L'opéra Italien En France Avant Lulli

Mark A. Radice

L'opéra Italien En France Avant Lully:

L'opéra italien en France avant Lully Henry Prunières, 1913 D'une scène à l'autre, l'opéra italien en Europe: La musique à l'épreuve du théâtre Damien Colas, Alessandro Di Profio, 2009 L'opéra italien n'a cessé de s'enrichir au contact de la littérature française Les changes entre ces deux genres se caractérisent par le double jeu de proximité et de distance qui existe entre eux La recherche en dramaturgie musicale claire les questions auxquelles sont confrontés traducteurs librettistes et compositeurs dans leur travail de recriture pour la scène lyrique italienne

L'opéra Italien en France Avant Lully Henry Prunières, 1913 *Opera and the Political Imaginary in Old Regime France* Olivia Bloechl, 2018-03-01 From its origins in the 1670s through the French Revolution serious opera in France was associated with the power of the absolute monarchy and its ties to the crown remain at the heart of our understanding of this opera tradition especially its foremost genre the tragédie en musique In *Opera and the Political Imaginary in Old Regime France* however Olivia Bloechl reveals another layer of French opera's political theater The make-believe worlds on stage she shows involved not just fantasies of sovereign rule but also aspects of government Plot conflicts over public conduct morality security and law thus appear side by side with tableaux hailing glorious majesty What's more opera's creators dispersed sovereign-like dignity and powers well beyond the genre's larger-than-life rulers and gods to its lovers magicians and artists This speaks to the genre's distinctive combination of a theological political vocabulary with a concern for mundane human capacities which is explored here for the first time By looking at the political relations among opera characters and choruses in recurring scenes of mourning confession punishment and pardoning we can glimpse a collective political experience underlying and sometimes working against ancien régime absolutism Through this lens French opera of the period emerges as a deeply conservative yet also more politically nuanced genre than previously thought

Music and Theatre in France, 1600-1680 John S. Powell, 2000 During the course of the 17th century the dramatic arts reached a pinnacle of development in France but despite the volumes devoted to the literature and theatre of the ancien régime historians have largely neglected the importance of music and dance This study defines the musical practices of comedy tragicomedy tragedy and mythological and non-mythological pastoral drama from the arrival of the first repertory companies in Paris until the establishment of the Comédie Française The dynamic interaction of the performing arts in primarily spoken theatre cross-fertilized by ballet de cour and imported Italian opera gave rise to a set of musical conventions that later informed the pastorale en musique and early French pastoral opera The performance history of four comedies-ballets by Molière Lully and Charpentier leads to a discussion of the musical and balletic performance practices of Molière's theatre and the interconnections between Molière's last comedy-ballet *Le Malade imaginaire* and Lully's first opera *Les Fêtes de l'Amour et de Bacchus*

The Italian Comedy Pierre Louis Duchartre, 1929

Dance, Spectacle, and the Body Politick, 1250-1750 Jennifer Nevile, 2008 An engaging overview of dance from the Medieval era through the Baroque The Early Baroque Era Curtis Price, 1993-11-09 **Poussin and France** Todd

Olson, Nicolas Poussin, 2002-01-01 Nicolas Poussin perhaps the most famous French painter of the seventeenth century lived and worked for many years in Rome Yet he remained deeply engaged with cultural and political transformations occurring in France argues Todd R Olson in this original exploration of Poussin s paintings their production and their reception Poussin s references to ancient literature and sculpture addressed a political elite the Robe nobility whose humanist education in classical antiquity equipped them to relate Greek and Roman history to contemporary events and to deploy ancient precedents in legalistic and political arguments When the French civil war known as the Fronde erupted in the middle of the seventeenth century the paintings that Poussin exported to France responded directly in both subject and style to the crisis in monarchical authority and the disenfranchisement of his Robe patrons Olson demonstrates that Poussin s association with a disgraced political group his loss of official support and his exile in Italy imbued his history paintings with a symbolic weight The painter s audience considered the hardearned pleasures of his restrained difficult pictorial style a benchmark of integrity as well as a criticism of the Regency s indiscriminate collecting practices and taste for foreign luxury Poussin transformed the easel painting its making and collection into an expression of cultural and political commitments binding a community Olson s fresh insights reveal the importance of this painter s work to a learned and powerful French constituency at a critical moment in French history and demonstrate that Poussin s famously timeless style was far more responsive to historical contingencies than has been previously recognized

Opera Guy A. Marco, 2002-05-03 Opera is the only guide to the research writings on all aspects of opera This second edition presents 2 833 titles over 2 000 more than the first edition of books parts of books articles and dissertations with full bibliographic descriptions and critical annotations Users will find the core literature on the operas of 320 individual composers and details of operatic life in 43 countries All relevant works through to November 1999 have been considered covering more than fifteen years of literature since the first edition was published

Readying Cavalli's Operas for the Stage Ellen Rosand, 2017-07-05 After more than three centuries of silence the voice of Francesco Cavalli is being heard loud and clear on the operatic stages of the world The coincidence of productions at La Scala Milan and Covent Garden London in the same month September 2008 of two different operas signals a new stage in the recovery of these extraordinary works confined until now to special venues committed to early music opera festivals conservatory and university productions The works of the composer who is credited with having invented the genre of opera as we know it are finally enjoying a renaissance A new edition of Cavalli s twenty eight operas is in preparation and the composer and his works are at the center of a great deal of new scholarship ranging from the study of sources and production issues to the cultural context of opera of this period In the face of such burgeoning interest this collection of essays considers the Cavalli revival from various points of view In particular it explores the multiple issues involved in the transformation of an operatic manuscript into a performance Although focused on the works of Cavalli much of this material can transfer easily to other operatic repertoires Following an introductory part reflecting back on four

decades of Cavalli performances by some of the conductors responsible for the revival of interest in the composer the collection is divided into four further parts The Manuscript Scores Giasone Production and Interpretation Making Librettos and Cavalli Beyond Venice *Portrait of a Castrato* Roger Freitas, 2009-05-14 A fascinating insight into the life and music making of the most documented musician of the seventeenth century castrato Atto Melani A History of Music Paul Landormy, 1923 **Programme** Boston Symphony Orchestra, 1914 French Musical Thought, 1600-1800 Georgia Cowart, 1989 The seventeenth and eighteenth centuries in France were witness to dramatic changes in all aspects of social and cultural life During this era a new and modern spirit of critical inquiry arose a change in ethos that had a major effect on all the arts French Musical Thought 1600 1800 is a diverse collection of essays offering new perspectives and insight on musical opinion during one of the most fascinating periods in French history The essays in this volume the authors of which include musicologists historians and literary scholars illuminate clearly the relationship of critical thought in music to contemporary developments in philosophy art literature and politics In the final analysis scholars contend that music aesthetics criticism and theory can be understood only against the backdrop of a dynamic cultural milieu Contributors Claude V Palisca Jane R Stevens Louis E Auld Gloria Flaherty Robert M Isherwood Albert Cohen Barbara Russano Hanning David Allen Duncan Charles Dill Georgia Cowart **Desperate Measures** Claire Fontijn, 2006-10-19 One of the most fascinating figures of seventeenth century music composer and singer Antonia Padoani Bembo c 1640 c 1720 was active in both Venice and Paris Her work provides a unique cross cultural window into the rich musical cultures of these cities yet owing to her clandestine existence in France for almost three centuries Bembo s life was shrouded in mystery In this first ever biography Clare Fontijn unveils the enthralling and surprising story of a remarkable woman who moved in the musical literary and artistic circles of these European cultural centers *The French Stage in the XVIIth Century* Thomas Edward Lawrenson, 1957 Opera in Context Mark A. Radice, 1998 These essays by respected scholars examine representative operatic productions from diverse national schools and periods together forming a comprehensive history of the staging techniques of opera over the centuries **Le ballet de cour en France, avant Benserade et Lully** Henry Prunières, 1913 **Aesthetics of Opera in the Ancien Régime, 1647-1785** Downing A. Thomas, 2002 This is the first study to recognize the broad impact of opera in early modern French culture Downing A Thomas considers the use of operatic spectacle and music by Louis XIV as a vehicle for absolutism the resistance of music to aesthetic and political agendas of the time and the long term development of opera in the eighteenth century humanist culture He argues that French opera moved away from the politics of the absolute monarchy in which it originated to address Enlightenment concerns with sensibility and feeling The book combines close readings of significant seventeenth century and eighteenth century operatic works circumstantial writings and theoretical works on theater and opera together with a measure of reception history Thomas examines key works by Lully Rameau and Charpentier among others and extends his reach from the late seventeenth century to the end of

the eighteenth
