Secret Warning:

Secrets Daniel Ellsberg, 2003-09-30 The true story of the leaking of the Pentagon Papers the event which inspired Steven Spielberg's feature film *The Post* In 1971 former Cold War hard liner Daniel Ellsberg made history by releasing the Pentagon Papers a 7 000 page top secret study of U S decision making in Vietnam to the New York Times and Washington Post The document set in motion a chain of events that ended not only the Nixon presidency but the Vietnam War In this remarkable memoir Ellsberg describes in dramatic detail the two years he spent in Vietnam as a U S State Department observer and how he came to risk his career and freedom to expose the deceptions and delusions that shaped three decades of American foreign policy The story of one man's exploration of conscience *Secrets* is also a portrait of America at a perilous crossroad Ellsberg's well told memoir sticks in the mind and will be a powerful testament for future students of a war that the United States should never have fought The Washington Post Ellsberg's deft critique of secrecy in government is an invaluable contribution to understanding one of our nation's darkest hours Theodore Roszak San Francisco Chronicle
