Terry Rugeley,2009-06-19 This book explores the origins process and consequences of forty years of nearly continual political violence in southeastern Mexico Rather than recounting the well worn narrative of the Caste War it focuses instead on how four decades of violence helped shape social and political institutions of the Mexican southeast Rebellion Now and Forever looks at Yucatán's famous Caste War from the perspective of the vast majority of Hispanics and Maya peasants who did not join in the great ethnic rebellion of 1847 It shows how the history of nonrebel territory was as dramatic and as violent as the front lines of the Caste War and of greater significance for the larger evolution of Mexican society The work explores political violence not merely as a method and process but also as a mold of subsequent institutions and practices **Rebel Fortunes**

Tarver Mathison,2002-11-18 Derek McKellier has never been a man of direction With his laid back and sometimes daring attitude he roams through the vastness of space isolating himself from others Although Derek constantly cheats death by tormenting a group of spacefaring pirates he does whatever it takes to stay alive A loner way of life is all he's known until a wayward incident acquaints him to the captain and senior officers of a very statutory starship Their influences introduce a new world of emotions Derek has never truly felt before but just when he thinks his life is taking a turn for the better Derek discovers that his daredevil way of life may come back to hurt him Arrows of Fortune

A. J. Deane-Drummond,1992-01-01 In this exciting memoir a major general in the British Army chronicles his life service and multiple escapes from captivity during World War II Major General Anthony Deane Drummond was a famed escaper from the Germans in World War II He first described his experiences in a book called Return Ticket This is the full story of his life which is chiefly memorable for the story of his escape after the Battle of Arnhem **Red Guard Factionalism And The Cultural Revolution In Guangzhou (canton)**

Stanley Rosen,2019-06-04 When the Chinese Great Proletarian Cultural Revolution GPCR of the middle and late 1960s burst forth the initial response both in China and the West seemed primarily to be one of mystification The spectacle of severe splits among leaders long thought to be compatible of armed struggles between factional units whose uniform pledges to Chairman Mao and the Party Center appeared to make their similarities greater than their differences and of destructive Red Guards who were bent on tearing down the old world to build a new one was at first difficult to explain **Surveillance and Spies in the Civil War**

Stephen E. Towne,2014-12-15 Surveillance and Spies in the Civil War represents pathbreaking research on the rise of U S Army intelligence operations in the Midwest during the American Civil War and counters long standing assumptions about Northern politics and society At the beginning of the rebellion state governors in Ohio Indiana and Illinois cooperated with federal law enforcement officials in various attempts all failed to investigate reports of secret groups and individuals who opposed the Union war effort Starting in 1862 army commanders took it upon themselves to initiate investigations of antiwar sentiment in those states By 1863 several of them had established intelligence operations staffed by hired civilian detectives and by soldiers detailed from their units to chase down

deserters and draft dodgers to maintain surveillance on suspected persons and groups and to investigate organized resistance to the draft By 1864 these spies had infiltrated secret organizations that sometimes in collaboration with Confederate rebels aimed to subvert the war effort Stephen E Towne is the first to thoroughly explore the role and impact of Union spies against Confederate plots in the North This new analysis invites historians to delve more deeply into the fabric of the Northern wartime experience and reinterpret the period based on broader archival evidence Fortune's Fool Terry Alford,2015 When John Wilkes Booth assassinated President Abraham Lincoln at Ford s Theatre his friends were stunned not only by the murder but by the thought that someone they knew as fantastically gifted successful and kind hearted could commit such a crime Fortune s Fool the first biography of Booth ever written is the life story of this talented and troubling individual **Accounts and Papers of the House of Commons** Great Britain. Parliament. House of Commons,1863
