*Putting on the Dog* Melissa Kwasny, 2019-04-17 In *Putting on the Dog* Melissa Kwasny explores the age old relationship between humans and the animals that have provided us with our clothing leather wool silk feathers pearls and fur From silkworms grown on plantations in

Japan and mink farms off Denmark's western coast to pearl beds in the Sea of Cortez. Kwasny offers firsthand accounts of traditions and manufacturing methods aboriginal to modern and descriptions of the marvel and miracle of the clothing itself. What emerges is a fresh look at the cultural history of fashion. Kwasny travels the globe to visit both large scale industrial manufacturers and community based often subsistence production by people who have spent their lives working with animals: farmers, ranchers, tanners, weavers, shepherds and artisans. She examines historical rates of consumption and efforts to move toward sustainability all while considering animal welfare, worker safety, environmental health, product accountability and respect for indigenous knowledge and practice. At its heart, *Putting on the Dog* demonstrates how what we choose to wear represents one of our most profound engagements with the natural world.

**Perishable Material Culture in Prehistory** Linda M. Hurcombe, 2014-04-24. *Perishable Material Culture in Prehistory* provides new approaches and integrates a broad range of data to address a neglected topic: organic material in the prehistoric record. Providing new ideas and connections and suggesting revisionist ways of thinking about broad themes in the past, this book demonstrates the efficacy of an holistic approach by using examples and case studies. No other book covers such a broad range of organic materials from a social and object biography perspective or concentrates so fully on approaches to the missing components of prehistoric material culture. This book will be an essential addition for those people wishing to understand better the nature and importance of organic materials as the missing majority of prehistoric material culture.
