Sharma, 2011-10-28 Each one of us is confronted with the same question at sometime or the other Who am I There is no one person within struggling with a monkey on their shoulders Either we tame this monkey and experience true happiness joy and enlightenment or surrender which take us on the road to disillusionment surrender to the meandering mind and a wasted life Search for one s soul is a difficult road but there is light at the end The path whether religious humanistic mystic or scholarly or work centered releases energy within and creates opportunity to break out of our shackles Sincere effort is rewarded with direction provoked by unfathomable forces As one traverses the path of self discovery milestones have no meaning but what matters is to find wings to fly Enlightenment is the Secret to Fly wrestles with Who am I The novel a fictional story takes the reader on a tour of beliefs thoughts customs and sensibilities of Indian spiritual and religious thought and explores concepts of happiness joy and enlightenment The protagonist is a middle aged company executive who wants to opt out from the rat race and his efforts brings him to a sadhu who has achieved enlightenment at a young age and the novel follows the life of this sadhu from childhood schooling his tragedies training in a hermitage and his eventual enlightenment his leaving the hermitage and his travels As he travels in the Himalayas he encounters people from many parts of the world seeking peace happiness tranquility and a meaning in their sufferings and life Life outside his hermitage is very different and

he is saddened with the injustice insensitivity and the unhappy lives of people He seeks a different enlightenment and believes that institutions including hermitages where he spent many years temples organized religion or governments unable to provide the means for peace and happiness in spite of the many organized entities intruding in peoples lives individual unhappiness and disillusionment were increasing Since what men seek lie within hence solutions to ones discontent is personal He finds a simple solution at the end of his travels that will end mans misery and brings joy back in their lives

The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy (Complete) Helena Petrovna

Blavatsky, 2020-09-28 Since the appearance of Theosophical literature in England it has become customary to call its teachings Esoteric Buddhism And having become a habit as an old proverb based on daily experience has it Error runs down an inclined plane while Truth has to laboriously climb its way up hill Old truisms are often the wisest The human mind can hardly remain entirely free from bias and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made This is said with reference to the prevailing double mistake a of limiting Theosophy to Buddhism and b of confounding the tenets of the religious philosophy preached by Gautama the Buddha with the doctrines broadly outlined in Esoteric Buddhism Any thing more erroneous than this could hardly be imagined It has enabled our

enemies to find an effective weapon against Theosophy because as an eminent P li scholar very pointedly expressed it there was in the volume named neither Esotericism nor Buddhism The esoteric truths presented in Mr Sinnett s work ceased to be esoteric from the moment they were made public nor did the book contain the religion of Buddha but simply a few tenets from a hitherto hidden teaching which are now explained and supplemented by many more in the present volumes And even the latter though giving out many fundamental tenets from the Secret Doctrine of the East raise but a small corner of the dark veil For no one not even the greatest living Adept would be permitted to or could even if he would give out promiscuously to a mocking unbelieving world that which has been so effectually concealed from it for long ons and ages Esoteric Buddhism was an excellent work with a very unfortunate title though it meant no more than does the title of this work The Secret Doctrine It proved unfortunate because people are always in the habit of judging things by their appearance rather than by their meaning and because the error has now become so universal that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Budh ism
