Areeya Metaya the Civilisation of Love Areeya Metaya is a psychological and philosophical science novel that talks about spirituality and logically explains the different theories of cosmology For thousands of years religion and science have taken conflicting approaches and concepts on discussions relating to physical aspects such as the birth of all things the origin of human beings and animals the cosmos and the universe or about energy for example the existence of spirits and ghosts heaven and hell angels and gods and so on The latter concepts are especially considered absurd in the eyes of many scientists What you are about to read in this book is an attempt to integrate all this knowledge into one concept It is a confluence of science and religion the physical and the spiritual You will learn about the secret mechanisms that created the earth the cosmos and the universe and most importantly how the system moves and exists All this knowledge is written down and explained in the form of a novel so that everyone can understand it easily What if by chance you stepped into an interplanetary portal that transported you to another parallel world a planet that is so similar to Earth but one where its inhabitants could telepathically read thought waves How would you interact with these friendly beings including your soulmate that you meet along your journey in this parallel world who kindly share with you their way of life history and civilisation of love What if you had to make a choice between living the rest of your life with your newly found happiness in this parallel world or giving everything up including your soulmate and returning to Earth with a mission to tell mankind the actions they must take to avoid the destruction of their own world and their own species Areeya Metaya The Journey to Meeting God is written by Thatree Pokavanich a graduate of Chulalongkorn University s Faculty of Arts majoring in Painting His initial goal was to be a recognised artist but since his love of drawing small animals and nature was too niche to be widely sold he channeled his creative energy into being a full time graphics designer He loves a good story and can be spellbound by every movie he watches even if it has been viewed more than once From the Author Never in my life have I ever considered writing a book but a strange inner voice in my head kept on telling me many times to write this story And many times I have queried why me I have wrestled with that voice for quite a long time since I was convinced that I have little writing skills if any at all But that voice continued to persuade that I put pen to paper because the story would be published in dozens of languages so that others across the world upon reading it would feel inspired and find answers to their lives Haha ha I just laughed at that inner voice and at the thought planted in my head which seemed very amusing However after much pestering I finally yielded to the call So here it is a novel that I m sure was driven by an unknown force that is looking out for humankind Areeya Metaya is a psychological and philosophical science novel that talks about spirituality and logically explains the different theories of cosmology For thousands of years religion and science have taken conflicting approaches and concepts on discussions relating to physical aspects such as the birth of all things the origin of human beings and animals the cosmos and the universe or about energy for example the existence of spirits and ghosts heaven and hell angels and gods and so on The latter concepts are especially considered absurd in the eyes of many

scientists What you are about to read in this book is an attempt to integrate all this knowledge into one concept It is a confluence of science and religion the physical and the spiritual You will learn about the secret mechanisms that created the earth the cosmos and the universe and most importantly how the system moves and exists All this knowledge is written down and explained in the form of a novel so that everyone can understand it easily f you ask how successful I expect this novel to be my sincere answer is that if there is just only one individual who reads and understands this whole story and feels inspired and lifted after turning the pages I would really be contented Please allow me to joyfully embrace you with all my heart if a mysterious guiding force has placed this book in your hand If you are that person your journey to the world of Areeya Metaya is about to begin With love Thatree Pokavanich Bangkok Thailand **The Leisure Hour Monthly Library** ,1880
