Thoughts of an American Taxpayer G. Williamson, 2021-09-12 Government is not a solution to our problem government is the problem President Ronald Reagan Looking all around us it is evident that the United States of America is heading down a course of economic financial and social ruin thanks in most part to an irresponsible and careless government Author G Williamson through his passionate writing shows us why he believes that our out of control government no longer cares about our Constitution economy businesses or families It is a government ruled not by the people but by progressive reformers who seek to place restrictions on our individual freedoms Through his powerful words G Williamson suggest that the key to turning around this unrestrained government is to understand the reasons for its malfunction From bailouts to the economy and jobs to foreign policy to our tax system he effectively informs us of the self destructive and risky path our government is leading us down He also describes what we as American citizens can do to reverse this dangerous and precarious direction in which our country is heading Don t be left in the dark about the issues in our country any longer Pick up this motivational and encouraging book today and delve into the Thoughts of an American Taxpayer G Williamson graduated from Southeast Missouri State in Cape Girardeau Missouri with a Bachelor of Science in Business Administration

Williamson, 2010-05-05 This book was written to expose our Politicians and Media for the Low Life Skum that they are with thoughts emails quotes and outside sources to provide information I have not confirmed the stories or emails in the book but believe a lot of the information should have been investigated and or exposed Most of our politicians mostly Democrats and what I refer to as the Chavez Obama Media no longer care about our Constitution our Economy our Businesses our Families and will use whatever means possible to destroy our country as we know and love it and the American People All they care about is their personal agendas and paying off their political debts to assist the Unions and expand the government while making the United States of America weak *The Collapse of Freedom of Expression* Jordi Pujol, 2023-02-15 This book offers a holistic account of the problems posed by freedom of expression in our current times and offers corrective measures to allow for a more genuine exchange of ideas within the global society The topic of free speech is rarely addressed from a historical philosophical or theological perspective In *The Collapse of Freedom of Expression* Jordi Pujol explores both the modern concept of the freedom of expression based on the European Enlightenment and the deficiencies inherent in this framework Modernity has disregarded the traditional roots of the freedom of expression drawn from Christianity Greek philosophy and Roman law which has left the door open to the various forms of abuse censorship and restrictions seen in contemporary public discourse Pujol proposes that we rebuild the foundations of the freedom of expression by returning to older traditions and incorporating both the field of pragmatics of language and theological and ethical concepts on human intentionality as new complementary disciplines Pujol examines emblematic cases such as Charlie Hebdo free speech on campus and online content moderation to elaborate on the tensions that arise within the modern concept of freedom of expression The book explores the main criticisms of the contemporary liberal tradition by communitarians libertarians feminists and critical race theorists and analyzes the gaps and contradictions within these traditions Pujol ultimately offers a reconstruction project that involves bridging the chasm between the secular and the sacred and recognizing that religion is a font of meaning for millions of people and as such has an inescapable place in the construction of a pluralist public sphere
