The Court Artist in

Seventeenth-Century Italy Elena Fumagalli, Raffaella Morselli, 2015-05-08T00:00:00+02:00 Up to now the theme of the artist in the service of Italian courts has been examined in various studies focused mostly on the High Renaissance as though the phenomenon was relevant only to the XV and XVI centuries It actually lasted much longer spanning the whole longue dur e of the lives of the courts of the ancient regime The present volume intends to fill this gap presenting for the first time a comprehensive examination of the subject of the court artist from sixteenth to seventeenth century and the transformations of this role Court artist is here defined as one who received a regular salary and was therefore attached to the court by a more or less exclusive service relationship The book is divided in six chapters each of them examines the position of the court artist in the service of the most important ruling families in Italy the Savoy in Turin the Gonzaga in Mantua the Este in Modena the Della Rovere in Pesaro and Urbino the Medici in Florence and in papal Rome a particular and unique center of power

Art, Patronage, and Nepotism in Early Modern Rome Karen J. Lloyd, 2022-08-19 Drawing on rich archival research and focusing on works by leading artists including Guido Reni and Gian Lorenzo Bernini Karen J Lloyd demonstrates that cardinal nephews in seventeenth century Rome those nephews who were raised to the cardinalate as princes of the Church used the arts to cultivate more than splendid social status Through politically savvy frescos and emotionally evocative displays of paintings sculptures and curiosities cardinal nephews aimed to define nepotism as good Catholic rule Their commissions took advantage of their unique position close to the pope embedding the defense of their role into the physical fabric of authority from the storied vaults of the Vatican Palace to the sensuous garden villas that fused business and pleasure in the Eternal City This book uncovers how cardinal nephews crafted a seductively potent dialogue on the nature of power fuelling the development of innovative visual forms that championed themselves as the indispensable heart of papal politics The book will be of interest to scholars working in art history early modern studies religious history and political history

Art and Identity in Early Modern Rome Jill Burke, 2017-07-05 From the late fifteenth to the late seventeenth century Rome was one of the most vibrant and productive centres for the visual arts in the West Artists from all over Europe came to the city to see its classical remains and its celebrated contemporary art works as well as for the opportunity to work for its many wealthy patrons They contributed to the eclecticism of the Roman artistic scene and to the diffusion of Roman artistic styles in Europe and beyond *Art and Identity in Early Modern Rome* is the first book length study to consider identity creation and artistic development in Rome during this period Drawing together an international cast of key scholars in the field of Renaissance studies the book adroitly demonstrates how the exceptional quality of Roman court and urban culture with its elected monarchy its large foreign population and unique sense of civic identity interacted with developments in the visual arts With its distinctive chronological span and uniquely interdisciplinary approach *Art and Identity in Early Modern*

Rome puts forward an alternative history of the visual arts in early modern Rome one that questions traditional periodisation and stylistic categorisation Aspects of Hobbes Noel Malcolm,2002 The author presents a set of extended essays on a wide variety of aspects of the life and work of this giant of early modern thought An introduction to Hobbes s life and thought acts as a foundation for discussion of such topics as his political philosophy and theory of international relations **Gods of Play** Kristiaan Aercke,1994-08-04 This book studies the close connections between politics culture art and philosophy in seventeenth century Europe As an emblem of this interrelationship the author has chosen the phenomenon of the splendid festive performance of spectacular plays and operas given at absolutist courts in Rome Madrid Paris Versailles and Vienna between 1631 and 1668 Gods of Play fills voids in the scholarly literature on the seventeenth century on absolutism on courtly theatricality and on the philosophy of play Aercke demonstrates that such splendid performances were not just frivolous entertainment for the courtly class but were serious activities with far ranging political consequences

Caravaggio DavidM. Stone,2017-07-05 As this collection of essays makes clear the paths to grasping the complexity of Caravaggio s art are multiple and variable Art historians from the UK and North America offer new or recently updated interpretations of the works of seventeenth century Italian painter Michelangelo Merisi da Caravaggio and of his many followers known as the Caravaggisti The volume deals with all the major aspects of Caravaggio s paintings technique creative process religious context innovations in pictorial genre and narrative market strategies biography patronage reception and new hermeneutical trends The concluding section tackles the essential question of Caravaggio s legacy and the production of his followers not only in terms of style but from some highly innovative strategies concettismo art marketing and the price of pictures self fashioning and biography and the concept of emulation **European Drawings 4** Nicholas Turner,2001-01-03 The collection of drawings at the Getty Museum was started in 1981 with the purchase of Rembrandt s Nude Woman with a Snake and has steadily expanded since then so that now at the turn of the new millennium it stands at more than six hundred drawings and is sheet for sheet one of the best anywhere The Getty goal is to create from the finest examples a collection of the different Western European schools of drawing before 1900 with special emphasis on the work of the most important and accomplished draftsmen The collection now contains superb examples of the work of Leonardo da Vinci Raphael Michelangelo D rer Rembrandt Claude Lorraine Watteau Gainsborough David Millet Manet Van Gogh and Degas This is the fourth in the series of catalogues describing the drawings in the Getty Museum Most of the drawings discussed in the present volume were chosen for the collection in the period of 1994 to 1998 and include examples from the Italian German Dutch and Flemish French Spanish and British schools Also included are several gifts from private collectors which mark the start of a tradition that it is hoped will continue in the future The catalogue entries for these new acquisitions are organized first by national school and then by artist The book also includes a bibliography and indexes of artists former owners related drawings prints and works in other media *Patrons and Adversaries* Caroline Castiglione,2005-02-03 The early modern

Roman countryside was a site of contestation between great aristocratic families and an expanding papal political regime. Rarely has the role of the inhabitants of this landscape, the villagers, been considered as part of that power struggle. As Caroline Castiglione shows in this compelling revisionist work, one Roman aristocratic family, the Barberini, was not squeezed out of governing by the extension of the papal bureaucracy but rather became increasingly engaged with it during the long eighteenth century. Through their participation in the rural commune, villagers in an extensive territory belonging to the Barberini became active participants in the governing of the countryside. Villagers cultivated and exploited interference from the aristocratic family and the papal government but they also kept urban elites at bay, defending their rights through the strategies of adversarial literacy. Such literate practices drew on village mastery of local constitutions, debates in the village assembly, and brilliant use of the legal system of the papacy to thwart the designs of the Barberini. Later, villagers created and interpreted sources for themselves, effectively challenging the elite monopoly on making and interpreting texts. A lost world of increasingly savvy villagers, irate nobles, and exasperated bureaucrats emerges here in an engaging narrative that chronicles how seemingly marginalized villagers challenged the pragmatic control of the Roman countryside using texts and ideas that urban elites had exported to the countryside for other purposes. Histories of Ornament Gülru Necipoğlu, Alina

Payne, 2016-03-08 This lavishly illustrated volume is the first major global history of ornament from the Middle Ages to today. Crossing historical and geographical boundaries in unprecedented ways and considering the role of ornament in both art and architecture, *Histories of Ornament* offers a nuanced examination that integrates medieval, Renaissance, baroque, and modern Euroamerican traditions with their Islamic, Indian, Chinese, and Mesoamerican counterparts. At a time when ornament has re-emerged in architectural practice and is a topic of growing interest to art and architectural historians, the book reveals how the long history of ornament illuminates its global resurgence today. Organized by thematic sections on the significance, influence, and role of ornament, the book addresses ornament's current revival in architecture, its historiography, and theories of its transcontinental mobility in medieval and early modern Europe and the Middle East, and its place in the context of industrialization and modernism. Throughout, *Histories of Ornament* emphasizes the portability and politics of ornament, figuration versus abstraction, cross-cultural dialogues, and the constant negotiation of local and global traditions. Featuring original essays by more than two dozen scholars from around the world, this authoritative and wide-ranging book provides an indispensable reference on the histories of ornament in a global context.
