Seventh Air Force Story In World War II:

Seventh Air Force Story ... in World War II Kenn C. Rust, Sunshine House, 1990-09-01 *7 December 1941: The Air Force Story*, 1991 *7 December 1941: The Air Force Story [Illustrated Edition]* Leatrice R. Arakaki, John R. Kuborn, 2014-08-15 Includes 3 charts 7 tables and 137 photos December 7 1941 was by any assessment a devastating day The Hawaiian Air Force suffered a crippling blow but the genesis of recovery and final victory over the enemy emerged in the valor of those who weathered the onslaught and fought back with everything they had In the 50 years since then the attack has become a faded memory for some and to many members of the younger generation just another moment in history It deserves better understanding and commemoration however for this sudden damaging strike on our forces marked the beginning of America's involvement in a terrible global war that was massive in scope and destruction At Hickam Air Force Base reminders of the attack are still visible The tattered flag that flew over the base that fateful morning is encased and on display in the lobby of the Pacific Air Forces Headquarters building where bullet scarred walls serve as a constant reminder to never again be caught unprepared Memorial tablets surrounding the base flagpole pay tribute to those who sacrificed their lives for our country Our predecessors with their blood and sweat boldly wrote a major chapter of our military history We must never forget their story and the legacy of their experience that the price of freedom is eternal vigilance and readiness **United States Air Force and Its Antecedents** James T. Controvich, Martin Gordon, 2004-06-24 This expanded and revised edition of the bibliography originally compiled for the United States Air Force Historical Research Agency is the most comprehensive listing of unofficial published histories of the United States Air Force and its antecedents It covers the air force from its genesis as the US Army Signal Corps Aviation Section to the present These titles are a rich source of information for anyone interested in the history of combat and peacetime operations of the Air Force Researchers and libraries will find the organization of titles easy to use Entries include private sponsored or unofficial histories often written by the unit historian personal narratives purely photographic or pictorial histories route of battle maps published or printed rosters officially produced titles This is an indispensable resource for military aviation historians libraries with strong collections in military and air force history and unit history collectors It is also of special interest to genealogists as many unit histories contain rosters and photos of personnel **The Army Air Forces in World War II: The Pacific, Guadalcanal to Saipan, August 1942 to July 1944**, 1948 **Very Long Range P-51 Mustang Units of the Pacific War** Carl Molesworth, 2012-10-20 These pilots called themselves the Tokyo Club It was a simple task to become a member All you had to do was strap yourself into a heavily loaded P 51 Mustang take off from Iwo Jima fly 650 miles north over the sea often through monsoon storms in your single engined aircraft to Japan attack a heavily defended target and then turn around and fly home despite a shrinking fuel supply and perhaps battle damage as well Do it once and you earned membership in the club Do it 15 times and you earned a trip home But make one mistake or have one touch of bad luck and you had a very good

chance of ending up dead Featuring photographs throughout and detailed aircraft profiles this book tells the little known story of these brave men and their efforts to defeat the aerial forces defending Japan **HALE'S HANDFUL...UP FROM THE ASHES:** Major Peter S. H. Ellis USAF,2015-11-06 This study analyzes the evolution of Seventh Air Force's joint command and control relationships as well as the development of joint operational procedures and doctrine in the Central Pacific during World War II As this was arguably the most joint theater in World War II there are many lessons about the challenges of joint command and control and the development of joint combat procedures that are relevant to contemporary airmen The Seventh Air Force was established in the aftermath of the attack on Pearl Harbor It was initially a defensive and training oriented command protecting Hawaii from a possible attack by the Japanese and training replacement crews for units in the South Pacific However in the summer of 1943 the Seventh Air Force became an offensive mobile combat command that along with each of the other services played a major role in the island hopping campaign of World War II Major General Willis H Hale served as the commander of the Seventh Air Force during this transition period This study uses him as a lens to explore the unique challenges his command met and overcame Additionally since the Pacific Theater was on the tail end of the Europe First resupply policy the Seventh Air Force was chronically under manned and under equipped hence the moniker Hale's Handful **Target** Michael Slackman,1991-07-01 Target Pearl Harbor takes a fresh look at the air raid that plunged America into World War II by scrutinizing the decisions and attitudes that prompted the attack and left the United States unprepared to mount a successful defense The core of the book concerns the events of December 7 1941 as seen through the eyes of participants both American and Japanese military and civilian The author's use of contemporary documents and interviews with survivors has enabled him to present a vivid and evocative picture of that day **The Army Air Forces in World War II**,1948 **United States Air Force History Publications** Air Force History and Museums Program (U.S.),2000
