Ezekiel had a vision of God that should cause us in the Church today to fear In this vision Ezekiel saw God leaving the temple the very place where His name was to dwell on the earth In Ezekiels vision God did not just leave He was driven away by what was occurring in the temple and in the hearts of people In the vision of Ezekiel after God left the temple the temple still carried on with its many sacrifices services meetings and functions However while the temple continued to function the presence of God was not a part of the temple activities Is Ezekiels vision relevant for us today When you consider that many if not all the same practices which drove God out of the temple are occurring within the Church today the answer is yes Thus Ezekiels vision of God leaving the temple is of utmost importance for us today What we have to understand is that the functioning of both the temple in Ezekiels day and the Church today is no evidence of the presence of God amongst us Because of what is occurring within the Church today we are left with this Is God leaving the church or has God already left
