Sex And Sensibility Ideal And Erotic Love From Milton To Mozart:

Sex and Sensibility Jean H. Hagstrum, 1980-01-01 This book focuses on the idea of love in all its aspects from the Restoration to Romanticism *Sexuality in Eighteenth-century Britain* Paul-Gabriel Boucé, 1982 The Courtship Novel, 1740-1820 Katherine Sobba Green, 2021-10-21 The period from her first London assembly to her wedding day was the narrow span of autonomy for a middle class Englishwoman in the eighteenth and early nineteenth centuries For many women as Katherine Sobba Green shows the new ideal of companionate marriage involved such thoroughgoing revisions in self perception that a new literary form was needed to represent their altered roles That the choice among suitors ideally depended on love and should not be decided on any other grounds was a principal theme among a group of heroine centered novels published between 1740 and 1820 During these decades some two dozen writers most of them women published such courtship novels Specifically aiming them at young women readers these novelists took as their common purpose the disruption of established ideas about how dutiful daughters and prudent young women should comport themselves during courtship Reading a wide range of primary texts Green argues that the courtship novel was a feminized genre written about by and for women She challenges contemporary readers to appreciate the subtleties of early feminism in novels by Eliza Haywood Mary Collyer Charlotte Lennox Samuel Richardson Frances Brooke Fanny Burney Mary Wollstonecraft Jane West Mary Brunton Maria Edgeworth and Jane Austen to recognize that these courtship novelists held in common a desire to reimagine the subject positions through which women understood themselves Victorian Modernism Jessica R. Feldman, 2009-10 In Victorian Modernism Pragmatism and the Varieties of Aesthetic Experience Jessica Feldman sheds a pragmatist light on the relation between the Victorian age and Modernism by dislodging truistic notions of Modernism as an art of crisis rupture elitism and loss She examines aesthetic sites of Victorian Modernism including workrooms parlours friendships and family relations as well as printed texts and paintings as they develop through interminglings and continuities as well as gaps and breaks Examining the works of John Ruskin art critic and social thinker Dante Gabriel Rossetti poet and painter Augusta Evans best selling domestic novelist and William James philosopher and psychologist Feldman relates them to selected twentieth century creations She reveals these sentimental domestic and sublime works to be pragmatist explorations of aesthetic realms This study which leads Modernism back into the Victorian age will be of interest to scholars of literature art history and philosophy **Women and Literature in Britain, 1700-1800** Vivien Jones, 2000-03-09 This book first published in 2000 is an authoritative volume of new essays on women s writing and reading in the eighteenth century **The Language of the Heart, 1600-1750** Robert A. Erickson, 1997-01-29 Erickson English U of California Santa Barbara examines both scientific and romantic portrayals of the human heart in early modern English literature After reviewing the Biblical heart he considers William Harvey s model of a phallic pump in a feminized body Milton s Paradise Lost Richardson s Clarissa Aphra Behn s Oroonoke as a women s perspective and other works Annotation

Rousseau, Elaine Showalter, 2024-03-29 She s hysterical For centuries the term hysteria has been used by physicians and laymen to diagnose and dismiss the extreme emotionality and mysterious physical disorders presumed to bedevil others especially women How did this medical concept assume its power What cultural purposes does it serve Why do different centuries and different circumstances produce different kinds of hysteria These are among the questions pursued in this absorbing erudite reevaluation of the history of hysteria The widely respected authors draw upon the insights of social and cultural history rather than Freudian psychoanalysis to examine the ways in which hysteria has been conceived by doctors and patients writers and artists in Europe and North America from antiquity to the early years of the twentieth century In so doing they show that a history of hysteria is a history of how we understand the mind This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1993 *The Ideology of Conduct (Routledge Revivals)* Nancy Armstrong, Leonard Tennenhouse, 2014-06-17 In *The Ideology of Conduct* first published in 1987 scholars from various fields from the medieval period to the present day discuss literature in which the sole purpose is to instruct women in how to make themselves desirable This collection investigates how middle class writers who had long emulated the behaviour of the aristocracy began to criticise that behaviour by formulating an alternative object of desire They did so without appearing to breed political controversy because it seemed to concern only the female But writing for and about women in fact became a powerful instrument of hegemony as it introduced a whole new vocabulary for social relations induced certain forms of economic behaviour as desirable in men and women respectively and insured the reproduction of the nuclear family It is argued therefore that the literature of conduct not only recorded but also assisted the production of our contemporary gender based culture **Revolutionary Love in Eighteenth- and Early Nineteenth-Century France** Allan H. Pasco, 2016-12-05 In this innovative study the author carves out a new field a sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Bachelard d Arnaud Pigault Lebrun and Madame de Sta l make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion

became and remained the ideal and the Romantics were left to plumb its nature **The Cambridge Companion to the Eighteenth-Century Novel** John Richetti, 1996-09-05 In the past twenty years our understanding of the novel's emergence in eighteenth century Britain has drastically changed Drawing on new research in social and political history the twelve contributors to this Companion challenge and refine the traditional view of the novel's origins and purposes In various ways each seeks to show that the novel is not defined primarily by its realism of representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe Swift Richardson Henry Fielding Sterne Smollett and Burney This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for students of the eighteenth century British novel and its place within the culture of its time
