Perelman,2021-02-09 Language writing the most controversial avant garde movement in contemporary American poetry appeals strongly to writers and readers interested in the politics of postmodernism and in iconoclastic poetic form Drawing on materials from popular culture avoiding the standard stylistic indications of poetic lyricism and using nonsequential sentences are some of the ways in which language writers make poetry a more open and participatory process for the readers Reading this kind of writing however may not come easily in a culture where poetry is treated as property of a special class It is this barrier that Bob Perelman seeks to break down in this fascinating and comprehensive account of the language writing movement A leading language writer himself Perelman offers insights into the history of the movement and discusses the political and theoretical implications of the writing He provides detailed readings of work by Lyn Hejinian Ron Silliman and Charles Bernstein among many others and compares it to a wide range of other contemporary and modern American poetry A variety of issues are addressed in the following chapters The Marginalization of Poetry Language Writing and Literary History Here and Now on Paper Parataxis and Narrative The New Sentence in Theory and Practice Write the Power Building a More Powerful Vocabulary Bruce Andrews and the World Trade Center This Page Is My Page This Page Is Your Page Gender and Mapping An Alphabet of Literary Criticism and A False Account of Talking with Frank O Hara and Roland Barthes in Philadelphia *Ethics and Politics in Modern American Poetry* John Wrighton,2012-06-25 From the Objectivists to e poetry this thoughtful and innovative book explores the dynamic relationship between the ethical imperative and poetic practice revitalizing the study of the most prominent post war American poets in a fresh provocative way Contributing to the turn to ethics in literary studies the book begins with Emmanuel Levinas philosophy proposing that his reorientation of ontology and ethics demands a social responsibility In poetic practice this responsibility for the other it is argued is both responsive to the traumatized semiotics of our shared language and directed towards an emancipatory social activism Individual chapters deal with Charles Olson s The Maximus Poems including reproductions of previously unpublished archive material Gary Snyder s environmental poetry Allen Ginsberg s Beat poetics Jerome Rothenberg s ethnopoetics and Bruce Andrew s Language poetry Following the book s chronological and contextual approach their work is situated within a constellation of poetic schools and movements and in relation to the shifting socio political conditions of post war America In its redefinition and extension of the key notion of poethics and as guide to the development of experimental work in modern American poetry this book will interest and appeal to a wide audience [A Companion to Twentieth-Century Poetry](#) Neil Roberts,2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the

idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century
