range of American British South African Canadian and Australian Jewish fiction Moreover it complicates all these terms emphasising the porousness between different national traditions and moving beyond traditional definitions of Jewishness For the sake of structural clarity the volume is divided into three parts American Jewish Fiction British Jewish Fiction and International and Transnational Anglophone Jewish Fiction but many of the essays cross over these boundaries and speak to each other implicitly as well as on occasion explicitly Extending and redefining the canon of modern Jewish fiction the volume juxtaposes major authors with more marginal figures revising and recuperating individual reputations rediscovering forgotten and discovering new work and in the process remapping the whole terrain This volume opens windows onto vistas that previously had been obscured and opens doors for the next generation of studies that could not proceed without a wide ranging visionary empiricism grounding their work The Edinburgh Companion is a paradigm changing event and nothing in Jewish
