*Secrets of Dr. Taverner* Dion Fortune, 1989-12-31 Dr John Richard Taverner is an occult Sherlock Holmes an esoteric Master who uses his powers to aid untreatable patients for whom orthodox medical science can do nothing Utilizing his knowledge of White Magic he fights an unrelenting battle against vampires death hounds body snatchers and members of the nefarious Black Lodge Well written and briskly paced these twelve stories stand on their own merits but there is more to these tales than meets the eye Dion Fortune was herself a mage a high initiate of the Hermetic Order of the Golden Dawn

and founder of the Society of the Inner Light The tales she tells are based on real events and she uses The Secrets of Dr Taverner as a vehicle to introduce the reader to magical practices and many arcane principles of occult law A must read for serious students and a delightful introduction to many aspects of the Western Mystery Tradition The Secrets of Dr. Taverner Fortune Dion,2018-06-30 The works of Dion Fortune have come full circle From their creation during the occult renaissance of the early 20th century to the expiration of their copyright in 1997 these works are of significant value to the occult student of today and we hope of the future Both her fiction and non fiction works are indispensable reading for any serious student of our Western Mystery Tradition This book is something that I was fortunate enough to happen upon early in my occult training and represented to me what we may all aspire to become The character of Taverner himself is the epitome of a modern occultist living in the world but not of it as they say Although his methods and status as a magician might invite ridicule from others he himself maintains a separation between the two and is both occultist and well respected physician a challenge we all face and aspire to accomplish This particular book is a collection of stories that Dion Fortune had written with the intent of presenting them by way of a serial for the purpose of magazine publications Each story represents a specific case not unlike the stories of Sherlock Holmes from which she apparently draws her style More than that each case is a kind of lesson about occultism whether it is the practice or mis practice of occultism or an explanation of occult laws As a work of fiction I hope you enjoy it as a discussion of occultism I hope you find it valuable and as a whole package I hope you love these stories as much as I do and find pleasure in reading them over and over again The secrets of Dr. Taverner, by Dion Fortune; With an introductory essay on The work of a modern occult fraternity, by Gareth Knight Dion Fortune,1962
