Several Deaths Later:

Several Deaths Later Ed Gorman, 2016-09-17 The popular game show *Celebrity Circle* is something of a graveyard for show biz mediocrities so Tobin the five foot five movie critic with the fiery hair and the equally fiery temper is less than thrilled to accept a guest stint as the show films a week's worth of broadcasts aboard an ocean liner But Tobin's career has hit the skids since he solved his TV partner's murder *Murder on the Aisle* money is money and besides he gets a free cruise in the bargain But someone on board has more in mind than fabulous prizes and Ken Norris the smarmy emcee of *Celebrity Circle* turns up with a knife in his back The Captain blames Cindy McBain the young secretary from Kansas City in whose room the victim's body was discovered Although Tobin finds her wearing nothing but a robe covered in Norris blood he thinks she is innocent if less than pure and he swears his belief has nothing to do with her incredible body or her enthusiastically expressed affection for celebrities

Death in Late Bronze Age Greece Joanne M. A. Murphy, 2020-01-06 Late Bronze Age tombs in Greece and their attendant mortuary practices have been a topic of scholarly debate for over a century dominated by the idea of a monolithic culture with the same developmental trajectories throughout the region This book contributes to that body of scholarship by exploring both the level of variety and of similarity that we see in the practices at each site and thereby highlights the differences between communities that otherwise look very similar By bringing together an international group of scholars working on tombs and cemeteries on mainland Greece Crete and in the Dodecanese we are afforded a unique view of the development and diversity of these communities The papers provide a penetrative analysis of the related issues by discussing tombs connected with sites ranging in size from palaces to towns to villages and in date from the start to the end of the Late Bronze Age This book contextualizes the mortuary studies in recent debates on diversity at the main palatial and secondary sites and between the economic and political strategies and practices throughout Greece The papers in the volume illustrate the pervasive connection between the mortuary sphere and society

through the creation and expression of cultural narratives and draw attention to the social tensions played out in the mortuary arena The Black Death and Later Plague Epidemics in the Scandinavian Countries: Ole Jørgen Benedictow, 2016-12-19 This monograph represents an expansion and deepening of previous works by Ole J Benedictow the author of highly esteemed monographs and articles on the history of plague epidemics and historical demography In the form of a collection of articles the author presents an in depth monographic study on the history of plague epidemics in Scandinavian countries and on controversies of the microbiological and epidemiological fundamentals of plague epidemics

Jefferson, 2022-08-16 Death and rebirth was of vital importance to early Christians in late antiquity In late antiquity death was all encompassing Mortality rates were high plague and disease in urban areas struck at will and one lived on the knife s edge regarding one s health Religion filled a crucial role in this environment offering an option for those who sought cure and comfort Following death the inhumed were memorialized providing solace to family members through sculpture painting and epigraphy This book offers a sustained interdisciplinary treatment of death and rebirth a theme that early Christians and scholars found important By analysing the theme of death and rebirth through various lenses the contributors deepen our understanding of the early Christian funerary and liturgical practices as well as their engagement with other groups in the Empire
