Long Ride Home:

Long Ride Home W. Michael Gear, 2008-10-28 Theo Belk is the quintessential gunfighter rootless ruthless and deadly In the fierce and lawless Western frontier of 1874 these traits were what was needed to stay alive Haunted by the ghosts of the men he s killed there is one man he has set out to destroy Louis Gasceaux the man who murdered his parents while a younger Theo watched But the trail Theo s following is long and bloody and Louis always seems to stay a few steps ahead This is how it was from gritty buffalo and gold camps to brawling building towns like Denver Cheyenne and Dodge City populated with ambitious dreamers deluded fools and pragmatic women At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied The Matejkas Nancy Mathews, Slava Matejka Mowll, 2008-03 Jerry and Elizabeth Matejka met on a boat traveling from Bohemia now known as the Czech Republic to Baltimore Maryland in 1907 To pursue their dreams in America Jerry and Elizabeth traveled halfway around the world and joined the ranks of the idealistic hardworking immigrants flocking to the United States in the early twentieth century Strangers at the beginning of the voyage the two young lovers were inseparable upon arrival in America and they married soon after their boat docked in the Maryland harbor The Matejkas is the remarkable true story of these two determined pioneers and their life together as they started a business and raised a family in their new homeland Told from the loving perspective of their daughter Slava Matejka Mowll The Matejkas is a compelling family biography brought alive by vivid narrative and the imagery of beautifully preserved family photographs From the Matejkas early days in Baltimore to the intense drama of the Second World War the author s memoir is a fascinating view of the life experiences of first generation Americans An unforgettable true saga The Matejkas is a story of persistence and triumph told against the backdrop of one of the most important eras in American history **Bitter Fruit** Maureen Honey, 1999 Despite the participation of African American women in all aspects of home front activity during World War II advertisements recruitment posters and newsreels portrayed largely white women as army nurses defense plant workers concerned mothers and steadfast wives This sea of white faces left for posterity images such as Rosie the Riveter obscuring the contributions that African American women made to the war effort In Bitter Fruit Maureen Honey corrects this distorted picture of women s roles in World War II by collecting photos essays fiction and poetry by and about black women from the four leading African American periodicals of the war period Negro Digest The Crisis Opportunity and Negro Story Mostly appearing for the first time since their original publication the materials in Bitter Fruit feature black women operating technical machinery working in army uniforms entertaining audiences and pursuing a college education The articles praise the women s accomplishments as pioneers working toward racial equality the fiction and poetry depict female characters in roles other than domestic servants and give voice to the bitterness arising from discrimination that many women felt With these various images Honey masterfully presents the roots of the postwar civil rights movement and the leading roles black women played in it Containing works from eighty writers this anthology includes forty African

American women authors most of whose work has not been published since the war Of particular note are poems and short stories anthologized for the first time including Ann Petry s first story Octavia Wynbush s last work of fiction and three poems by Harlem Renaissance writer Georgia Douglas Johnson Uniting these various writers was their desire to write in the midst of a worldwide military conflict with dramatic potential for ending segregation and opening doors for women at home Traditional anthologies of African American literature jump from the Harlem Renaissance to the 1960s with little or no reference to the decades between those periods Bitter Fruit not only illuminates the literature of these decades but also presents an image of black women as community activists that undercuts gender stereotypes of the era As Honey concludes in her introduction African American women found an empowered voice during the war one that anticipates the fruit of their wartime effort to break silence to challenge limits and to change forever the terms of their lives Bikers Dave
