full international context      The Origins of the Arab Israeli Wars Ritchie Ovendale, 2015-10-23 This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject weaving different strands of the story into a single coherent narrative thus making it essential reading for all students studying conflict in the Middle East Of all the troubles affecting the modern world few are as topical deep rooted and intractable as the Arab Israeli conflict For this region an understanding of the past is vital to an understanding of the present Ritchie Ovendale's classic study of the roots of the conflict is now updated for a fourth time and considers events until 2003      *The Hashemites* Robert McNamara, 2010-09-07 The story of the Arab Revolt and the Hashemite princes who led it during the First World War is inextricably linked in modern eyes to the legend of Lawrence of Arabia as portrayed in David Lean's 1962 film But behind this romantic image lies a harsher reality of wartime expediency double dealing and dynastic ambition which shaped the modern Middle East and laid the foundations of many of the conflicts that rack the region to this day Arab nationalists claim that British instigation for the Arab Revolt against the Ottoman Empire was a commitment to independence for the Arab people but in this book Robert McNamara shows how the British cultivated the Hashemite Sherifs of Mecca more as an alternative focus during the First World War for Muslim loyalty from the Ottoman Sultan who as Caliph had declared a jihad against the Allies when the Turks joined the Central Powers than a leader of an independent and united Arabia At the same time the Sykes Picot Agreement divided up the Middle East between British and French spheres of influence The sense of betrayal that this caused has coloured Arab nationalists' views of the West ever since The main countries of the Middle East Jordan Syria and Iraq are all the creations of the post First World War settlement worked out at the Paris Peace Conference The story of the Hashemite dynasty at the Paris Peace Conference is the story of the birth of the modern history of a region that is now more than ever at the centre of world affairs      **Palestine and the Palestinians** Samih K. Farsoun, 2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return Jerusalem the diplomatic peace process and two state single state solutions      **A Concise History of the Middle East** Ibrahim Al-Marashi, Arthur Goldschmidt Jr., 2018-09-03 A Concise History of the Middle East provides a comprehensive introduction to the history of this turbulent region Spanning from pre Islam to the present day it explores the evolution of Islamic institutions and culture the influence of the West modernization efforts in the Middle East the struggle of various peoples for political independence the Arab Israel conflict the reassertion of Islamic values and power the issues surrounding the Palestinian Question and the Middle East post 9 11 and post Arab uprisings The twelfth edition has been fully revised to reflect the most recent events in and concerns of the region including the presence of ISIS and other non state actors the civil wars in Syria and Yemen and the refugee crisis New parts and part timelines will

help students grasp and contextualize the long and complicated history of the region With updated biographical sketches and glossary and a new concluding chapter this book remains the quintessential text for students of Middle East history

*Soviet Jewish Aliyah, 1989-1992* Clive Jones, 1996 *Soviet Jewish Aliyah 1989-92* provides new insights into a period of fundamental change in Israel and the Middle East It explains how the Israeli government failed to effectively handle the integration of new emigres from the Soviet Union and how it alienated traditional Likud supporters among Oriental Jews in Israel Clive Jones's argument is that by placing its ideological commitment to the retention of the West Bank above other priorities the Likud leadership made itself beholden to the United States for financial assistance which was then denied The resulting fundamental change in the composition and orientation of the Israeli political leadership has had a major influence on the course of the Arab Israeli peace process
