Marxism And The Great French Revolution:

Marxism and the Great French Revolution Paul McGarr, Alex Callinicos, John Rees, 1989 **Rethinking the French Revolution** George C. Comninel, 1987 Historians generally and Marxists in particular have presented the revolution of 1789 as a bourgeois revolution one which marked the ascendance of the bourgeois as a class the defeat of a feudal aristocracy and the triumph of capitalism Recent revisionist accounts however have raised convincing arguments against the idea of the bourgeois class revolution and the model on which it is based In this provocative study George Comninel surveys existing interpretations of the French Revolution and the methodological issues these raise for historians He argues that the weaknesses of Marxist scholarship originate in Marx's own method which has led historians to fall back on abstract conceptions of the transition from feudalism to capitalism Comninel reasserts the principles of historical materialism that found their mature expression in *Das Kapital* and outlines an interpretation which concludes that while the revolution unified the nation and centralized the French state it did not create a capitalist society **Marx and the French Revolution** François Furet, 1988-12-14 Throughout his life Karl Marx commented on the French Revolution but never was able to realize his project of a systematic work on this immense event This book assembles for the first time all that Marx wrote on this subject François Furet provides an extended discussion of Marx's thinking on the revolution and Lucien Calvi situates each of the selections drawn from existing translations as well as previously untranslated material in its larger historical context With his early critique of Hegel Marx started moving toward his fundamental thesis that the state is a product of civil society and that the French Revolution was the triumph of bourgeois society Furet's interpretation follows the evolution of this idea and examines the dilemmas it created for Marx as he considered all the faces the new state assumed over the course of the Revolution the Jacobin Terror following the constitutional monarchy Bonaparte's dictatorship following the parliamentary republic The problem of reconciling his theory with the reality of the Revolution's various manifestations is one of the major difficulties Marx contended with throughout his work The hesitation the remorse and the contradictions of the resulting analyses offer a glimpse of a great thinker struggling with the constraints of his own system Marx never did elaborate a theory of an autonomous state but he never stopped wrestling with the challenge to his doctrine posed by late eighteenth century France whose changing conditions and successive regimes prompted some of his most intriguing and until now unexplored thought Marxism and History Matt Perry, 2021-08-16 This textbook examines Marxism's enormous impact on the way historians approach their subject Tackling current historiographical questions in an accessible way the author offers a clear introduction to Marxist views of history key Marxist historians and thinkers and the relevance of Marxist theory and history to students own work This is a concise thorough overview of an important area of historiography The second edition incorporates significant new developments in research including Marxist contributions to the emergence of global maritime and transnational history the discovery of Marx's ecologism and the historical critique of fossil capitalism as a source of

environmental disaster a reassessment of gender oppression through social reproduction theory and the contribution of Marxism to debates on race Eurocentrism and whiteness **The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture** Jay Bergman, 2019-08-14 Because they were Marxists the Bolsheviks in Russia both before and after taking power in 1917 believed that the past was prologue that embedded in history was a Holy Grail a series of mysterious but nonetheless accessible and comprehensible universal laws that explained the course of history from beginning to end Those who understood these laws would be able to mould the future to conform to their own expectations But what should the Bolsheviks do if their Marxist ideology proved to be either erroneous or insufficient if it could not explain or explain fully the course of events that followed the revolution they carried out in the country they called the Soviet Union Something else would have to perform this function The underlying argument of this volume is that the Bolsheviks saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked In fact these four events comprised what for the Bolsheviks was a genuine Revolutionary Tradition The English Revolution and the Puritan Commonwealth of the seventeenth century were not without utility the Bolsheviks cited them and occasionally utilized them as propaganda but these paled in comparison to what the revolutions in France offered a century later namely legitimacy inspiration guidance in constructing socialism and communism and not least useful fodder for political and personal polemics

Selected Writings on Soviet Law and Marxism P.I. Stuchka, Robert Sharlet, Peter B. Maggs, Piers Beirne, 2019-07-23 The Latvian born legal theorist P I Stuchka 1865 1932 generally recognized as one of the principal architects of modern Soviet legal theory and the Soviet legal system itself was a prodigious author and editor Twenty essays by Stuchka written between 1917 and 1931 were selected for translation **History and the Formation of Marxism** Bertel Nygaard, 2022-09-19 This book redefines the relationship between Marxism and history At its roots Marxism was aimed at analyzing society in order to change it reflecting on the past to create the poetry of the future No single event of the past was as important to early Marxists as the French Revolution of 1789 Studying the varying uses of the history of that past event among Karl Marx Friedrich Engels and prominent European Marxists before 1914 Karl Kautsky V I Lenin and others this book argues that we should take the historiography of concrete past events seriously It was not only an auxiliary element of Marxism but a core constitutive element in its formation Thus this book calls for transcending traditional approaches to Marxism as a fixed set of social theories combined with strategies for the present and future Important to students of Marxism the labor movement and the French Revolution alike this study contains refreshing perspectives on the interplay between past present and future and on the role of states social classes socio economic determination and political organization in history **The French Revolution and the Russian Anti-Democratic Tradition** Dmitry Å lç̈pentoh, 1997-01-01 The political uncertainty following the collapse of the Soviet Union and the rejection of the revolutionary model has brought Russian political thought full circle as democratic forces contend with authoritarian nationalism This volume is essential to understanding the

antidemocratic tradition in Russia and the persistent danger of totalitarianism **The World of the French Revolution** Robert R Palmer, 2016-06-10 This book examines the European world before 1789 recounts the history of the revolution in France itself and then explores its monumental impact on European society The book focusses on the causes of this impact and discusses the levels of thinking communication social political and economic conditions in France at the time which combined to make the revolution possible and which were similar to those developments elsewhere in Europe

Revolutionary Jews from Spinoza to Marx Jonathan I. Israel, 2021-06-06 Defines how Jewish intellectuals of the Enlightenment influenced later European revolutionary movements In the eighteenth and early nineteenth centuries a small but conspicuous fringe of the Jewish population became the world's most resolute intellectually driven and philosophical revolutionaries among them the pre Marxist Karl Marx Yet the roots of their alienation from existing society and determination to change it extend back to the very heart of the Enlightenment when Spinoza and other philosophers living in a rigid hierarchical society colored by a deeply hostile theology first developed a modern revolutionary consciousness Leading intellectual historian Jonathan Israel shows how the radical ideas in the early Marx's writings were influenced by this legacy which he argues must be understood as part of the Radical Enlightenment He traces the rise of a Jewish revolutionary tendency demanding social equality and universal human rights throughout the Western world Israel considers how these writers understood Jewish marginalization and ghettoization and the edifice of superstition prejudice and ignorance that sustained them He investigates how the quest for Jewish emancipation led these thinkers to formulate sweeping theories of social and legal reform that paved the way for revolutionary actions that helped change the world from 1789 onward but hardly as they intended Karl Marx and the Philosophy of Praxis (RLE Marxism) Gavin

Kitching, 2015-04-17 In this major study first published in 1988 Professor Kitching builds on recent scholarship on Marx and Wittgenstein to provide an incisive readable account and critique of the whole of Marx's work He presents the philosophical economic and political Marx as one thinker and argues that the key to understanding Marx is his commitment to a philosophy of praxis This sees thought as just part of that purposive activity or praxis which distinguishes human beings from other creatures This is the first book to analyse all of Marx's thought from a Wittgenstein perspective in doing so it clarifies and deepens our understanding of Marx The French Revolution and Social Democracy Jean-Numa Ducange, 2018-11-26

Beyond France's own national historiography the French Revolution was a fundamental point of reference for the nineteenth century socialist movement As Jean Numa Ducange tells us while Karl Marx never wrote his planned history of the Revolution from the 1880s the German and Austrian social democrats did embark on such a project This was an important moment for both Marxism and the historiography of the French Revolution Yet it has not previously been the object of any overall study The French Revolution and Social Democracy studies both the social democratic readings of the foundational revolutionary event and the place of this history in militant culture as seen in sources from party educationals to leaflets and workers

calendars First published in 2012 as *La Révolution française et la social-démocratie* Transmissions et usages politiques de l'histoire en Allemagne et Autriche 1889-1934 by Presses Universitaires de Rennes in 2012 *A Handbook of Marxism* Emile BURNS, 1970 *A History of Economic Thought, 10th Edition* Lokanathan V., This book provides a comprehensive coverage of the origin and development of economic thought from the ancient times to the present day It documents the contributions of major thinkers from the time of Hebrews to Maurice Dobb and the perspectives that influenced the economic thought The book also provides an account of the recent trends in Indian economic thought and will be of interest and relevance to all students and scholars of the subject It covers the syllabus of economic thought of major Indian universities **The Routledge Companion to the French Revolution in World History** Alan Forrest, Matthias Middell, 2015-09-16 The Routledge Companion to the French Revolution in World History engages with some of the most recent trends in French revolutionary scholarship by considering the Revolution in its global context Across seventeen chapters an international team of contributors examine the impact of the Revolution not only on its European neighbours but on Latin America North America and Africa assess how far events there impacted on the Revolution in France and suggest something of the Revolution's enduring legacy in the modern world The Companion views the French Revolution through a deliberately wide lens The first section deals with its global repercussions from the Mediterranean to the Caribbean and includes a discussion of major insurrections such as those in Haiti and Venezuela Three chapters then dissect the often complex and entangled relations with other revolutionary movements in seventeenth century Britain the American colonies and Meiji Japan The focus then switches to international involvement in the events of 1789 and the circulation of ideas people goods and capital In a final section contributors throw light on how the Revolution was and is still remembered across the globe with chapters on Russia China and Australasia An introduction by the editors places the Revolution in its political historical and historiographical context The Routledge Companion to the French Revolution in World History is a timely and important contribution to scholarship of the French Revolution **Karl Marx's Theory of Revolution III** Hal Draper, 1986 In this third volume of his definitive study of Karl Marx's political thought Hal Draper examines how Marx and Marxism have dealt with the issue of dictatorship in relation to the revolutionary use of force and repression particularly as this debate has centered on the use of the term dictatorship of the proletariat Writing with his usual wit and perception Draper strips away the layers of misinterpretation and misinformation that have accumulated over the years to show what Marx and Engels themselves really meant by the term **The French Revolution and the Russian Anti-Democratic Tradition** Dmitry Shlapentokh, 2018-01-31 The political uncertainty following the collapse of the Soviet Union and the rejection of the revolutionary model has brought Russian political thought full circle as democratic forces contend with authoritarian nationalism This volume is essential to understanding the antidemocratic tradition in Russia and the persistent danger of totalitarianism The Political Ideas of Marx and Engels Richard Norman Hunt, 2016-01-08 **Marxism and Modern**

Thought N. I. Bukharin, A. M. Deborin, Y. M. Yuranovsky, S. I. Vavilov, V. L. Komarov, A. I. Tiumentiev, 2013-09-05 First published in English in 1935 this is a vital and stimulating critical appraisal of contemporary thought in the post World War One era Written by a selection of leading Marxist thinkers including Nikolai Bukharin who would later become one of the most famous victims of Stalin's show trials this work offers a Marxist critique of contemporary thought relating to philosophy science and history The authors all lean towards the view that the general tendency of modern thought is to abandon the historical method and to deny progress with the conclusion that Marxism was the only historical and progressive outlook in science philosophy and history in the period following the First World War and the Communist revolution in Russia A fascinating document of great historical and political interest which offers an invaluable insight into contemporary thought in the Soviet Union of the 1930s

Imperialism and Resistance John Rees, 2006-09-27 A unique critique of the new economic and military imperialism of the United States and its allies in the twenty first century Inspired by the anti globalization and anti war movements in which the author himself has played a crucial role this is also an accessible introduction to the huge changes in global politics since the dominance of the American Empire with the end of the Cold War It covers the key areas of the nature of the new imperialism the economic power of the US globalization and inequality wars in the post Cold War era oil and empire resisting the new imperialism This lively provocative and practical book is an essential guide to the politics of the new world order which also offers constructive suggestions on how the global resistance movement should develop It is important new reading for activists students and all those wanting to understand and challenge the new imperialism

This is likewise one of the factors by obtaining the soft documents of this **Marxism And The Great French Revolution** by online. You might not require more get older to spend to go to the books creation as without difficulty as search for them. Marxism And The Great French Revolution Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Marxism And The Great French Revolution free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Marxism And The Great French Revolution free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for

offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Marxism And The Great French Revolution free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Marxism And The Great French Revolution. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Marxism And The Great French Revolution any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Marxism And The Great French Revolution Books

1. Where can I buy Marxism And The Great French Revolution books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
