Radauskas This book enlarges the scope of riddles as a root of lyric by connecting it with the folkloristic concept of riddling essentially a question and answer series and by tracing the influence of the root in poetic methodology The Riddle in the Poem may be defined as an attempt to advance the notion which has been discussed in previous folkloristic and literary studies which riddle as the root of lyric manifests itself in various ways **Hindi Poetry in a Musical Genre** Lalita du Perron,2007-03-06 Indian classical music has long been fascinating to Western audiences most prominently since the Beatles sessions with Ravi Shankar in the 1960s This fascination with the musical genre still prevails in the twenty first century Hindi Poetry in a Musical Genre examines Thumri Lyrics a major genre of Hindustani music from a primarily linguistic perspective On a cultural level it discusses the interface between devotional and secular poetry Furthermore it explains the impact of social and political change on the musical life on North India Well written and thoroughly researched this book is a valuable contribution to the field of South Asian studies It will be interesting to academics across the discipline including linguistics politics sociology cultural and gender studies *The History and Anatomy of Auctorial Self-Criticism in the European Middle Ages* Anita Obermeier,2023-12-28 This study outlines the history and anatomy of the European apology tradition from the sixth century BCE to 1500 for the first time The study examines the vernacular and Latin tales lyrics epics and prose compositions of Arabic English French German Greek Icelandic Italian Spanish and Welsh authors Three different strands of the apology tradition can be proposed The first and most pervasive strand features apologies to pagan deities and later to God The second most important strand contains literary apologies made to an earthly audience usually of women A third strand occurs more rarely and contains apologies for varying literary offenses that are directed to a more general audience The medieval theory of language privileges an imitation of the Christian master narrative and a hierarchical medieval view of authorship These notions express a medieval philosophical concern about language and its role and therefore the role of the author in cosmic history Despite the fact that women apologize for different purposes and reasons their examples illustrate on yet another level the antifeminist subtext inherent in the entire apology tradition Overall the apology tradition characterized by interauctoriality intertextuality and intratextuality enables self critical authors to refer not only backward but also primarily forward making the medieval apology a progressive strategy that engenders new literature This study would be relevant to all medievalists especially those interested in literature and the history of ideas **New American Poets of the 80's** Jack Myers,Roger Weingarten,1984 **The Social Conscience of Latin American Writing** Naomi Lindstrom,2010-01-01 A CHOICE Outstanding Academic Book Literature in Latin America has long been a vehicle for debates over the interpretation of social history cultural identity and artistic independence Indeed Latin American literature has gained international respect for its ability to present social criticism through works of imaginative creation In this comprehensive up to the minute survey of research and opinion by leading Latin American cultural and literary critics Naomi Lindstrom examines five concepts that are currently the focus of intense debate among Latin American writers and thinkers

Writing in simple clear terms for both general and specialist readers of Latin American literature she explores the concepts of autonomy and dependency postmodernism literary intellectuals and the mass media testimonial literature and gender issues including gay and lesbian themes Excerpts in English from relevant literary works illustrate each concept while Lindstrom also traces its passage from the social sciences to literature **Nature's Colloquy with the Word** Kay Pritchett,2004 This goal allies her with poets from Spain's symbolist past who acknowledge the insufficiency of language yet pursue elusive meaning Canelo's poetry advances their struggle since through a method ecofeminist Carol Bigwood has called nonlinguistic silent presencing she is able to finesse an apparent fusion between nature and the word Jacket

Breaking New Ground W.
