**Good Human** Dwight J. Olney, 2021-12-31 Humanity s biggest problem may be its least recognized the tendency to imagine  
 God as an extraordinarily good version of ourselves If we fail to properly understand our Maker s nature we have the  
 potential to do many things wrong When we picture God as merely a really good human we become less concerned about our  
 sinful habits and more likely to doubt or malign him in the face of seemingly undeserved suffering And when we fashion God  
 in our image instead of the other way around our theology in general and the counsel we extend to those who suffer becomes  
 weak We naturally have a diluted view of God s deity The Book of Job not only traces a great man s struggle to overcome this  
 problem in his own life but also beckons us to join in the fray to defeat this faulty and extremely dangerous vestige of fallen  
 human consciousness      **The British National Bibliography** Arthur James Wells, 1994      **That's in the Bible?** Wick
