Miller, R. Michael Furr, Angela Knobel, William Fleeson, 2015-10-12 This collection contains some of the best new work being done on the subject of character in philosophy theology and psychology From a virtual reality simulation of the Milgram shock experiments to an understanding of the virtue of modesty in Muslim societies these 31 chapters significantly advance our understanding of character *The Right of the Child to Religious Freedom in International Law* Sylvie Langlaude, 2007-11-30 The child s right to religious freedom in international law has never been considered in a comprehensive fashion yet key issues include the prevention of indoctrination religious clothing the relationship of the child with parents and religious communities and the duties of the state to the child Building on a sociological analysis of religious children a body of international legal materials is analysed against a theoretical model of what the child s right ought to be This book is the first attempt at analysing what international law says on the question the result is a compelling analysis of the definitive position of international law on the child s right to religious freedom **Research in the Social Scientific Study of Religion, Volume 17** Ralph L. Piedmont, 2006-12-31 Research in the Social Scientific Study of Religion RSSSR publishes reports of innovative studies that pertain empirically or theoretically to the scientific study of religion including spirituality regardless of their academic discipline or professional orientation This volume of RSSSR contains articles on conversion narratives of Jehovah s witnesses belief in an active Satan afterlife beliefs religiosity and parenting and spirituality as coping resource **2003 Personal Prayer Diary And** Y W A M Publishing, 2004-01-01 The Self Constantine Sedikides, Steven J. Spencer, 2011-02-25 This volume provides a cutting edge exposition to research on the self Sixteen authoritative overviews highlight the role of the self around four themes The first theme is Brain and Cognition which includes a social neuroscience perspective on the self implicit self cognition the structure of the self and autobiographical memory The next theme is Motivation in which chapters include social comparison self regulation narcissism and modesty

The third theme is Self esteem and Emotions covered by chapters on the measurement of self esteem terror management theory sociometer theory and self conscious emotions The final theme concerns the Interpersonal Intergroup and Cultural Context containing chapters on intimate relationships social exclusion the collective self and culture Throughout the volume the exposition is both scholarly and accessible It also offers critical assessments along with thoughtful discussions of challenges and problems ahead as well as the generation of novel hypotheses As such the book aspires to influence the research agenda for several years to come The Self will serve as an essential reference volume for active researchers in the field while also being appropriate for use as a textbook in advanced courses on the self **Faith from a Positive**

Psychology Perspective Cindy Miller-Perrin, Elizabeth Krumrei Mancuso, 2014-10-01 This book highlights religious faith from a positive psychology perspective examining the relationship between religious faith and optimal psychological functioning It takes a perspective of religious diversity that incorporates international and cross cultural work The empirical literature on the role of faith and cognition faith and emotion and faith and behaviour is addressed including how these topics relate to individuals mental health well being strength and resilience Information on how these faith concepts are relevant to the broader context of relational functioning in families friendships and communities is also incorporated Psychologists have traditionally focused on the treatment of mental illness from a perspective of repairing damaged habits damaged drives damaged childhoods and damaged brains In recent years however many psychological researchers and practitioners have attempted to re focus the field away from the study of human weakness and damage toward the promotion of a positive psychology of well being among individuals families and communities One domain within the field of positive psychology is the study of religious faith as a human strength that has the potential to enhance individuals optimal existence and well being

Spirituality and Psychiatry Chris Cook, Christopher C. H. Cook, Andrew Powell, Andrew Sims, 2009-06 This book explores the nature of spirituality its relationship to religion and the reasons for its importance in clinical practice Different chapters focus on the key subspecialties of psychiatry including psychotherapy child and adolescent psychiatry intellectual disability psychiatry substance misuse psychiatry and old age psychiatry **Spirituality and Psychiatry** Christopher C. H. Cook, Andrew Powell, 2022-10-20 This book addresses the concerns of clinicians patients and researchers regarding the place of spirituality in psychiatric practice The Practice of Prophecy Li Ming Dennis Lum, 2018-03-26 The charisma of prophecy is found throughout the history of the global Pentecostal movement Within the movement prophecy is seen as the communication of an inspired spontaneous revelation bringing edification to the faith community Despite its prevalence academic research has mostly focused on the biblical theological aspect neglecting the actual contemporary practice This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore The book investigates the nature purpose and significance of the phenomenon It also identifies theological variables that are correlated with its practice and explicates these relationships The investigation employs the empirical theological method of Johannes

van der Ven utilizing both a qualitative and a quantitative study The results provide a rich description of the actual reception delivery and judging of prophecy Significant findings include relationships between prophecy and courage love personality types prayer types and evangelism *Charisma and Christian Life* ,2004-07 Lifestyle Medicine, Third Edition James M. Rippe,2019-04-17 The field of lifestyle medicine which is the study of how daily habits and actions impact on both short and long term health and quality of life continues to expand globally The scientific and medical literature that supports the success of these lifestyle habits and actions is now overwhelming Thousands of studies provide evidence that regular physical activity maintenance of a health body weight following sound nutritional practices stress reduction and other good practices all profoundly impact both health and quality of life Following its predecessors Lifestyle Medicine Third Edition is edited by lifestyle medicine pioneer cardiologist Dr James Rippe This edition has been thoroughly updated and represents the expert opinions of 20 section editors as well as more than 150 expert chapter authors whose knowledge span all aspects of this emerging discipline Topics cover lifestyle medicine practices including regular physical activity proper nutrition and weight management These principles are applied to the prevention and or treatment of a wide variety of chronic conditions ranging from heart disease and diabetes to cancer mental health addiction and injury prevention This book serves as evidence base for individuals who wish to practice lifestyle medicine or incorporate some of its principles into either general medicine or subspecialty practice It provides valuable information to healthcare workers in the fields of nutrition exercise physiology psychology behavioral medicine health promotion and public policy where lifestyle medicine principles play an ever increasing role

Research in the Social Scientific Study of Religion Ralph L. Piedmont,Andrew Village,2009 Research in the Social Scientific Study of Religion publishes empirical and theoretical studies of religion from a wide range of disciplines and from all parts of the globe This volume has a special section on Islam and Mental Health an important and neglected area of study The section draws on work from six countries that have applied different theoretical frameworks and empirical methods to examine the link between religion psychology and health in very diverse Muslim communities Other articles examine topics as diverse as spirituality psychological health conversion and the cultural psychology of religion Disciplines represented include those that draw on qualitative quantitative and theoretical methods of study which together represent an important contribution to the contemporary study of religion Shakespeare and the Play Scripts of Private Prayer Ceri Sullivan,2020-09-04 Early modern private prayer is skilled at narrative and drama In manuals and sermons on how to pray collections of model prayers scholarly treatises about biblical petitions and popular tracts about life crises prompting calls to God prayer is valued as a powerful agent of change Model prayers create stories about people in distinct ranks and jobs with concrete details about real life situations These characters may act in play lets or appear in the middle of difficulties or voice a suite of petitions from all sides of a conflict Thinking of early modern private prayers as dramatic dialogues rather than lyric monologues raises the question of whether play going and praying were mutually reinforcing

practices Could dramatists deploying prayer on stage rely on having audience members who were already expert at making up roles for themselves in prayer and who expected their petitions to have the power to intervene in major events Does prayer s focus on cause and effect structure the historiography of Shakespeare s Henry VI Richard III Richard II Henry V and Henry VIII *The Oxford Handbook of Early Christian Ritual* Risto Uro, Juliette Day, Rikard Roitto, Richard E.
