

Writing Across the Curriculum Overview

The philosophies underlying these programs generally agree on certain basic principles:

- that writing **is the responsibility of the entire academic** community.
- that writing must be integrated across departmental boundaries.
- that writing instruction must be continuous during all years of post-secondary education.
- that writing **promotes learning**
- that only by practicing the conventions of an academic discipline will students begin to communicate effectively within that discipline

(WAC Clearinghouse, "Basic Principles of WAC", 1992).

handbook for undergraduate and graduate teachers and particularly fills the need for a helpful sourcebook for remote teaching in a post COVID world Embracing Writing Gary R. Hafer, 2014-09-29 Embracing WRITING Embracing Writing responds to the writing across the curriculum movement in a way that enables educators to integrate writing into their courses not just painlessly but productively instead of simply increasing their workloads with writing assignments that students dislike Embracing Writing elucidates the principles of academic writing and shows instructors how to integrate writing with course content blending them to enhance and deepen the higher education learning process Scholarly writing is a central part of the academic experience and when used effectively can be an outstanding pedagogical tool The creative approach in Embracing Writing will have you looking at writing in a whole new way Not only will your students appreciate the honest nurturing and fun writing assignments but your own writing will improve as well This is not a rulebook for writers but a guided approach to viewing writing and content as one indivisible whole Embracing Writing will help you Engage students in writing assignments that actually help them develop their writing ability Understand what makes good collegiate writing and how it can aid in content discovery Discover new pathways for your own writing so writing for publication and the classroom is enjoyable again Develop a writing pedagogy that doesn't detract from core course content delivery There often is a disconnect between administrative demands for in course writing and the inadequate training resources available to faculty members Because most of us aren't trained as writers we need a meaningful way to connect writing to our areas of expertise Embracing Writing provides that connection **Rhetorical Strategies and Genre Conventions in Literary**

Studies Laura Wilder, 2012-05-31 Laura Wilder fills a gap in the scholarship on writing in the disciplines and writing across the curriculum with this thorough study of the intersections between scholarly literary criticism and undergraduate writing in introductory literature courses Rhetorical Strategies and Genre Conventions in Literary Studies is the first examination of rhetorical practice in the research and teaching of literary study and a detailed assessment of the ethics and efficacy of explicit instruction in the rhetorical strategies and genre conventions of the discipline Using rhetorical analysis ethnographic observation and individual interviews Wilder demonstrates how rhetorical conventions play a central although largely tacit role in the teaching of literature and the evaluation of student writing Wilder follows a group of literature majors and details their experiences Some students received experimental explicit instruction in the special topoi while others received more traditional implicit instruction Arguing explicit instruction in disciplinary conventions has the potential to help underprepared students Wilder explores how this kind of instruction may be incorporated into literature courses without being overly reductive Taking into consideration student perspectives Wilder makes a bold case for expanding the focus of research in writing in the disciplines and writing across the curriculum in order to grasp the full complexity of disciplinary discourse **Foundations of Braille Literacy** Evelyn J. Rex, 1994 This ground breaking text addresses the teaching of braille reading and writing in the context of general literacy Employing theoretical frameworks and approaches to teaching

print reading and writing and practical applications for instruction in braille literacy this innovative book can be used both in university training programs and by practicing educators working with braille learners Foundations of Braille Literacy also includes perspectives on literacy the history of literacy for people who are blind the learning processes of people who are blind and assessment of braille literacy
