**Interviewing for the Helping Professions** Fred McKenzie, Nicole Nicotera, 2018-04-17 A successful professional interview depends on the development of a generally positive human interaction Without a positive base the interview can be fraught with difficulties and roadblocks This is true regardless of the discipline be it social work psychology human services nursing criminal justice medicine psychiatry or any other field Beginning interviewers may have learned solid technique but often are initially focused more on thinking about what they will say next than on understanding or even listening to the client As a result that critical initial interview whose

success affects the future of most professional encounters is often disrupted by a failure to truly listen and understand which is the foundation for earning clients trust This second edition goes beyond most other clinical interviewing books in its emphasis on the emotional foundation of interviewing and its focus on the importance of social justice and attention to the problem of microaggressions that can prohibit building and maintaining therapeutic rapport with clients Interviewing for the Helping Professions can help both the beginning professional and the veteran interviewer understand the nature and purpose technique meaning emotions and outcomes of the interviewing process The book also provides a comprehensive overview of the theory and technique so crucial to meaningful interviewing More important it emphasizes the emotional significance of the interaction and grounds the interviewing process in contemporary theories of practice and social justice *Counseling Skills: A Practical Guide For Counsellors And Helping Professionals* McLeod, John, McLeod, Julia, 2011-10-01 This second edition is a step by step practical guide to counselling skills for trainees and practitioners It presents key skills clearly and concisely *Practical Approaches to Applied Research and Program Evaluation for Helping Professionals* Casey A. Smith, Shaun Fanning, 2017-10-18 Give your kids their greatest chance at success Who Do You Think You Are helps parents school counselors and administrators get teens thinking about and interested in their future careers Success in college and beyond relies on thorough prior preparation by identifying interests and passions early on young people are better able to plan for the career they want by mapping out the academic path to support it This book shows you how to guide teens along on this journey and how to stick with them until they reach the goals they ve set From helping them discover just what it is they re interested in to finding the institution that will help them flourish and setting out a clear plan of attack this book provides invaluable insight from an expert in student success No one expects every student to have a definitive life plan by high school graduation but having some idea of direction is critical Nearly 3 3 million students will graduate high school this year and most will head straight to college but just 20 percent of those who pursue an associate s

degree complete within four years and only 60 percent of those who pursue a bachelor's degree complete within six years. Even those who earn a degree may struggle to move from school to work. Those who do succeed have done so because they've planned their work and worked their plans. This book shows you how to help your child to be one of the success stories. Map out an academic plan to support each kid's field of interest. Identify the best fit institution to get them where they want to be. Balance support and independence throughout your teen's journey. Help your child be prepared for college so they can succeed far beyond. Adults know that success in life comes from plenty of hard work and thorough preparation, but for kids in middle and high school that lesson is just now beginning to hit home. *Who Do You Think You Are* helps you guide them through the transition successfully so they can come out the other side exactly where they want to be. *Sexual Dilemmas For The Helping Professional* Jerry Edewich, Archie Brodsky, 2013-05-24. This volume speaks directly to the issues that underlie sexual dynamics between clinicians and clients. Substantially updated and enlarged, this second edition addresses head on the heightened openness and awareness of the contemporary consulting room. *The Helping Professional's Guide to Ethics* Valerie Bryan, Scott Sanders, Laura E. Kaplan, 2021-07-01. The *Helping Professional's Guide to Ethics* Second Edition develops a comprehensive framework for ethics based on Bernard Gert's theory of common morality. Moving beyond codes of ethics, Bryan, Sanders, and Kaplan encourage students to develop a cohesive sense of ethical reasoning that both validates their moral intuition and challenges moral assumptions. Part I of the text introduces basic moral theory, provides an overview to moral development, and introduces the common morality framework. Part II focuses on common ethical issues faced by helping professionals such as confidentiality, competency, paternalism, informed consent, and dual relationships. Each chapter provides an overview of each concept and their ethical relevance for practice. Throughout the text, students put their critical thinking skills into practice to promote deep learning. Real-life cases bridge the gap between theory and practice, and discussion questions reinforce the concepts introduced in each chapter. *Conflict Resolution for the Helping Professions* Allan Barsky, 2014-05-07. Barsky's hands-on text provides the theory, skills, and exercises to prepare readers for an array of conflict situations. It encourages developing professionals to see themselves as reflective practitioners in the roles of negotiators, mediators, advocates, facilitators, and peacebuilders. Readers will learn how to analyze conflict situations and develop theory-based strategies that can be used to intervene in an ethical and effective manner. Examples and exercises demonstrate how to apply conflict resolution skills when working with individuals, families, groups, organizations, and diverse communities. *Conflict Resolution for the Helping Professions* is the only current conflict resolution textbook designed specifically for social work, psychology, criminal justice, counseling, and related professions. *Professional Burnout in Medicine and the Helping Professions* D. T. Wessells Jr., Austin Kutscher, Irene B. Seeland, Florence E. Selder, Daniel J. Cherico, Elizabeth J. Clark, 2013-10-31. Physicians and other helping professionals have created a practical, hands-on book that will aid in the identification and reduction of job stress. Nurses, physicians, thanatologists, and psychotherapists are among the

growing number of health care professionals whose physical and mental health are being severely affected by work stress This unique volume achieves what no earlier book has attempted for this specialized professional group It offers a thorough understanding of professional burnout elaborating how burnout develops and offering a model with which to identify job stressors Professional Burnout in Medicine and the Helping Professions also offers an in depth exploration of stress and burnout issues from the perspectives of specific medical and helping profession disciplines physicians nurses social workers psychotherapists teachers consultants agency and hospital workers funeral directors and more Experts in these fields examine the values ethics and morality of individuals health care organizations and society that may lead to burnout This in depth and highly practical volume identifies the stages of disillusionment and offers successful intervention strategies for recognizing the signs and reducing or efficiently managing causative factors      **Social Class and the Helping**
