Marriage Today James E. De Burger, 1977 *Jewish Marriage* Reuven P. Bulka, 1986 Bibliography p 245 255

Beyond Companionship Diana R. Garland, David E. Garland, 2003-01-14 In *Beyond Companionship* Christians In Marriage Diana and David Garland examine some of the prevailing ideas about marriage that are held by many church leaders social scientists counselors and therapists Among the myths they dispel There is a pattern for Christian married life applicable in all times and places Couples can have a good marriage if they work at it hard enough Marriage is the most important relationship in life In an ideal marriage the partners talk continuously about their relationship Beyond discussion of the marriage myths the authors look at current biblical interpretations of marriage being married in America a good marriage and the need for a sense of task the role of anger and conflict sexuality and finally the unresolved differences that can lead to divorce Diana and David Garland bring to this book special insights from their respective fields social work and biblical studies and the experience gained from being married to each other

Bodies, Sex and Desire from the Renaissance to the Present Kate Fisher, Sarah Toulalan, 2015-12-11 An examination of how bodies and sexualities have been constructed categorised represented diagnosed experienced and subverted from the fifteenth to the early twenty first century It draws attention to continuities in thinking about bodies and sex concept may have changed but they nevertheless draw on older ideas and language

The Family in Africa Man Singh Das, 1993 The Family in Africa is a valuable source book It introduces the reader to the effect of industrialisation urbanization and modernization on African society and consequent changes in family structure marriage institution kith relationship sex role and lifestyle in third world countries especially in Nigeria somalia tanzania Swaziland and Libya

Sex Before the Sexual Revolution Simon Szreter, Kate Fisher, 2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s who were often pitied by later generations as repressed unfulfilled and full of moral anxiety This book provides the first rounded first hand account of sexuality in marriage in the early and mid twentieth century These award winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body marital ideals and birth control It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives

Human Development D. A. Louw, 1998 **Zaria Journal of Educational Studies**, 1989-06 *Federal Probation*, 1985

Environment, Development and Sustainability in India: Perspectives, Issues and Alternatives Manish K. Verma,2021-03-18 This book provides a comprehensive account of asymmetric linkage in the trilogy of environment development and sustainability and its impact on society It examines varied perspectives and issues of development related to environmental destruction and sustainability challenges By examining the recent trends of development and recording the dilemmas which are creating ecological imbalances it explores some alternative ways of development to achieve sustainability Divided into three parts it has a broad canvass The first section examines critically the perspectives on ecology practice and ethics rural development and man forest interaction in the metropolis Issues of dams river agricultural distress environmental migration eco tourism ecological conservation and land acquisition are assessed in part second Alternative means of development is explored in part third by incorporating chapters on the constructed wetland biofuels subsistence economy water and traditional knowledge practice This interdisciplinary book is of immense significance to academicians researchers postgraduate and graduate level students of social sciences and environmental studies policymakers development practitioners and NGOs working in the area of environment and development *The Clinical Practice of Complementary, Alternative, and Western Medicine (2001)* W. John Diamond,2017-11-22 Western Medicine Alternative Medicine Complementary Medicine Holistic Medicine and Natural Medicine There is really only one medicine that heals and puts the whole patient not the disease at the center of care Integrated Medicine This practice integrates all modalities of healing to produce not merely a medical cure but a deeper healing of the patient on his or her own terms The Clinical Practice of Complementary Alternative and Western Medicine is a scientifically based text that informs and leads the practitioner easily through the maze of alternative therapies Unlike other books that address the different alternative modalities this text integrates homeopathy acupuncture chinese herbology western herbology and clinical nutrition then combines them with traditional medicine The author explains the new paradigm of patient centered and Integrated Medicine and includes an extensive section on the physical underpinnings of this new paradigm a paradigm that employs thermodynamics non linear dynamics chaos theory and fractal geometry in an easy to understand discourse The book incorporates the author s fundamental training in the alternative modalities and his ten years of clinical practice a practice in which multiple integrated modalities of healing were utilized in the healing of over 10 000 patients The Clinical Practice of Complementary Alternative and Western Medicine is a tremendously valuable reference for practitioners who want to learn about and practice alternative therapies and those who want to be more informed about what their patients may be doing and taking and the influences those self administered therapies may be having on their care *Handbook of Marriage and*

the Family Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add. It is therefore limited to two relevant but not intrinsically related points: *vis à vis* research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared: namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook. In the late 1930s Willard Waller noted: Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it. Everything that concerned the life of men and women and their children was shrouded from the light. Today much of that has been changed. Gone is the concealment of the way in which life begins; gone the irrational sanctity of the home. The aura of sentiment which once protected the family from discussion clings to it no more. We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through criticism and discussion. 1938 pp 3-4. *From Parent to Child* Jere R. Behrman, Robert A. Pollak, Paul Taubman, 1995-08-15 How do parents allocate human capital among their children? To what extent do parental decisions about resource allocation determine children's eventual economic success? The analyses in *From Parent to Child* explore these questions by developing and testing a model in which the earnings of children with different genetic endowments respond differently to investments in human capital. Behrman, Pollak, and Taubman use this model to investigate issues such as parental bias in resource allocations based on gender or birth order, the extent of intergenerational mobility in income earnings and schooling in the United States, the relative importance of environmental and genetic factors in determining variations in schooling, and whether parents' distributions offset the intended effects of government programs designed to subsidize children. In allocating scarce resources, parents face a trade-off between equity and efficiency: between the competing desires to equalize the wealth of their children and to maximize the sum of their earnings. Building on the seminal work of Gary Becker, *From Parent to Child* integrates careful modeling of household behavior with systematic empirical testing and will appeal to anyone interested in the economics of the family.
