The Thought at the Back of the Mind Annette Aronowicz,2024-10-31 The Thought at the Back of the Mind is a plea for the centrality of the humanities as a vehicle of knowledge about ourselves and about the reality around us It illustrates the interpretative arts through Aronowicz s close reading of Charles Peguy Don DeLillo Bernard d Espagnat Wys awa Szyborska and Marilynne Robinson Each author exhibits a complex relationship to the narratives emanating from the sciences wonder terror appreciation resistance All in different ways point to a dimension of the human that cannot be captured through the scientific method For the most part they make their points not through abstract argument but through an exploration of daily life Each writer gives pride of place to metaphor humor and or intuition as indispensable conduits to the reality within and without us The Thought at the Back of the Mind explores the religious dimension embedded in the narratives emanating from the natural sciences as well as in the quest to formulate what eludes them These two contrary dimensions of our relation to the sciences in their various configurations reveal us to ourselves in our historical moment

Histories of the Hidden God April D DeConick,Grant Adamson,2016-04-08 In Western religious traditions God is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history Yet there is a concurrent and strong tradition of a God who actively hides The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible a God who is both immanent and transcendent present and absent Western Gnostic esoteric and mystical thinking capitalizes on the hidden and hiding God He becomes the hallmark of the mystics Gnostics sages and artists who attempt to make accessible to humans the God who is secreted away Histories of the Hidden God explores this tradition from antiquity to today The essays focus on three essential themes the concealment of

King, 2009-02-28 Lost in antiquity rediscovered in 1896 and only recently accessible for study The Secret Revelation of John offers a firsthand look into the diversity of Christianity before the establishment of canon and creed Karen L King offers an illuminating reading of this ancient text a narrative of the creation of the universe and humanity and a guide to justice and salvation said to be Christ s revelation to his disciple John Freeing the Revelation from the category of Gnosticism to which such accounts were relegated King shows how the Biblical text could be read by early Christians in radical and revisionary ways By placing the Revelation in its social and intellectual milieu she revises our understanding of early Christianity and more generally religious thought in the ancient Mediterranean world Her work helps the modern reader through many intriguing but confusing ideas in the text for example that the creator god of Genesis a self described jealous and exclusive god is not the true Deity but a kind of fallen angel or in an overt critique of patriarchy unique in ancient literature the declaration that the subordination of woman to man was an ignorant act in direct violation of the holy height In King s analysis the Revelation becomes not strange but a comprehensible religious vision and a window on the religious culture of the Roman Empire A translation of the complete Secret Revelation of John is included *The Resistance Manifesto* Mark Dice, 2008-07-28 The Resistance Manifesto by Mark Dice contains 450 pages of extensively researched and documented information drawing from declassified documents mainstream news articles religious texts and personal interviews A dark web of evil is exposed like never before making Bible Prophecy and the New World Order crystal clear Learn the most powerful information about the Illuminati plans for the rise of the Antichrist the institutions people and powers involved and how you can fight them By the author of The Illuminati Facts Fiction ENDORSEMENTS Powerful and compelling A must read Alex Jones from Infowars com Mark takes you beyond 9 11 into a world of secret societies mystics and madmen Jason Bermas
