[Understanding Marsha Norman](#) Lisa Tyler, 2019-09-13 Best known for her Pulitzer Prize-winning play *Mother* and her acclaimed adaptations of *The Secret Garden* and *The Color Purple* for musical theater, Marsha Norman has produced an impressive oeuvre that includes not only works for the stage but also a novel and several television screenplays. The first book on the Louisville-born writer in twenty years, *Understanding Marsha Norman*

introduces readers to her life and work while making a persuasive case for her preeminence among America's leading dramatic artists. Following a biographical introduction, the book examines such early plays as *Getting Out Third* and *Oak and Circus Valentine*, which, according to the playwright herself, taught her the skills she needed to write her more successful works, most notably the much-lauded two-character drama *night Mother*, which centers around an apparently rational young woman's choice to commit suicide. Subsequent chapters examine Norman's underrated novel *The Fortune Teller* and three mid-career plays that rewrite the traditions of the West: the biblical story of Sarah and Abraham and the legend of Daniel Boone. Her more recent plays, including *Trudy Blue* (140) and *Last Dance*, acknowledge the limitations of romantic relationships while her forays into musical theater and television, including scripts for such programs as *Law and Order: Criminal Intent* and the Peabody-winning HBO series *In Treatment*, signal a dramatist who is ever willing to take risks and venture into new genres. At her best, when writing about interesting and troubled women and their relationships with each other, Norman has received much less critical attention than male contemporaries such as Sam Shepard and David Mamet. This engaging and edifying book helps rectify that disparity.

**Understanding Public Debates** Jens Martin Gurr, 2024-06-20 By historicizing and contextualizing them through readings of carefully selected literary texts, literary studies can contribute to understanding and rationalizing key debates waged in many pluralist societies today, whether on different conceptions of liberty, identity, politics, historical commemoration, challenges of globalization, or responses to climate change. *Understanding Public Debates* presents case studies including Milton's *Paradise Lost*, P. B. Shelley's 1820 Reform essay *Philip Roth's The Human Stain*, the songwriting of Neil Young, and Edward Young's 1720s *Sea Odes*, recent climate fiction, as well as non-literary conflict narratives. Rather than mining texts for arguments for or against certain positions, this book is interested in how texts stage these debates by means of multiple perspectives, narrative situations, or ambiguities. By suggesting how educators might use literary texts as conversation starters for more rational debates, the volume also contributes to Public Literary Studies. Three important fields are here brought together: 1) the study of societal debates and conflicts and the ways in which they challenge pluralist societies; 2) explorations of the societal functions of literature and of non-literary narratives; and 3) discussions of the role and functions of literary studies. The book ends with ten crisp theses on how literary studies can contribute to understanding and rationalizing such conflictive debates.
