Women and Migration Deborah Willis, Ellyn Toscano, Kalia Brooks Nelson, 2019-03-08 The essays in this book chart how women's profound and turbulent experiences of migration have been articulated in writing, photography, art, and film. As a whole, the volume gives an impression of a wide range of migratory events from women's perspectives covering the Caribbean Diaspora, refugees, and slavery through the various lenses of politics and war, love and family. The contributors, which include academics and artists, offer both personal and critical points of view on the artistic and historical repositories of these experiences. Selfies, motherhood, violence, and Hollywood all feature in this substantial treasure trove of women's joy and suffering, disaster and delight, place, memory, and identity. This collection appeals to artists and scholars of the humanities, particularly within the social sciences, though there is much to recommend it to creatives seeking inspiration or counsel on the issue of migratory experiences.

*Cinematic Settlers* Janne Lahti, Rebecca Weaver-Hightower, 2020-07-26 This anthology adds to the burgeoning field of settler colonial studies by examining settler colonial narratives in the under-analyzed medium of film. *Cinematic Settlers* discusses different cinematic genres, national traditions, and specific movies in order to expose related threads, shared circulations of knowledge, and paralleled representations. Organized into thematic groupings, conquest, settlers, natives, and space, the contributors explore the question of how film compares to written genres and other visual media in representing and effecting settler colonialism on a global scale. Striving for inclusiveness, the volume covers different eras and settler colonial situations in Australia, New Zealand, Taiwan, Hawaii, the American West, Canada, Latin America, Russia, France, Algeria, Germany, Africa, South Africa, and even the next frontier, outer space. By showing how films offer layered, contested, and dynamic settler colonial narratives that advance and challenge settler hegemonic readings, the essays enable students to better analyze and understand the complex history of diversity and colonialism in film. This book is important reading for undergraduate classes on the history of empire, colonialism, and film.

*Experiences in Social Dreaming* W. Gordon Lawrence, 2018-07-03 Social Dreaming is the name given to a method of working with dreams that are shared and associated within a gathering of people coming together for this purpose. In the first chapter, he outlines some ideas on this phenomenon. Here follows a wide-ranging collection of essays on the experiences of various practitioners, either personal or what they have found when taking this phenomenon into the wider social arena, such as the church, schools, consultancy, and working with children.

**Emperor Norton's Early Years As An 1820s Settler** Charles Featherstone, 2024-03-21 A wryly humorous telling of the British colonialization in South Africa told from the point of view of a not very successful family and the child that would become Emperor thousands

of miles away Many think the patron saint of Discordianism a myth or his life absurdly exaggerated but they are wrong Reality is far stranger than fiction could ever be and Joshua Norton is the absolute proof a real life Don Quixote formed in tragedy and triumph scarred into a delusion of a better world by the violence of this one Long before he became Emperor of the United States Joshua Norton won his place in history as one of the 1820 Settlers in the British colonialization of the Cape Colony in today s South Africa This volume covers Joshua s upbringing as an 1820 settler in the newly formed Albany region in what would become the Eastern Cape It brings to life one of history s most turbulent periods as Dutch British Xhosa Khoi and Fingo all try to build a life on a land riven by constant war Read on for a tale of heroes and villains but mostly of people trying to survive where they can when all the odds are stacked against them and great political winds tear through their desperate lives The first volume of the definitive history of Norton I Emperor of the United States and Protector of Mexico Told with with a wry dramatisation it contains the most accurate and complete information on Joshua s early life in any book to date     *The Routledge Handbook on the American Dream* Robert Hauhart,Mitja Sardoč,Tomaž Deželan,2025-12-18 The Routledge Handbook on the American Dream Volume 3 explores the social economic and cultural aspects of the American Dream in both theory and reality in the twenty first century This collection of essays brings together leading scholars from a range of fields to further develop the themes and issues explored in the previous two volumes The concept of the American Dream first expounded by James Truslow Adams in *The Epic of America* in 1931 is at once both ubiquitous and difficult to define The term perfectly captures the hopes of freedom opportunity and upward social mobility invested in the nation However the American Dream appears increasingly illusory in the face of widening inequality and apparent lack of opportunity particularly for the poor and ethnic or otherwise marginalized minorities in the United States As such an understanding of the American Dream through both theoretical analyses and empirical studies whether qualitative or quantitative is crucial to understanding contemporary America Like the previous volumes of *The Routledge Handbook on the American Dream* this collection will be of great interest to students and researchers in a range of fields in the humanities and social sciences     [Settler's Chase](#) D.H.
