The New World Order s Letter to Every Citizen of the World warning Resistance is Futile According to this letter addressed to everybody in America it s useless to resist a one world takeover as the program is in its final stages The Very word secrecy is repugnant in a free and open society and we are as people inherently and historically opposed to secret societies to secret oaths and to secret proceedings We decided long ago that the dangers of excessive and unwarranted concealment of pertinent facts far outweighed the dangers which are cited to justify If you have the privilege to know you have the duty to act

Hauk,2017-10-12 The Western tradition has always cherished the family as an essential foundation of a just and orderly society and thus accorded it special legal and religious protection Christianity embraced this teaching from the start and many of the basics of Western family law were shaped by the Christian theologies of nature sacrament and covenant This volume introduces readers to the enduring and evolving Christian norms and teachings on betrothals and weddings marriage and divorce women s and children s rights marital property and inheritance and human sexuality and intimate relationships The chapters are authoritatively written but accessible to college and graduate students and scholars as well as clergy and laity While alert to the hot button issues of sexual liberty today the contributing authors let the historical figures speak for themselves about what Christianity has and can contribute to the protection and guidance of our most intimate association
