Martyrs Of Columbine Faith And The Politics Of Tragedy:

The Martyrs of Columbine Justin Watson, 2002-11-09 On April 20 1999 Eric Harris and Dylan Klebold killed 12 fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both allegedly answered Yes and were killed Within days of their death Cassie and Rachel were hailed as modern day Christian martyrs and became useful symbols for those seeking to advance a conservative political agenda According to police investigators however Cassie and Rachel may never have been asked by their killers about God they simply may have been victims of a senseless crime rather than martyrs to a cause As the religious and political use of Cassie and Rachel continues *The Martyrs of Columbine* provides a careful examination of the available evidence and attempts to discover what really occurred *The Martyrs of Columbine*

J. Watson, 2003-05-02 On April 20 1999 Eric Harris and Dylan Klebold killed twelve fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both supposedly answered Yes and were killed Within days of their death Cassie and Rachel were being hailed as modern day martyrs and are seen by many American evangelicals as the sparks of a religious revival among teenagers Cassie and Rachel as innocents martyred for faith also became useful symbols for those seeking to advance a conservative political agenda and to lay the blame for Columbine at the feet of their liberal opponents According to police investigators however Cassie and Rachel may never have been asked by their killers about God They may have been simply victims of a senseless crime rather than martyrs to a cause *The Martyrs of Columbine* provides a careful examination of the available evidence and attempts to discover what really occurred Despite these questions the martyr stories continued to be told and the religious and political use of Cassie and Rachel continues The popular significance of the martyrs of Columbine persists and may even be growing How and why is this happening *The Martyrs of Columbine* is a groundbreaking investigation of what this tragedy has come and will come to mean in American religion politics and culture **Rethinking Christian Martyrdom** Matthew Recla, 2022-10-20 This book argues that we

have been mistaken about the fundamental assumption that Christianity is the key to understanding the Christian martyr Examining martyrdom in early Christian history Matt Recla argues that the violent deaths of martyrs real and imagined were appropriated for Christian institutional life Through deconstructing martyrdom and appreciating the complexity of the martyr we recognize martyrdom not as a socio historical phenomenon inherent to particular ideologies and not as a religious identity but as the institutional co optation of violence The Christian apologist Tertullian argued that the blood of the martyrs was the seed of the Church but while the seed may be the key to martyrdom the blood is the key to the martyr The book shows how martyrs exceed the bounds of institutional narrative Centering analysis of martyrdom first around the martyr s existential difference and the complex biological psychological and socio cultural factors that lead to willing death this book sheds new

light on the motivations of martyrs our fascination with them and the parasitic relationship of religion to violent death In challenging long held beliefs about the praiseworthiness of martyrdom this book is of interest to scholars of religion as well as those concerned about the relationship between religion and violence [A Feminist Companion to the New Testament Apocrypha](#) Amy-Jill Levine, Maria Mayo Robbins, 2006-08-29 The eleventh volume in this series examines New Testament Apocryphal texts including the Acts of Paul and Thecla the Acts of John the Gospel of Thomas the Gospel of Peter the Martyrdom of Perpetua the Acts of Xanthippe and Polyxena the Acts of Andrew the Acts of Thomas and the Apocalypse of Peter as well as Joseph and Asenath the Irish apocrypha and the Greek novels In this diverse collection the contributors utilize a variety of approaches to explore topics such as the construction of Christian identity the Christian martyr heterodoxy and orthodoxy conjugal ethics and apostolic homewreckers trials and temptations the rhetoric of the body asceticism and eroticism [Comprehending Columbine](#) Ralph W Larkin, 2007-01-12 On April 20 1999 two Colorado teenagers went on a shooting rampage at Columbine High School That day Eric Harris and Dylan Klebold killed twelve fellow students and a teacher as well as wounding twenty four other people before they killed themselves Although there have been other books written about the tragedy this is the first serious impartial investigation into the cultural environmental and psychological causes of the massacre Based on first hand interviews and a thorough reading of the relevant literature Ralph Larkin examines the complex of factors that led the two young men to plan and carry out their deed For Harris and Klebold Larkin concludes the carnage was an act of revenge against the jocks who had harassed and humiliated them retribution against evangelical students who acted as if they were morally superior an acting out of the mythology of right wing paramilitary organization members to die in a blaze of glory and a deep desire for notoriety Rather than simply looking at Columbine as a crucible for all school violence Larkin places the tragedy in its proper context and in doing so examines its causes and meaning [The Columbine School Shooting](#) Louise I. Gerdes, 2012-06-12 This essential volume explores many aspects of the Columbine school shootings in April 1999 Topics covered include the historical and cultural background leading up to and following the massacre Readers will evaluate the issues surrounding Columbine such as the role of bullying at the high school the shootings as a symbol of a greater culture of violence and the impact of gun laws on the accessibility of weapons for senior students Eric Harris and Dylan Klebold Personal narratives are also featured including Columbine high school seniors writing about the impact of the event on their lives and a journalist looking back at the event that he covered years earlier [Miguel Pro](#) Marisol López-Menéndez, 2016-05-20 Miguel Pro Martyrdom and Politics in Twentieth Century Mexico examines the complex relationship of modern martyrdom as preserved by memory and factual truth and as retold through stories intended to impel political and religious aims Martyr narratives depend on institutional affiliation to remain in the public memory and are altered in order to maintain their ability to mobilize followers within changing social and political contexts In order to examine the evolution of lasting martyr narratives L pez Men ndez scrutinizes the various renditions of

the 1927 execution of Miguel Pro a Jesuit priest caught in the bloody conflict between Catholics and the post revolutionary state

Grassroots Memorials Peter Jan Margry, Cristina Sánchez-Carretero, 2011-08-01 Grassroots memorials have become major areas of focus during times of trauma danger and social unrest These improvised memorial assemblages continue to display new and more dynamic ways of representing collective and individual identities and in doing so reveal the steps that shape the national memories of those who struggle to come to terms with traumatic loss This volume focuses on the hybrid quality of these temporary memorials as both monuments of mourning and as focal points for protest and expression of discontent The broad range of case studies in this volume include anti mafia shrines Theo van Gogh s memorial September 11th memorials March 11th shrines in Madrid and Carlo Giuliani memorials in Genoa

Memorials to Shattered Myths Harriet Senie, 2016 Memorials to the Vietnam War veterans Oklahoma City bombing Columbine school shooting and 9 11 terrorist attacks commemorate events that shattered myths of national identity Conflating memorials with cemeteries they celebrate victims as if they were heroes This new paradigm prompts an endless loop of mourning camouflaging history in a triumphal narrative

Women and Children First Sharon M. Meagher, Patrice DiQuinzio, 2012-02-01 This diverse collection explores the rhetoric of a wide range of public policies that propose to put women and children first including homeland security school violence gun control medical intervention of intersex infants and policies that aim to distinguish good from bad mothers Using various feminist philosophical analyses the contributors uncover a logic of paternalistic treatment of women and children that purports to protect them but almost always also disempowers them and sometimes harms them This logic is widespread in contemporary popular policy discourse and affects the way that people understand and respond to social and political issues Contributors rethink basic philosophical assumptions concerning subjectivity difference and dualistic logic in order to read the rhetoric of contemporary public policy discourse and develop new ways of talking and acting in the policy domain

Memorial Mania Erika Doss, 2022-12-22 In the past few decades thousands of new memorials to executed witches victims of terrorism and dead astronauts along with those that pay tribute to civil rights organ donors and the end of Communism have dotted the American landscape Equally ubiquitous though until now less the subject of serious inquiry are temporary memorials spontaneous offerings of flowers and candles that materialize at sites of tragic and traumatic death In Memorial Mania Erika Doss argues that these memorials underscore our obsession with issues of memory and history and the urgent desire to express and claim those issues in visibly public contexts Doss shows how this desire to memorialize the past disposes itself to individual anniversaries and personal grievances to stories of tragedy and trauma and to the social and political agendas of diverse numbers of Americans By offering a framework for understanding these sites Doss engages the larger issues behind our culture of commemoration Driven by heated struggles over identity and the politics of representation Memorial Mania is a testament to the fevered pitch of public feelings in America today

Disasters, Accidents, and Crises in American History Ballard C. Campbell, 2008

Presents a chronologically arranged reference to catastrophic events in American history including natural disasters economic depressions riots murders and terrorist attacks **Violence in the New Testament** Shelly Matthews,E. Leigh Gibson,2005-03-09 While much work has been done on the role of Jews in the crucifixion of Jesus in post Holocaust biblical scholarship the question of violence in subsequent community formation remains largely unexamined New Testament passages suggesting that early Christ believers were violently persecuted the stone throwing passages from John the persecuted from town to town passages in Matthew the stoning of Stephen in Acts Paul s hardship catalogue in II Corinthians etc are frequently read positivistically as windows onto first century persecution at the other extreme they are sometimes dismissed as completely a historical In either case scholars up until now have provided little in the way of methodological reflection on how they have reached such conclusions A further problematic issue in previous readings of passages suggesting such violence is that the perpetrators of violence are frequently cast as Jews while the violated are cast as Christians in spite of the growing consensus that it is impossible to tease out these two distinct and separate religious identities Jew and Christian from first century texts This volume takes up crucial methodological questions about how to read passages suggesting violence among Jews in texts that eventually became part of the New Testament canon It situates this intra religious violence within the violence of the Roman Imperial order It provides new readings of these texts that move beyond the Jew as violator Christian as violated binary **Redeemed Bodies** Gail Corrington Streete,2009-01-01 Why do religious people choose paths that lead to their deaths as martyrs Why do some who are killed for their faith become known and revered while others do not Gail Streete asks these important and disturbing questions in the context of early Christianity looking at the stories of martyred women such as Thecla Perpetua and Felicitas women whose stories helped shape Christian faith for centuries yet are all but forgotten in the modern world Streete reclaims these stories and relates them to tragic instances of martyrdom in our own world pulling from stories as diverse as the victims of Columbine and female suicide attackers in the Muslim world What do their deaths mean and why do we find their stories so moving

Martyrdom and Memory Elizabeth Castelli, 2004-10-15 Martyrs are produced Elizabeth Castelli suggests not by the lived experience of particular historical individuals but by the stories that are later told about them And the formulaic character of stories about past suffering paradoxically serves specific theological cultural or political ends in the present *Martyrdom and Memory* explores the central role of persecution in the early development of Christian ideas institutions and cultural forms and shows how the legacy of Christian martyrdom plays out in today's world In the pre-Constantinian imperial period the conflict between Roman imperial powers and the subject Christian population hinged on competing interpretations of power submission resistance and victory This book highlights how both Roman and Christian notions of law and piety deployed the same forms of censure and critique each accusing the other of deviations from governing conventions of gender reason and religion Using Maurice Halbwachs's theoretical framework of collective memory and a wide range of Christian sources autobiographical writings martyrologies and saints' lives sermons art objects pilgrimage souvenirs and polemics about spectacle Castelli shows that the writings of early Christians aimed to create public and ideologically potent accounts of martyrdom The martyr's story becomes a usable past and a living tradition for Christian communities and an especially effective vehicle for transmitting ideas about gender power and sanctity An unlikely legacy of early Christian martyrdom is the emergence of modern martyr cults in the wake of the 1999 shootings at Columbine High School Focusing specifically on the martyr cult associated with one of the victims *Martyrdom and Memory* argues that the Columbine story dramatically expresses the ongoing power of collective memory constructed around a process of rendering tragic suffering redemptive and meaningful In the wake of Columbine and other contemporary legacies of martyrdom's ethical ambivalence the global impact of Christian culture making in the early twenty-first century cannot be ignored For as the last century's secularist hypothesis sits in the wings religion returns to center stage with one of this drama's most contentious yet riveting stars the martyr
