What About Same Sex Marriage and Another Look at Religion Willie J. Duncan Sr. D.D. D.Re. Ph.D,2015-09-02 In light of the new wave of Pseudo religion Ideology it is necessary to give a concrete response to it Same Sex marriages have been put forth as a new civil rights issue Which it must be determined whether it is Civil or Right Should credence be given to Homosexuality to be recognize by religion or government as a new moral or immoral privilege Only Species have the rights to exist When this lifestyle cannot produce off springs it does not exist The concept is pseudo philosophy or pseudo religious It must be governed by the same law and principles of other species Homosexuals should be restricted to the species of the human family Homo Sapiens Male and Female This then will destroy the idea of it *A Fresh Look at Islam in a Multi-Faith World* Matthew Wilkinson,2014-10-30 WINNER Cheryl Frank Memorial Prize International Association of Critical Realism A Fresh Look at Islam in a Multi Faith World provides a comprehensively theorised and practical approach to thinking systematically and deeply about Islam and Muslims in a multi faith world It makes the case for a contemporary educational philosophy to help young Muslims surmount the challenges of post modernity and to transcend the hiatuses and obstacles that they face in their interaction and relationships with non Muslims and visa versa It argues that the philosophy of critical realism in its original dialectical and metaReal moments so fittingly underlabours Bhaskar 1975 for the contemporary interpretation clarification and conceptual deepening of Islamic doctrine practice and education as to suggest a distinctive branch of critical realist philosophy specifically suited for this purpose This approach is called Islamic Critical Realism The book proceeds to explain how this Islamic Critical Realist approach can serve the interpretation of the consensual elements of Islamic doctrine such as the six elements of Islamic belief and the five pillars of Islamic practice so that these essential features of the Muslim way of life can help Muslim young people to contribute positively to life in multi faith liberal democracies in a globalising world Finally the book shows how this Islamic Critical Realist approach can be brought to bear in humanities classrooms by history religious education and citizenship teachers to help Muslim young people engage informatively and transformatively with themselves and others in multi faith contexts *Unveiling Islam* Ergun Mehmet Caner,Emir Fethi Caner, Two former Sunni Muslims now Christian theology professors explain the beliefs customs ethics and practices of Islam **Islam: A Brief Look at Faith and History (Revised Edition)** Hafiz Ikhlas Ansari,2017-02-26 Paperback Islam has influenced and continues to influence many cultures around the globe It is shaping history cultures and civilizations Sadly most of us only receive a two dimensional look at Islam a view that is often distorted by the brevity of the media sound bites or by opinionated agendas Our intention with this book is to present Islam its teachings and the history of those who follow it It is not a comprehensive study nor should it be seen as definitive Rather it should be used as a stimulus for further detailed study We hope and pray that this effort becomes a source of promoting much needed harmony peace tolerance and coexistence in the human family This can be done through school education systems interfaith sessions mosque

open houses educational seminars and individual readership This new Revised Edition has larger text clearer graphics and many new additions to the previous text

Untangling Terrorism from Religion: A Deeper Look into the Roots of Violent Extremism Sarwat Parvez, 2025-06-08 Terrorism has long haunted modern societies capturing the attention of governments media outlets and the public alike In the rush to explain the inexplicable many turn to religion as the root cause But this simplistic and often biased interpretation overlooks the true complexity behind acts of terror Terrorism is not born from faith alone it is deeply entangled with political social and psychological conditions No single religion has a monopoly on violence and framing terrorism as inherently religious only hinders our understanding and our ability to respond effectively

[A Closer Look at Islam](#) Syed B Ali,2016-11-09 Religious leaders and reformers have always had a hard time in their day They have been ridiculed and rejected and many of those who supposedly accepted them have been either weak in spirit or manifest enemies in disguise Subsequent generations of the faithful have clashed in their understanding of the master s teachings spawning the rise of different interpretations Moses and Jesus were troubled not only by their enemies but also by weak people among the faithful Islam was not destined to fare much better Historical accuracy was sacrificed to meet the needs of a divided community And in due course Islam s sacred scripture essentially a compilation of revelations to Muhammad was hijacked by literalists who distorted its message A Closer Look at Islam attempts to show that the arguments of some critics are based largely on misinformation and that Islam would be better understood by a more serious study of its scripture and the lives of some of its role models It also discusses poorly based conjectures that Muhammad was more myth than fact and the arguments of prominent atheists about the existence of a Supreme Creator
