**The Realities of American-Palestine Relations** Frank Edward Manuel,1949      **Realities of American-Palestine Relations** Manuel,1949      *Britain and Its Mandate over Palestine* John Quigley,2022-09-13 Analysis of Britain's role in Palestine has proceeded on the assumption that Britain was lawfully in control of the territory Analysts differ on whether what it did was proper but they agree that Britain had a lawful mandate and that through the League of Nations and that the international community advocated for Jewish territorial rights in Palestine This analysis though widely shared is incorrect Britain had no territorial rights itself to govern Palestine It was there by dint of force of arms The mandate it had over Palestine was initiated unilaterally The mandate was not given to Britain by the League of Nations The League of Nations had no authority over Palestine and in particular nothing it could give to Britain The document that Britain composed for the governance of Palestine was never approved by the League of Nations When in 1947 Britain had to explain the United Nations its legal status in Palestine it resorted to distorting the historical facts in an effort to make it appear it had been in Palestine lawfully      *A Companion to U.S. Foreign Relations* Christopher R. DeNovo, 1963-11-29 American Interests and Policies in the Middle East 1900 1939 was first published in 1963 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Scholars concerned with the diplomatic history of the United States have largely neglected the subject of American relations with the Middle East during the four decades before World War I With this study Professor DeNovo fills the gap by describing and assessing the United States cultural economic and diplomatic relations with Turkey Persia and the Arab East in that period He traces chronologically and topically the activities of such American interest groups as Protestant missionaries educators philanthropists archaeologists businessmen and technical advisers as well as the official actions of their government The account falls roughly into three chronological periods The first section traces the interest groups through the pre World War I years of political and cultural stirring in the Ottoman Empire and Persia Special attention is given to the Chester Project for railroad development in Turkey The second part deals with the upheavals accompanying World War I and the tasks of peacemaking from the Mudros armistice through the Lausanne settlement of 1923 The latter chapters detail the rise of the Turkish national movement the deepening Persian and Arab nationalism and the accommodation of American cultural and economic groups to these conditions The author points out that before World War II began Americans had acquired a significant interest in Middle Eastern oil and had become emotionally involved in the Arab Zionist tension In 1939 the United States was on the verge of a new phase in its Middle Eastern relations when that region would become more intimately linked to America's national security [American Zionism: Missions and Politics](#) Jeffrey

and opportunities of the current peace process It also examines the relationship in the perspective of two world wars the Cold War the Gulf War European colonialism and Middle Eastern nationalisms global policy and domestic politics in both countries The result is the story of one of history s oddest international couples hard pressed to live together but unable to live apart
