**Secret Societies** Una Birch, 2007-03-19 The greatest success of the Bavarian Illuminati conspiracy was the French Revolution of 1789 The profound impact of that Revolution is felt to this day in the political destinies of billions of people worldwide The Illuminati had declared war against Church and State a decade earlier and worked feverishly to spread their new gospel of Liberty and Reason Although the Order was officially suppressed on the eve of the Revolution its efforts do not appear to have been in vain The recruiting program of Illuminati founder Adam Weishaupt was focused on attracting the powerful and influential government ministers educators the press authors and philosophers booksellers and publishers even religious leaders open to agnostic or atheist views Many such men belonged to the masonic lodges of Germany Austria and France The wider masonic network offered Weishaupt a respectable vehicle by which he was able to propagate his clandestine doctrines What message does the triumph of these secret societies carry for the modern world English historian Una Birch attempts to answer this question from the point of view of the early twentieth century Writing just a hundred years after the event her closeness in time and sympathy for the Revolution offer a unique perspective to the modern reader Editor James Wasserman adds a contemporary perspective that takes into account the events of the twentieth century that occurred after Ms Birch wrote He has also added a guide to the history and personalities of the French Revolution to help clarify the text Reveals the secret activities of the Bavarian Illuminati and the Freemasons in organizing the French Revolution Traces the influence of the mysterious Illuminati agent the Comte de Saint Germain as he traveled through the courts and cities of Europe Offers a unique perspective on the Revolution by an author who supported the Illuminati war against tyranny and superstition yet

**Secret Societies of America's Elite** Steven Sora, 2003-02-24 An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy current events and world history Reveals the enormous influence secret societies still have on contemporary American life Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes Elite and

secret societies have always been a major force in the history of Western civilization. The alliances formed in secret societies such as the Knights Templar, the Knights of Christ, and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America. While these secret associations of merchants, smugglers, occultists, gamblers, spies, and slavers succeeded in freeing the United States from foreign domination, the dark side is that the elite used their secret connections to further their own wealth and power. These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient. From the Sons of Liberty and the Essex Junto to the Ku Klux Klan, secret societies have played critical roles in building the fortunes of America's elite. Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale's Skull and Bones unite America's modern ruling families as strongly as Masonic Lodges once connected the Astors, Livingstons, and Roosevelts. Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe.

**Secret Societies** John Lawrence Reynolds, 2011-09-01 Provides a behind-the-scenes glimpse into the world's most notorious secret societies, chronicling their origins, history, initiations, rituals, beliefs, activities, secret signs, members, and influence.

Claims and counter-claims, Accusations and allegations, NSA spying and suppressed evidence, Cover-ups and threats, Documented connections and intrigue, Suggestions of a New World Order. Are we to believe the coincidences are mere chance? Might the paranoid be on to something? Who really holds the levers of power? History admonishes us to be vigilant of hidden plots and nefarious agendas of governments and the powerful. Exposing their deep reach into the operations of today's world.

**Secret Societies: The Complete Guide to Histories, Rites, and Rituals** is packed with details on nearly 200 organizations, their histories, founding members, backgrounds, and suspected conspiracies. It uncovers and probes the hidden agendas of these secret cabals. Along the way, it debunks myths and presents the evidence on an invisible world of influence. Powerful cliques, their plots, and their chilling affects are examined, including the Illuminati, the Freemasons, the Bilderberg Group, MKUltra, Skull and Bones, Ordo Templi Orientis, FEMA, Hermetic Order of the Golden Dawn, the Knights Templar, Ku Klux Klan, La Cosa Nostra, Rosicrucian Order, Crotona Fellowship Council on Foreign Relations, Montauk Project, World Bankers, the Secret Government, extraterrestrial invaders, and many, many more.
