New York Dada: Duchamp Arturo Schwarz, 1973 **Anarchism and the Advent of Paris Dada** Theresa Papanikolas, 2017-07-05 Anarchism and the Advent of Paris Dada sheds new light on Paris Dada's role in developing the anarchist and individualist philosophies that helped shape the cultural dialogue in France following the First World War Drawing on such surviving documentation as correspondence criticism periodicals pamphlets and manifestoes this book argues that contrary to received wisdom Dada was driven by a vision of social change through radical cultural upheaval The first book length study to interrogate the Paris Dadaists complex and often contested position in the postwar groundswell of anarcho individualism Anarchism and the Advent of Paris Dada offers an unprecedented analysis of Paris Dada literature and art in relation to anarchism and also revives a variety of little known anarcho individualist texts and periodicals In doing so it reveals the general ideological diversity of the postwar French avant garde and identifies its anarchist concerns in addition it challenges the accepted paradigm that postwar cultural politics were monolithically nationalist By positioning Paris Dada in its anarchist context this volume addresses a long ignored lacuna in Dada scholarship and more broadly takes its place alongside the numerous studies that over the past two decades have problematized the politics of modern art literature and culture **Dadaism** Dietmar Elger, 2004 In 1916 a meeting of artists writers migr's and opposition figures took place in the Cabaret Voltaire in Zurich Under the shadow of the First World War this was the starting point for the dissemination of the artistic and literary style known as Dadaism The Philosophy of Curatorial Practice Sue Spaid, 2020-10-15 This book walks us through the process of how artworks eventually get their meaning showing us how curated exhibitions invite audience members to weave an exhibition's narrative threads which gives artworks their contents and discursive sense Arguing that exhibitions avail artworks as candidates for reception whose meaning value and relevance reflect audience responses it challenges the existing view that exhibitions present already validated candidates for appreciation Instead this book stresses the collaborative nature of curatorial practices debunking the twin myths of autonomous artists and sovereign artistic directors and treating presentation and reception as separate processes Employing set theory to distinguish curated exhibitions from uncurated exhibitions installation art and collections it demonstrates how exhibitions grant spectators access to concepts that aid their capacity to grasp artifacts as artworks To inform and illuminate current debates in curatorial practice Spaid draws on a range of case studies from Impressionism Dada and Surrealism to more contemporary

exhibitions such as Maurizio Cattelan All 2011 and Damien Hirst 2012 In articulating the process that cycles through exploration interpretation presentation and reception curating bears resemblance to artistic direction more generally

aka Marcel Duchamp Anne Collins Goodyear, James W. McManus, 2014-12-30 aka Marcel Duchamp is an anthology of recent essays by leading scholars on Marcel Duchamp arguably the most influential artist of the twentieth century With scholarship addressing the full range of Duchamp's career these papers examine how Duchamp's influence grew and impressed itself upon his contemporaries and subsequent generations of artists Duchamp provides an illuminating model of the dynamics of play in construction of artistic identity and legacy which includes both personal volition and contributions made by fellow artists critics and historians This volume is not only important for its contributions to Duchamp studies and the light it sheds on the larger impact of Duchamp's art and career on modern and contemporary art but also for what it reveals about how the history of art itself is shaped over time by shifting agendas evolving methodologies and new discoveries

Modernist Wastes Caroline Knighton, 2020-06-11 Modernist Wastes is a profound new critical reflection on the ways in which women writers and artists have been discarded and recovered in established definitions of modernism Exploring the collaborative auto biographical writings of Djuna Barnes and the artist poetic and Dada performer Baroness Elsa von Freytag Loringhoven Caroline Knighton reveals how these very processes of discarding recovery and re use can open up new ways of understanding a distinctively female modernist artistic practice Illustrated throughout with artworks original letters and manuscript facsimiles the book draws on new archival discoveries to place the feminist recovery of neglected female voices at the heart of our understanding of modernist and avant garde literary culture
