**A Generation of Spanish Poets 1920-1936** C. B. Morris, 1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they shared certain themes and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically

examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets     The Basque Poetic Tradition Gorka Aulestia,2000 A study of the literary heritage of the Basque people     **Introduction to Spanish Poetry** Eugenio Florit,2012-09-19 From the 12th century Cantar de M o Cid to the 20th century poetry of Garcia Lorca Salinas and Alberti this book contains 37 poems by Spain s greatest poets Spanish texts with literal English translations biographical critical commentary     Spanish Poetry of the Twentieth Century Andrew Debicki,2021-12-14 Twentieth century Spanish poetry has received comparatively little attention from critics writing in English Andrew Debicki now presents the first English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature     **Spanish Poetry of the Grupo Poético de 1927** Geoffrey Connell,2014-05-17 Spanish Poetry of the Grupo Poético de 1927 is an anthology of poems by members of Grupo Poético de 1927 an association of poets who sought to detach poetry from non poetic elements such as narrative anecdote political or social preoccupations or didacticism Seven poets are represented Pedro Salinas Jorge Guillén Gerardo Diego Federico García Lorca Vicente Aleixandre Rafael Alberti and Luis Cernuda This text consists of eight chapters and begins with an introduction to changing trends in poetry in Spain between 1918 and the present Biographical notes are included to show the effect or lack of effect of these movements on the individual poets Movements such as ultraísmo and maestría are discussed along with the tercentenary of the death of Spanish poet Luis de Góngora the crisis suffered by the Grupo and late developments in the poets of the Grupo The chapters that follow focus on the works of the Grupo poets This book is written specifically for sixth formers and undergraduates as well as anyone with an interest in Spanish poetry     *Modernism and the New Spain* Gayle Rogers,2012 Drawing on transnational literary studies periodical studies translation studies and comparative literary history *Modernism and the New Spain* illuminates why Spain has

remained a problematic space on the scholarly map of international modernisms *Spanish contemporary poetry* Diana Cullell, 2016-05-16 Spanish contemporary poetry An anthology presents a selection of Spanish peninsular poetry from the 1970s to the present day with an introductory study of the most relevant poetic trends and poetic groups of the period followed by guided and close readings of each poem The anthology includes poems by twenty two authors selected according to their literary rigour and with attention to the relevance of their work a comprehensive introductory study notes thorough individual commentaries to the poems and lists of selected vocabulary and rhetorical terms that provide accessibility to the anthology The poetic selection is divided into sections and subsections in order to aid its pedagogical intent covering the poetry written during the transition to democracy the emergence of poetry written by women in the 1980s the Spanish poetic field of the 1990s the poetry written at the turn of the new millennium and some of the youngest voices in Spanish poetry today English speaking students working in the field of Hispanic literature but also a more general reader keen on literature written in Spanish language should thoroughly enjoy this work *The Literature of Spain and Latin America* Britannica Educational Publishing, 2010-04-01 From the whimsical idealism of Miguel de Cervantes Don Quixote to the magical realism of Gabriel Garc a M rquez s 100 Years of Solitude Spanish language literature has substantially enriched the global literary canon This volume examines the vibrant prose and dynamic range of both Spanish and Latin American authors whose narratives are informed as much by their imaginations as the turbulent histories of these native lands Influenced by a plethora of diverse cultures these tales truly tell a global story **The Cultural Politics of Twentieth-Century Spanish Theater** Carey Kasten, 2012-02-16 The Cultural Politics of Twentieth Century Spanish Theater argues that twentieth century artists used the Golden Age Eucharist plays called autos sacramentales to reassess the way politics and the arts interact in the Spanish nation s past and present and to posit new ideas for future relations between the state and the national culture industry The book traces the phenomenon of the twentieth century auto to show how theater practitioners revisited this national genre to manifest different oftentimes opposing ideological and aesthetic agendas It follows the auto from the avant garde stagings and rewritings of the form in the early twentieth century to the Francoist productions by the Teatro Nacional de la Falange to postmodern parodies of the form in the era following Franco s death to demonstrate how twentieth century Spanish dramatists use the auto in their reassessment of the nation s political and artistic past and as a way of envisioning its future The Feeling of History Charles Hirschkind, 2020-12-25 In today s world the lines between Europe and the Middle East between Christian Europeans and Muslim immigrants in their midst seem to be hardening Alarmist editorials compare the arrival of Muslim refugees with the Muslim conquest of 711 warning that Europe will be called on to defend its borders Violence and paranoia are alive and well in Fortress Europe Against this xenophobic tendency The Feeling of History examines the idea of Andalucismo a modern tradition founded on the principle that contemporary Andalusia is connected in vitally important ways with medieval Islamic Iberia Charles Hirschkind explores the works and lives of writers thinkers poets

artists and activists and he shows how taken together they constitute an Andalusian sensorium Hirschkind also carefully traces the various itineraries of Andalucismo from colonial and anticolonial efforts to contemporary movements supporting immigrant rights The Feeling of History offers a nuanced view into the way people experience their own past while also bearing witness to a philosophy of engaging the Middle East that experiments with alternative futures *Voices from the Fuente Viva* Amy Nauss Millay,2005 Many twentieth century Spanish American writers sought to give voice to their countries native inhabitants Drawing upon anthropology and literary theory this book explores the representation of orality by major Spanish American anthropologist writers Lydia Cabrera Jose Maria Arguedas and Miguel Barnet These writers played a quintessential role of the Spanish American writer from colonial times to the present they inscribed the mythical world of a vanishing Other by creating a poetic effect of orality in their ethnographies and narratives This book argues that supposed differences between oral and written culture are rhetorical devices in the elaboration of literature specifically modern fiction in Spanish America Fictionalization of the oral requires adherence to the theory of a great divide between orality and literacy Because the texts considered here are predicated on the ideality of speech a contradiction underlies their shared desire to salvage oral tradition This book explores how anthropologist writers have addressed this compelling dilemma in their anthropological and narrative writings at Tufts University **Bob Dylan and Leonard Cohen** David Boucher, Lucy Boucher,2021-04-08 Both Dylan and Cohen have been a presence on the music and poetry landscape spanning six decades This book begins with a discussion of their contemporary importance and how they have sustained their enduring appeal as performers and recording artists The authors argue that both Dylan and Cohen shared early aspirations that mirrored the Beat Generation They sought to achieve the fame of Dylan Thomas who proved a bohemian poet could thrive outside the academy and to live his life of unconditional social irresponsibility While Dylan s and Cohen s fame fluctuated over the decades it was sustained by self consciously adopted personas used to distance themselves from their public selves This separation of self requires an exploration of the artists relation to religion as an avenue to find and preserve inner identity The relationship between their lyrics and poetry is explored in the context of Federico Garc a Lorca s concept of the poetry of inspiration and the emotional depths of duende Such ideas draw upon the dislocation of the mind and the liberation of the senses that so struck Dylan and Cohen when they first read the poetry and letters of Arthur Rimbaud and Lorca The authors show that performance and the poetry are integral and the duende or passion of the delivery is inseparable from the lyric or poetry and common to Dylan Cohen and the Beat Generation **Hispanic New York** Claudio Iván Remeseira,2010 Over the past few decades a wave of immigration has turned New York into a microcosm of the Americas and enhanced its role as the crossroads of the English and Spanish speaking worlds Yet far from being an alien group within a mainstream and supposedly pure Anglo America people referred to as Hispanics or Latinos have been part and parcel of New York since the beginning of the city s history They represent what Walt Whitman once celebrated as the Spanish element of our nationality

Hispanic New York is the first anthology to offer a comprehensive view of this multifaceted heritage. Combining familiar materials with other selections that are either out of print or not easily accessible, Claudio Iván Remeseira makes a compelling case for New York as a paradigm of the country's Latinoization. His anthology mixes primary sources with scholarly and journalistic essays on history, demography, racial and ethnic studies, music, art, history, literature, linguistics, and religion, and the authors range from historical figures such as José Martí, Bernardo Vega, or Whitman himself to contemporary writers such as Paul Berman, Ed Morales, Virginia Sánchez Korrol, Roberto Suro, and Ana Celia Zentella. This unique volume treats the reader to both the New York and the American experience as reflected and transformed by its Hispanic and Latino components.
