Sesame Lilies The Two Paths The Rive:

The Return of Nature John Bellamy Foster, 2020-06-16 Winner 2020 Isaac and Tamara Deutscher Memorial Prize A fascinating reinterpretation of the radical and socialist origins of ecology Twenty years ago John Bellamy Foster's Marx's Ecology Materialism and Nature introduced a new understanding of Karl Marx's revolutionary ecological materialism More than simply a study of Marx it commenced an intellectual and social history encompassing thinkers from Epicurus to Darwin who developed materialist and ecological ideas Now with The Return of Nature Socialism and Ecology Foster continues this narrative In so doing he uncovers a long history of the efforts to unite questions of social justice and environmental sustainability and helps us comprehend and counter today's unprecedented planetary emergencies The Return of Nature begins with the deaths of Darwin 1882 and Marx 1883 and moves on until the rise of the ecological age in the 1960s and 1970s Foster explores how socialist analysts and materialist scientists of various stamps first in Britain then the United States from William Morris and Frederick Engels to Joseph Needham Rachel Carson and Stephen J Gould sought to develop a dialectical naturalism rooted in a critique of capitalism In the process he delivers a far reaching and fascinating reinterpretation of the radical and socialist origins of ecology Ultimately what this book asks for is nothing short of revolution a long ecological revolution aimed at making peace with the planet while meeting collective human needs **Modernism and Close Reading** David James, 2020 The book offers new methodological and interpretive avenues for reconceptualising modernism's longstanding relationship to close reading **Wilfred Owen** Jon Stallworthy, 2013-11-14 Of all the poets of the First World War Wilfred Owen most fires the imagination today this is the comprehensive literary biography of the greatest WW1 poet Wilfred Owen tragically died in battle just a few days before the Armistice Now during the centenary year of his death this biography honours Owen's brief yet remarkable life and the enduring legacy he left Stallworthy covers his life from the childhood spent in the backstreets of Shrewsbury to the appalling final months in the trenches More than a simple account of his life it is also a poet's enquiry into the workings of a poet's mind This revised edition contains the beautiful illustrations of the original edition including the drawings by Owen and facsimile manuscripts of his greatest poems as well as a new preface by the author One of the finest biographies of our time Graham Greene An outstanding book a worthy memorial to its subject Kingsley Amis As lovingly detailed as the records of Owen's short life permit but it is always fascinatingly readable in fact engrossing Sunday Telegraph **Suffer and Be Still (Routledge Revivals)** Martha Vicinus, 2013-10-08 First published in 1972 this book contains a collection of ten essays that document the feminine stereotypes that women fought against and only partially erased a hundred years ago In an introductory essay Martha Vicinus describes the perfect Victorian lady showing that the ideal was a combination of sexual innocence conspicuous consumption and worship of the family hearth Indeed this model in some form was the ideal of all classes as the perfect lady's only functions were marriage and procreation The text offers a valuable insight into Victorian culture and society **The**

Making of Women Artists in Victorian England Jo Devereux, 2016-08-02 When women were admitted to the Royal Academy Schools in 1860 female art students gained a foothold in the most conservative art institution in England The Royal Female College of Art the South Kensington Schools and the Slade School of Fine Art also produced increasing numbers of women artists Their entry into a male dominated art world altered the perspective of other artists and the public They came from disparate levels of society Princess Louise the fourth daughter of Queen Victoria studied sculpture at the National Art Training School yet they all shared ambition talent and courage Analyzing their education and careers this book argues that the women who attended the art schools during the 1860s and 1870s including Kate Greenaway Elizabeth Butler Helen Allingham Evelyn De Morgan and Henrietta Rae produced work that would accommodate yet subtly challenge the orthodoxies of the fine art establishment Without their contributions Victorian art would be not simply the poorer but hardly recognizable to us today

Irish Culture and Colonial Modernity 1800-2000 David Lloyd, 2011-09-22 From the Famine to political hunger strikes from telling tales in the pub to Beckett's tortured utterances the performance of Irish identity has always been deeply connected to the oral Exploring how colonial modernity transformed the spaces that sustained Ireland's oral culture this book explains why Irish culture has been both so creative and so resistant to modernization David Lloyd brings together manifestations of oral culture in the nineteenth and twentieth centuries showing how the survival of orality was central both to resistance against colonial rule and to Ireland's modern definition as a postcolonial culture Specific to Ireland as these histories are they resonate with postcolonial cultures globally This study is an important and provocative new interpretation of Irish national culture and how it came into being

A Pioneer of Connection James Mussell, Graeme Gooday, 2020-05-26 Sir Oliver Lodge was a polymathic scientific figure who linked the Victorian Age with the Second World War a reassuring figure of continuity across his long life and career A physicist and spiritualist inventor and educator author and authority he was one of the most famous public figures of British science in the late nineteenth and early twentieth centuries A pioneer in the invention of wireless communication and later of radio broadcasting he was foundational for twentieth century media technology and a tireless communicator who wrote upon and debated many of the pressing interests of the day in the sciences and far beyond Yet since his death Lodge has been marginalized By uncovering the many aspects of his life and career and the changing dynamics of scientific authority in an era of specialization contributors to this volume reveal how figures like Lodge fell out of view as technical experts came to dominate the public understanding of science in the second half of the twentieth century They account for why he was so greatly cherished by many of his contemporaries examine the reasons for his eclipse and consider what Lodge a century on might teach us about taking a more integrated approach to key scientific controversies of the day

Images of Excellence Christopher Janaway, 1995-05-25 Plato was the first great figure in Western philosophy to assess the value of the arts he famously argued in the Republic that traditionally accepted forms of poetry drama and music are unsound claiming they are conducive to warped ethical standards detrimental

to the psyche and purveyors of illusions about important matters in human life This view has been widely rejected but Christopher Janaway here argues that Plato s hostile case is a more coherent and profound challenge to the arts than has sometimes been supposed Denying that Plato advocates good art in any modern sense Dr Janaway seeks both to understand Plato s critique in the context of his own philosophy and to locate him in today s philosophy of art showing how issues in aesthetics arise from responses to his charges Plato s questions about beauty emotion representation ethical knowledge artistic autonomy and censorship are of contemporary relevance as formerly secure assumptions about the value of art and the aesthetic come under scrutiny *Images of Excellence* gives a new and original view of a famous issue in the history of philosophy it is written not only for readers working in ancient philosophy but for all who are interested in aesthetics art theory and literary theory *Proceedings of the Society for Psychical Research* Society for Psychical Research (Great Britain),1910 List of members in v 1 19 21 24 **Proceedings** Society for Psychical Research,1910
