Rebel With A Just Cause:

Политическо Пътуешествие Срещу Ветровете На XX Век Спас Тодоров Райкин, 2001 **Just and Unjust Wars in Shakespeare** Franziska Quabeck, 2013-03-22 The concept of the just war poses one of the most important ethical questions to date Can war ever be justified and if so how When is a cause of war proportional to its costs and who must be held responsible The monograph *Just and Unjust Wars in Shakespeare* demonstrates that the necessary moral evaluation of these questions is not restricted to the philosophical moral and political discourse This analysis of Shakespeare's plays which focuses on the histories tragedies and Roman plays in chronological order brings to light that the drama includes an elaborate and complex debate of the ethical issues of warfare The plays that feature in this analysis range from *Henry VI* to *Coriolanus* and they are analysed according to the three Aquinian principles of legitimate authority just cause and right intention Also extending the principles of analysis to more modern notions of responsibility proportionality and the *jus in bello* presupposition this monograph shows that just war theory constitutes a dominant theoretical approach to war in the Shakespearean canon **The Ethics of Special Ops** Deane-Peter Baker, Roger Herbert, David Whetham, 2023-11-30 Addresses one largely overlooked trend in the field of military ethics the emergence of special operations as an instrument of statecraft **Just War and Ordered Liberty** Paul D. Miller, 2021-01-07 When is war just What does justice require Miller draws from the intellectual history of just war to assess contemporary warfare **Balthazaris Ayalae...De jure et officiis bellicis et disciplina militai lib** Baltasar Ayala, 1912 **Balthazaris Ayalae ... De Jure Et Officiis Bellicis Et Disciplina Militari Libri III.** Balthazar Ayala, 1912 **Balthazaris Ayalae** Balthazar Ayala, 1912 *New Interventionist Just War Theory* Jordy Rocheleau, 2021-11-22 This book offers a systematic critique of recent interventionist just war theories which have made the recourse to force easier to justify The work argues that these theories including neo traditionalist prerogatives to national leaders and a cosmopolitan human rights paradigm offer criteria for war that are insufficient in principle and dangerous in practice Drawing on a plurality of moral considerations the book recommends a modified legalist national defense paradigm which includes an atrocity threshold for humanitarian intervention and a legitimate authorization requirement The plausibility of this restrictive framework is applied to case studies including the long wars in Iraq and Afghanistan ongoing targeted killing and possible interventions in Syria and elsewhere Various arguments which seek to loosen the criteria for war are also systematically analyzed and criticized This book will be of much interest to students of just war theory military history ethics political philosophy and international relations *The Rebel Spirit: Unlocking the Enigma of the Rebellious Heart* Pasquale De Marco, 2025-08-09 *The Rebel Spirit: Unlocking the Enigma of the Rebellious Heart* is a powerful and inspiring book that explores the rebel spirit in all its forms From the famous rebels of history to the everyday rebels who are making a difference in their own communities this book will show you that you are not alone in your fight for what you believe in This book is not about breaking the law or causing trouble It is about standing up for what you

believe in and fighting for what is right It is about making a difference in the world no matter how small If you have a rebel spirit then you will find inspiration and guidance in this book You will learn about the different ways that people have expressed their rebel spirit the challenges that they have faced and the ways that they have overcome them You will also learn about the power of the rebel spirit to change the world From the American Revolution to the Civil Rights Movement rebels have played a vital role in shaping our world They have fought for freedom justice and equality and they have made the world a better place for all of us If you are looking for a book that will inspire you to embrace your own rebel spirit then this is the book for you This book will show you that you are not alone and that there are many people who are willing to fight for what they believe in It will also give you the tools you need to overcome the challenges that you will face and make a positive change in the world So what are you waiting for Embrace your rebel spirit and join the fight for a better world If you like this book write a review
