Sex And Racism:

Sex and Racism in America Calvin C. Hernton, 1992 As remarkably and chillingly pertinent today as when it was first published in 1965 this now classic study dissects the intersecting myths of sex and race as they are played out in America No one concerned with issues of race relations in the United States can overlook the conclusions of this book *Sex and Racism* Calvin C. Hernton, 1973 Sex and Racism in America Calvin C. Hernton, 1965 *Sex and Racism* Calvin C. Hernton, 1965

Sexual Racism and Social Justice Denton Callander, Panteá Farvid, Amir Baradaran, Thomas A. Vance, 2024 This book brings together a collection of research personal reflection and creative work to provide a comprehensive in depth account of sexual racism from an international and interdisciplinary perspective The volume makes the case that sexual racism is in the very foundations of our societies determining the ideas bodies and systems positioned as desirable From this provocative perspective Sexual Racism and Social Justice offers a new understanding of the relationship between sex and race arguing that to undoes whiteness is to help undo sexual racism which are essential steps in the meaningful advancement of social justice **Sex & Racism** Percy Mobogo More, 2011 *Sexual Racism* Charles Herbert Stember, 1976 **Sex, Race, and God** Susan Thistlethwaite, 2009-04-01 Sex Race and God is the impassioned manifesto of a white feminist s reckoning with the meaning of race including her own whiteness in doing theology We should be discussing and acting on many of Thistlethwaite s insights for quite some time She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it Carter Heyward Sex Race and God is a sincere attempt to listen to and learn from African American women a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities Many women of color will find it promising a basis for dialogue The Women s Review of Books This pivotal book illuminates a significant ongoing debate at the intersection of two fields contemporary theology and feminist studies Choice Thistlethwaite does what so few white feminists have done genuinely interact with and learn from the strong differences in experience and perspective between African American women and European American women The Other Side *Gender, Sexuality and Race in the Digital Age* D. Nicole Farris, D'Lane R. Compton, Andrea P. Herrera, 2020-01-01 This book provides a unique analysis of the intersection between gender sexuality race and social media While early scholarship identified the internet as being inherently egalitarian this volume presents the internet as a real social place where inequalities matter and manifest in particular ways according to the architectures of particular platforms This volume utilizes innovative methodologies to analyze how internet users both reinscribe and resist inequalities of gender sexuality and race It describes how the internet has ameliorated and bridged geographic and numerical limits on community formation and this volume examines how the functioning of social inequalities differs on and offline *Sex and Religion* Dag Ølstein Endsjø, 2012-01-01 Sex and religion are inevitably and intricately linked There are few realms of human experience other than sex in which religion has greater reach and influence The role of religion of any

faith to prohibit regulate condemn and reward is unavoidably prominent in questions of sex namely with whom when how and why In *Sex and Religion* Dag istein Endsj examines the myriad and complex religious attitudes towards sex in cultures throughout the world Endsj reflects on some of the most significantly problematic areas in the relationship between sex and religion from sex before or outside of marriage to homosexuality Through many examples from world religions he outlines what people mean by sex in a religious context with whom it s permissible to have sex how sex can be a directly religious experience and what consequences there are for deviance for both the individual and society As Endsj explains while Buddhist monks call attention to gay sex as a holy mystery the Christian church questions a homosexual s place in the church Some religions may believe that promiscuity leads to hurricanes and nuclear war and in others God condemns interracial marriage *Sex and Religion* reveals there is nothing natural or self evident about the ways in which various religions prescribe or proscribe and bless or condemn different types of sexuality Whether sex becomes sacred or abhorrent depends entirely on how a religion defines it *Sex and Religion* is a fascinating investigation of mores meanings rituals and rules in many faiths around the globe and will be of interest to anyone curious about the intersection of these fundamental aspects of human history and experience
