Real Victorians:

Famous Victorians I Have Known Stephen Coleridge, 1928 Victorians on Screen Iris Kleinecke-Bates, 2014-12-09
Victorians on Screen investigates the representation of the Victorian age on British television from the mid 1990s to the mid 2000s Structured around key areas of enquiry specific to British television it avoids a narrow focus on genre by instead taking a thematic approach and exploring notions of authenticity realism and identity **Virtual Victorians** Veronica Alfano, Andrew Stauffer, 2016-01-18 Exploring how scholars use digital resources to reconstruct the 19th century this volume probes key issues in the intersection of digital humanities and history Part I examines the potential of online research tools for literary scholarship while Part II outlines a prehistory of digital virtuality by exploring specific Victorian cultural forms

Neo-Victorian Fiction and Historical Narrative L. Hadley, 2010-10-13 Placing the popular genre of neo Victorian fiction within the context of the contemporary cultural fascination with the Victorians this book argues that these novels are distinguished by a commitment to historical specificity and understands them within their contemporary context and the context of Victorian historical and literary narratives The Victorian Novel Dreams of the Real Audrey Jaffe, 2016-03-08
Critical discussions of the Victorian realist novel tend to focus on its vivid representations of everyday life The Victorian Novel Dreams of the Real proposes that the genre is founded in desire moving the novels not towards a shared reality but rather toward distinct fantasies dreams of the real Rather than simply redefine Victorian realism or propose a new canon for it The Victorian Novel Dreams of the Real argues that the real is inevitably for the Victorian realist novel an object of desire what the novel seeks to capture and represent A novel's construction of the real is therefore inseparable from its fantasy of the real a formulation Audrey Jaffe refers to as realist fantasy One way in which this simultaneity manifests itself is that the conventions novels frequently use to represent characters dreams daydreams and fantasies overlap with those each novel uses to create its realist effects In new readings of Victorian novels including Eliot's Adam Bede Dickens's Oliver Twist Hardy's The Mayor of Casterbridge and The Return of the Native Trollope's Orley Farm and Wilkie Collins's Armadale The Victorian Novel Dreams of the Real demonstrates that one of the signal effects of this overlapping is Victorian realism's construction of the real as an object of readerly desire Jaffe shows that realism and fantasy in the Victorian realist novel are not opposed but rather occupy the same space and are shaped by the same conventions Revisiting and reconsidering key elements of realist novel theory including metonymy the insignificant detail character interiority the representation of everyday life and the idea of disillusionment The Victorian Novel Dreams of the Real also uncovers and anatomizes representational strategies unique to each text **Reading and the Victorians** Juliet John, 2016-03-03 What did reading mean to the Victorians This question is the key point of departure for Reading and the Victorians an examination of the era when reading underwent a swifter and more radical transformation than at any other moment in history With book production handed over to the machines and mass education boosting literacy to unprecedented levels the norms of modern reading were being established Essays

examine the impact of tallow candles on Victorian reading the reading practices encouraged by Mudie's Select Library and feminist periodicals the relationship between author and reader as reflected in manuscript revisions and corrections the experience of reading women's diaries models of literacy in *Our Mutual Friend* the implications of reading marks in Victorian texts how computer technology has assisted the study of nineteenth century reading practices how Gladstone read his personal library and what contemporary non academic readers might owe to Victorian ideals of reading and community Reading forms a genuine meeting place for historians literary scholars theorists librarians and historians of the book and this diverse collection examines nineteenth century reading in all its personal historical literary and material contexts while also asking fundamental questions about how we read the Victorians reading in the present day

Victorian Photography, Literature, and the Invention of Modern Memory Jennifer Green-Lewis, 2020-08-07 Analysing a broad range of texts by inventors cultural critics photographers and novelists this book argues that Victorian photography ultimately defined the concept of memory for generations to come including our own The book will be of interest to students of Victorian and modernist literature visual culture and intellectual history as well as scholars working within the emerging field of research at the intersection of photographic and literary studies

The Victorian Historical Magazine, 1911

The Victorian Approach to Modernism in the Fiction of Dorothy L. Sayers Aoife Leahy, 2009-05-27 Dorothy L Sayers wrote bestselling detective novels and short stories in the 1920s and 1930s Working within a popular medium Sayers promotes nineteenth century and modernist literature with skills learnt during a period of employment in an advertising agency In much of her fiction she recommends her choice of good books by name She also suggests that taking Victorian literature as a foundation can bring her reader to a better understanding of literary modernism With a didactic intent Sayers shows how Lewis Carroll's Alice can help us to eventually read Virginia Woolf for instance Her approach to educating her readers is always through entertainment Sayers worked briefly as a teacher before taking up copywriting and retained important insights on how to improve the learning experience for any reader Sayers admiration for the Victorian sensation author Wilkie Collins is widely recognised This book examines Sayers attention to equally important Victorian influences from John Ruskin and George Eliot to Oscar Wilde particularly in relation to the topic of education She often questions the boundaries between popular and serious literature Sayers personal views on the connections between mid Victorian late Victorian and high modernist authors are also considered

The Victorian Historical Novel 1840-1880 A. Sanders, 1979-03-29

Victorians at Home and Away Janet Phillips, Peter Phillips, 2016-07-01 First published in 1978 this book explores everyday Victorian likes and dislikes manners fashions ideals and illusions It discusses their changing attitudes to women children the poor the common soldier and their country It explains the rise and fall of home entertainment the growth of soccer racing and cricket to national sports the rise of public schools and new professions as well as the appeal of missionary work It is argued that all this happened not because the Victorians were fools hypocrites or villains but because they sensibly adapted themselves to

peculiar and novel circumstances This title will be of interest to students of history *Victorian Dress in Contemporary Historical Fiction* Danielle Mariann Dove,2023-10-19 Victorian Dress in Contemporary Historical Fiction is the first full length study to investigate and attend to the deeply suggestive and highly symbolic iterations of Victorian women s dress in the contemporary cultural imagination Drawing upon a range of popular and less well studied neo Victorian novels published between 1990 and 2014 as well as their Victorian counterparts 19th century illustrative material and extant Victorian garments Danielle Dove explores the creative possibilities afforded by dress and fashion as gendered sites of agency and affect Focusing on the relationship between texts and textiles she demonstrates how dress is central to the narrativization re formulation and re fashioning of the material past in the present In its examination of the narrative trajectories lively vitalities and material entanglements that accrue to and originate from dress in the neo Victorian novel this study brings a fresh approach to reading Victorian sartorial culture For researchers and students of Victorian and neo Victorian studies dress history material culture and gender studies this volume offers a rich resource with which to illuminate the power of fashion in fiction Gender, Genre, and Victorian Historical Writing Rohan Amanda Maitzen,2013-10-28 First published in 1999 and *Middlemarch* and of a range of nineteenth century historical works including works by and about women that are discussed extensively here for the first time The blurring of boundaries between historical and fictional narratives stimulated by the enormous success of Walter Scott s novels and the development of social history are shown to have been key factors in an uneven controversial but persistent feminization of history the first because of the longstanding association of novels with women the second because social history focuses on the private sphere traditionally women s domain Along with the appearance of numerous historical texts written by women and taking women as their subjects these developments challenged conventional beliefs about historical authority and relevance that had long relegated women to the margins both literally and metaphorically In its exploration of these changes and their implications *Gender and Victorian Historical Writing* revises standard assumptions about Victorian ideas of history finding an awareness of and experimentation with gender and genre that prefigure theoretical and scholarly concerns in contemporary women s history Lost Causes Jason B. Jones,2006 What if we didn t always historicize when we read Victorian fiction *Lost Causes* shows that Victorian writers frequently appear to have a more supple and interesting understanding of the relationship between history causality and narrative than the one typically offered by readers who are burdened by the new historicism As a return to these writers emphasizes the press of modern historicism deforms Victorian novels encouraging us to read deviations from strict historical accuracy as ideological bad faith By contrast Jason B Jones argues through readings of works ranging from *The French Revolution* to *Middlemarch* that literature s engagement with history has to be read otherwise Perhaps perversely *Lost Causes* suggests simultaneously that psychoanalysis speaks pressingly to the vexed relationship between history and narrative and that the theory is neither a nor anti historical Through his readings of Victorian fiction addressing the recent

past Jones finds in psychoanalysis not a set of truths but rather a method for rhetorical reading ultimately revealing how its troubled account of psychic causality can help us follow literary language's representation of the real Victorian narratives of the recent past and psychoanalytic interpretation share a fascination with effects that persist despite baffling inexplicable or absent causes In chapters focusing on Thomas Carlyle Charles Dickens Charlotte Bront and George Eliot *Lost Causes* demonstrates that history can carry an ontological as well as an epistemological charge one that suggests a condition of being in the world as well as a way of knowing the world as it really is From this point of view Victorian fiction that addresses the recent past is not a failed realism as it is so frequently claimed but rather an exploration of possibility in history

Victorian Fiction Michael Wheeler, 1979-06-17 **Victorian London** Liza Picard, 2014-01-28 To Londoners the years 1840 to 1870 were years of dramatic change and achievement As suburbs expanded and roads multiplied London was ripped apart to build railway lines and stations and life saving sewers The Thames was contained by embankments and traffic congestion was eased by the first underground railway in the world A start was made on providing housing for the deserving poor There were significant advances in medicine and the Ragged Schools are perhaps the least known of Victorian achievements in those last decades before universal state education In 1851 the Great Exhibition managed to astonish almost everyone attracting exhibitors and visitors from all over the world But there was also appalling poverty and exploitation exposed by Henry Mayhew and others For the laboring classes pay was pitifully low the hours long and job security nonexistent Liza Picard shows us the physical reality of daily life in Victorian London She takes us into schools and prisons churches and cemeteries Many practical innovations of the time flushing lavatories underground railways umbrellas letter boxes driving on the left point the way forward But this was also at least until the 1850s a city of cholera outbreaks transportation to Australia public executions and the workhouse where children could be sold by their parents for as little as 12 and streetpeddlers sold sparrows for a penny tied by the leg for children to play with Cruelty and hypocrisy flourished alongside invention industry and philanthropy **The Victorian Illusion** Edward Herbert Dance, 1928
