Seth Low: the Reformer in an Urban and Industrial Age Gerald Kurland,1971 *Annual Message of Hon. Seth Low, Mayor of Brooklyn* Seth Low,1885 *Broken Knowledge* Younglae Kim,1997 *Broken Knowledge* explores the impacts of the scientific and scholarly ideal of the modern university on theological education at Union Theological Seminary from 1887 1926 During this period the marks of the modern university specialization the elective system professionalization and the empirical research orientation were incorporated into theological education While vigorously implanting the new university s structural and functional patterns into theological education the seminary and its theologians strove to bring theological discussions into the arena of secularized academia to achieve independence from church dogmatism to expand the scope of theological outlook in social domains and to bind science and religion together Without doubt these efforts deserve due recognition However it is also undeniable that the current problems in theological education the fragmentation of the theological curriculum and the loss of a holistic search for religious truth have to do with the seminary s adaptation to the new university ideal such as uncritical specialization and narrow modern epistemology at the turn of the century This book explores how the decline of theology or the sacred in our modern world is connected with the dominance of modern scientific ways of knowing in our search for truth and the lack of holistic approaches to the issue of faith and knowledge This book searches for the recovery of wholeness in theological education and higher learning in general Columbiana Charles Alexander Nelson,1904 **Morningside Heights** Andrew S. Dolkart,2001-03-15 Few aspects of American military history have been as vigorously debated as Harry Truman s decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan s surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles **Third Annual Message of Hon. Seth Low, Mayor of Brooklyn, Presented to the Honorable the Common Council** Seth Low,1884 **State of New York Supreme Court , The American Monthly Review of Reviews** Albert Shaw,1899
