**The Unconscious in Social and Political Life** David Morgan, 2019-07-30 Traumatic events happen in every age yet there is a particularly cataclysmic feeling to our own epoch that is so attractive to some and so terrifying to others The terrible events of September 11th 2001 still resonate and the repercussions continue to this day the desperation of immigrants fleeing terror the uncertainty of Brexit Donald Trump in the White House the rise of the alt right and hard left increasing fundamentalism and terror groups intent on causing destruction to the Western way of life If that were not enough we also have to grapple with the enormity of climate change and the charge that if we do not act now it will be too late Is it any wonder many are left overwhelmed by the events they see on the news Galvanised by the events outside of his consulting room in 2015 David Morgan began The Political Mind seminars at the British Psychoanalytical Society and their successful run continues today A series of superlative seminars mostly presented by colleagues from the British Society plus a few select external experts that examine a dazzling array of relevant topics to provide a psychoanalytic understanding of just what is going on in our world This book is the first in The Political Mind series to bring these seminars to a wider audience The Unconscious in Political and Social Life contains compelling contributions from Christopher Bollas Michael Rustin Jonathan Sklar David Bell Philip Stokoe Roger Kennedy David Morgan M Fakhry Davids Ruth McCall R D Hinshelwood Renee Danziger Josh Cohen Sally Weintrobe and Margot Waddell They investigate so many vital issues affecting us today the evolution of democracy right wing populism prejudice the rise of the far right attitudes to refugees and migrants neoliberalism fundamentalism terrorism the Palestine Israel situation political change feminism austerity in the UK financial globalisation and climate change This book needs to be read by all who are concerned by the state of the world today Psychoanalysis and psychoanalysts with their awareness of what motivates human beings bring clarity and fresh insight to these matters A deeper understanding of humanity awaits the reader of The Unconscious in Political and Social Life

Donald Winnicott and the Politics of Care Joanna Kellond, 2022-03-20 This book explores the significance of psychoanalyst Donald Winnicott's ideas for contemporary debates about care Locating Winnicott in relation to a range of fields including psychology philosophy sociology critical theory and feminist theory it examines the implications of his thinking for understanding and transforming the relationship between care and society Winnicott was unique amongst psychoanalysts for the emphasis he placed on care in the development of subjectivity The book unpacks Winnicott's understanding of care and assesses its relevance for conceptions of social responsibility justice and transformation In a world where care is in crisis how might we theorise the conditions necessary for the development of caring subjectivities and is it possible to infer a

relationship between those conditions and progressive social change This unique book will be of interest to readers in psychosocial studies politics and anyone concerned with thinking about the relationship between care and social transformation

**Managed Lives: Psychoanalysis, inner security and the social order** Steven Groarke, 2013-10-30 An inherent tension exists in the history of psychoanalysis and its applications between the concepts of freedom and security In *Managed Lives* this tension is explored from the point of view of therapeutic experience Set against the background of Freud's contested legacy the book examines ways of managing oneself under psychiatric supervision in the analytic encounter and in the emotional and moral contexts of everyday life Through a series of detailed case studies Steven Groarke addresses therapeutic experience as a formation of managed society examining the work of Donald Winnicott on types of management Colin Murray Parkes on bereavement and Anthony Giddens on the sociological appropriation of psychoanalysis *Managed Lives* forms an original critical analysis of contemporary managerial culture and its self reflexive project as well as presenting the idea of management as a source of inner security and vital morality Presented in three parts the book addresses The Criterion of Maturity The Reflexive Norm The Managed Society Together the book's arguments provide a fresh and challenging perspective on post Freudian uses of faith the risks of critical rationality and the difficulties of living an ethical life under modern conditions *Managed Lives* is ideal for academics and research students working on psychoanalytic studies social theory and mental health studies as well as students and trainees taking courses in psychotherapy counselling social work and health and social care

**Nations and Democracy** Amanda Machin, 2014-11-13 A figure of enduring ingenuity the nation has for centuries played a part on the socio political stage Whether centre stage or background scenery it has featured in violent tragedies revolutionary drama and nostalgic fable Today the nation is cast simultaneously in the roles of villain and hero While it is renounced by those advocating trans national post national and cosmopolitan forms of belonging it has lately also been asserted as the solution to various social failures in liberal democracies This appears to leave us with two alternatives to jettison the nation in order to move towards a less parochial world a world in which new forms of belonging underpin more inclusive politics Or to celebrate the nation as way of ensuring the social cement that can unite a diverse society Using the ideas of Wittgenstein and Lacan Amanda Machin expertly explains that the overlapping and conflicting language games of the nation produce it as an object of desire in an uncertain world The nation is not a pre political thing but a matter of persistent political contestation and coalition She reveals that the nation still has a vital part to play in democratic politics but that this role is one of improvisation While they endure as tools of emancipatory promise nations nonetheless remain potential categories of violent exclusion They cannot be pinned down as easily as anti national and pro national alternatives suggest It is precisely the indeterminacy of the nation that gives it ongoing importance for democracy today Providing an urgent riposte to dominant accounts this thought provoking and highly original account demands a re politicisation of the nation This book will appeal to those engaged in theory and empirical research on nations

and nationalism and the question of their link to democracy in a changing world as well as those interested in psychoanalysis and Wittgenstein *Borderline Welfare* Andrew Cooper, Julian Lousada, 2018-10-08 Which forms of feeling are facilitated and which discouraged within the cultures and structures of modern state welfare This book illuminates the social and psychic dynamics of these new public cultures of welfare locating them in relation to our understanding of borderline states of mind in individuals organizations and society Drawing upon their idea of a psychoanalytic sensibility rooted in Wilfred Bion's notion of learning from experience the authors aim to access the new structures of feeling now taking shape in marketized and commodified health and social care systems Integrating their reflections on clinical work with patients consultancy with public sector organizations political analysis and the tradition of Group Relations Training they offer a wide ranging perspective on how contemporary social anxieties are managed within modern public welfare Our collective struggle with fears of dependency and loss and the demands of living and working in an interdependent networked world give rise to fresh challenges to our ability to maintain depth of emotional engagements in welfare settings Part of the Tavistock Clinic Series

Debating Empire Gopal Balakrishnan, 2020-05-05 Michael Hardt and Antonio Negri's book *Empire* has been hailed as a latter day Communist Manifesto Its ability to develop a theoretical framework relevant to the current period of global neo liberalism and international capitalism captured the imagination of the growing anti capitalist movement and has been claimed as a turning point for the left As much as it has seduced and delighted some however it has enraged and frustrated others In this collection a series of some of the most acute international theorists and commentators of our times subject the book to trenchant and probing analysis from political economic and philosophical perspectives and Hardt and Negri respond to their questions and criticisms

**The Routledge International Handbook of Philosophies and Theories of Early Childhood Education and Care** Tricia David, Kathy Goouch, Sacha Powell, 2015-10-05 The Routledge Handbook of Philosophies and Theories of Early Childhood Education and Care brings together leading writers in the field to provide a much needed authoritative guide to the major philosophies and theories which have shaped approaches to Early Childhood Education and Care Providing a detailed overview of key concepts debates and practical challenges the handbook combines theoretical acumen with specific examples to show how philosophies and theories have evolved over the centuries and their impact on policy and society It examines the ways in which societies define and make sense of childhood and the factors that influence the development of philosophies about young children and their learning The collection offers an insight into the key

theorists and considers how the economics and politics of their time and personal ideology influenced their ideas about childhood. It looks at curricula and provision which have proved inspirational and how these have impacted on policy and practice in different parts of the world. The handbook also explores alternative and perhaps less familiar philosophies and ideas about babies and young children, their place in society and the ways in which it might be appropriate to educate them. Bringing together specially commissioned pieces by a range of international authors, this handbook will enable academics, research students, practitioners and policy makers to reflect on their own understandings and approaches as well as the assumptions made in their own and other societies.

**Narrative Therapies with Children and their Families** Arlene Vetere, Emilia Dowling, 2012-10-12. Narrative Therapies with Children and their Families introduces and develops the concepts and principles of narrative approaches to therapeutic work and demonstrates how narrative based approaches to practice provide a powerful and client friendly framework for engaging and working with troubled children and their families. Using clinical examples, each chapter develops a methodology around narrative practice and gives practical advice on working with narrative therapy in a variety of settings. Covering a broad range of difficult and sensitive topics including trauma, abuse and youth offending, this book succeeds in illustrating the wide application of these principles in the context of the particular issues and challenges presented when working with children and families. This practical practice based book will be welcomed by any professionals in the field of child, adolescent and family mental health who want to explore the benefits of employing narrative based approaches in their work.

**Surviving Space** Andrew Briggs, 2018-06-13. Surviving Space is a collection of papers on infant observation and related issues by contemporary experts in the field, commemorating the centenary of Esther Bick and the unique contribution she has made to psychoanalytic theory. As part of the prestigious Tavistock Clinic Series, this is an essential addition to this highly valued and innovative series. Infant observation is crucial to most psychotherapy training and this work would be of obvious value to those commencing their training as well as valuable insights for all psychotherapists.

**Lived Spaces of Infant-Toddler Education and Care** Linda J. Harrison, Jennifer Sumsion, 2014-05-05. This book conceptualizes the lived spaces of infant and toddler early education and care settings by bringing together international authors researching within diverse theoretical frameworks. It highlights diverse ways of understanding the experiences of very young children by exposing the ways that the authors are grappling with the unknown. The work explores broadly the construct and meanings of lived spaces as relational spaces, interactional spaces, transitional spaces, curriculum spaces or pedagogical spaces operating within the social, physical and temporal environment of infant/toddler education settings. The book invites interchange between and among diverse theories and approaches and through this, build new understanding of infants and toddlers' experiences and interactions in early education and care settings. It also considers the implications of this work for policy and practice in infant and toddler education and care.
