**Seven Bamboo Tablets of the Cloudy Satchel** Deng Ming-Dao, 1988 Eighteen year old Kwan Saihung a Taoist ascetic in 1940 s China must choose between conflicting loyalties to his temple and to his best friend **Sex in China** Fang Fu Ruan, 2013-11-22 China today is sexually and in many other ways a very repressive so ciety yet ancient China was very different Some of the earliest surviving literature of China is devoted to discussions of sexual topics and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far dis tant from their Chinese origins In recent years a number of books have been written exploring the history of sexual practices and ideas in China but most have ended the discussion with ancient China and have not continued up to the present time Fang Fu Ruan first surveys the ancient assumptions and beliefs then carries the story to present day China with brief descriptions of homosexuality lesbianism transvestism transsexualism and prostitution and ends with a chapter on changing attitudes toward sex in China today Dr Ruan is well qualified to give such an overview Until he left China in the 1980s he was a leader in attempting to change the repressive attitudes of the government toward human sexuality He wrote a best selling book on sex in China and had written to and corresponded with a number of people in China who considered him as confidant and ad visor about their sex problems A physician and medical historian Dr Ruan s doctoral dissertation was a study of the history of sex in China *Dream Trippers* David A. Palmer, Elijah Siegler, 2017-11-27 Over the past few decades Daoism has become a recognizable part of Western alternative spiritual life Now that Westernized version of Daoism is going full circle traveling back from America and Europe to influence Daoism in China *Dream Trippers* draws on more than a decade of ethnographic work with Daoist monks and Western seekers to trace the spread of Westernized Daoism in contemporary China David A Palmer and Elijah Siegler take us into the daily life of the monastic community atop the mountain of Huashan and explore its relationship to the socialist state They follow the international circuit of Daoist energy tourism which connects a number of sites throughout China and examine the controversies around Western scholars who become practitioners and promoters of Daoism Throughout are lively portrayals of encounters among the book s various characters Chinese hermits and monks Western seekers and scholar practitioners as they interact with each other in obtuse often humorous and yet sometimes enlightening and transformative ways *Dream Trippers* untangles the anxieties confusions and ambiguities that arise as Chinese and American practitioners balance cosmological attunement and radical spiritual individualism in their search for authenticity in a globalized world **Shaping the Lotus Sutra** Eugene Yuejin Wang, 2005 The Lotus Sutra has been the most widely read and most revered Buddhist scripture in East Asia since its translation in the third century The miracles and parables in the king of sutras inspired a variety of images in China in particular the sweeping compositions known as transformation tableaux that developed between the seventh and ninth centuries Surviving examples in murals painted on cave walls or carved in relief on Buddhist monuments depict celestial journeys bodily metamorphoses

cycles of rebirth and the achievement of nirvana Yet the cosmos revealed in these tableaux is strikingly different from that found in the text of the sutra Shaping the Lotus Sutra explores this visual world Challenging long held assumptions about Buddhist art Eugene Wang treats it as a window to an animated and spirited world Rather than focus on individual murals as isolated compositions Wang views the entire body of pictures adorning a cave shrine or a pagoda as a visual mapping of an imaginary topography that encompasses different temporal and spatial domains He demonstrates that the text of the Lotus Sutra does not fully explain the pictures and that a picture or a series of them constitutes its own text In exploring how religious pictures sublimate cultural aspirations he shows that they can serve both political and religious agendas and that different social forces can co exist within the same visual program These pictures inspired meditative journeys through sophisticated formal devices such as mirroring mapping and spatial programming analytical categories newly identified by Wang The book examines murals in cave shrines at Binglingsi and Dunhuang in northwestern China and relief sculptures in the grottoes of Yungang in Shanxi on stelae from Sichuan and on the Dragon and Tiger pagoda in Shandong among other sites By tracing formal impulses in medieval Chinese picture making such as topographic mapping and pictorial illusionism the author pieces together a wide range of visual evidence and textual sources to reconstruct the medieval Chinese cognitive style and mental world The book is ultimately a history of the Chinese imagination Read an interview with the author <http://dgeneratefilms.com/cinemataalk/cinemataalk-interview-with-professor-eugene-wang-on-chinese-art-and-film>
