Mile Marker Zero William McKeen, 2011 Looks at an interesting era in the history of Key West which became the creative center of the world for a number of writers musicians and others in the 70s including Jimmy Buffett Hunter S Thompson and more By the author of *Outlaw Journalist*

Network of Bones Sean Morey, 2019-03-27 Both a far removed place of refuge for the fringe of society and a high status vacation destination the Keys remain a legendary yet fragile place still threatened by a human made disaster the 2010 Deepwater Horizon oil spill Likewise Key West Florida can be many things to many people evoking laidback Margaritaville for some and Ernest Hemingway for others In this mixture of memoir travel writing philosophical reflection natural and cultural history and meditation on language Sean Morey wrestles with the varied and often contradictory nature of his hometown Morey turns a sharp eye inward teasing out the layers of natural and cultural developments that have shaped the Keys for both millions of years and

the past few decades He asks What does it take for humans to accept our impact on Earth and more importantly what will move humans to take action to reverse adverse impacts The answer Morey posits lies in imaginative thinking in building connections between locations and individual interests and backgrounds to create a foundation for widespread ecological ethics In Network of Bones Morey guides readers through different images of Key West and connects them to global environmental issues including overfishing rising sea levels and polluted oceans Morey s writing stimulates memory and invites engagement with the world as he shows us how learning about one place no matter how specific and eccentric that place might be can teach us about all other places It s just a matter of imagination The author s proceeds from the sale of this book will benefit Coastal Conservation Association Florida

Conversations with Thomas McGuane Thomas

McGuane,2007 Collected interviews with the author of Ninety two in the Shade The Sporting Club and other novels **Lost in the New West** Mark Asquith,2021-10-07 Lost in the New West investigates a group of writers John Williams Cormac McCarthy Annie Proulx and Thomas McGuane who have sought to explore the tensions inherent to the Western where the distinctions between old and new myth and reality authenticity and sentimentality are frequently blurred Collectively these authors demonstrate a deep seated attachment to the landscape people and values of the West and offer a critical appraisal of the dialogue between the contemporary West and its legacy Mark Asquith draws attention to the idealistic young men at the center of such works as Williams s Butcher s Crossing 1960 McCarthy s Blood Meridian 1985 and Border Trilogy Proulx s Wyoming stories and McGuane s Deadrock novels For each writer these characters struggle to come to terms with the difference between the suspect mythology of the West that shapes their identity and the reality that surrounds them They are in short lost in the new West Bicycle! Sam Tracy,2013-01-25 There is nothing sacrosanct about bike repair Its pursuit only requires the will to learn At their finest hours bikes exist on a level above mere machines and there s no reason why the joy should end when the ride is over Bicycle written by a long time bicycle mechanic covers everything you need to know to feed and care for your ride This book cuts through the obtuse techno speak and delivers maintenance clarity with a touch of humor and radicalism while categorically denying mechanistry s supposed dreariness Bicycle is about encouraging society to learn for themselves how to make their bikes work not because they have to but because they want to With detailed descriptions of all maintenance tasks and repair situations clearly illustrated with photographs and drawings this guide will serve the need for a serious rider s manual Professional bicycle workers messengers mechanics pedi cab drivers as well as bicycle commuters have been waiting for this book This second edition includes an abundance of helpful photos an expanded index and an updated resources section Moreover it benefits from insights gained through five years worth of additional mechanic experience including low cost and no cost repair solutions the author developed while serving as a Peace Corps Volunteer in Mauritania Some of the Topics Covered Essential Tools Bike Components Maintaining Adjusting Repairing On the Road Repairs Build Your Own Scavenging Locks Thief Deterrents Rust the Elemental Bike Nemesis And much much more

WLA ,2006 Hunting Nature Thomas P. Hodge,2020-10-15 In *Hunting Nature* Thomas P Hodge explores Ivan Turgenev s relationship to nature through his conception description and practice of hunting the most unquenchable passion of his life Informed by an ecocritical perspective Hodge takes an approach that is equal parts interpretive and documentarian grounding his observations thoroughly in Russian cultural and linguistic context and a wide range of Turgenev s fiction poetry correspondence and other writings Included within the book are some of Turgenev s important writings on nature never previously translated into English Turgenev who is traditionally identified as a chronicler of Russia s ideological struggles is presented in *Hunting Nature* as an expert naturalist whose intimate knowledge of flora and fauna deeply informed his view of philosophy politics and the role of literature in society Ultimately Hodge argues that we stand to learn a great deal about Turgenev s thought and complex literary technique when we read him in both cultural and environmental contexts Hodge details how Turgenev remains mindful of the way textual detail is wedded to the organic world the priroda that he observed and ached for more keenly than perhaps any other Russian writer
